

This Is An Artist's concept of how an Apollo astronaut in his "moon suit" might appear following a lunar landing and during the collection of samples of the lunar surface. The Manned Spacecraft Center at Houston, Tex., awarded the primary contract for the suit to Hamilton Standard division of United Aircraft Corp. The suits will be worn by the astronauts for four-hour expeditions on the moon's surface and for outside the Apollo spacecraft in space. (AP Wirephoto)

Kennedy and Mikoyan to Consider Cold War Issues

State Orders Chilton to Halt Parochial Student Bus Rides

Airlines Won't Drop Proposal For Merger

Not Deterred by Opposition From CAB Examiner

WASHINGTON (AP) — Two of the nation's largest airlines — American and Eastern — pursued their plans for a merger today despite a sharp rebuff from a Civil Aeronautics Board examiner.

Spokesmen for both airlines said they would continue to seek CAB approval of a merger despite the adverse recommendation Tuesday by examiner Ralph L. Wiser.

Wiser, who heard arguments on the proposal for several months, said the merger would tend to create a monopoly.

No Necessity Factor
He said neither airline is a failing business or unduly weak. Thus he said, the merger could not be justified on the basis of business necessity.

American is the nation's second largest carrier. Eastern is the fourth largest.

The five-man board will consider Wiser's recommendation and present its findings to President Kennedy who has responsibility for the final decision because international routes are involved.

The airlines' statements that they will continue to fight for the merger approval brushed aside industry speculation that they might give up.

Under terms of the agreement, either party could withdraw if the merger was not approved by Nov. 30.

Poor Financial Situation
An Eastern spokesman said the financial condition of the industry was so critical due to competition that unnecessary duplication of routes and facilities must be ended.

A spokesman for American, which lost its size leadership last year when United and Capital Airlines merged, said the American-Eastern merger proposal "is in the public interest. We are therefore confident that it will be approved."

A spokesman for Delta Air Lines, a leading opponent of the merger plan, said the CAB "cannot reverse the examiner's conclusion his conclusions were sound and in accordance with the law."

School Board President Furious; District Faced With Loss of Aids

BY DON KAMPFER
Post-Crescent Staff Writer

CHILTON — The Chilton School District has been ordered by the state department of public instruction to discontinue transporting parochial school children on its public school buses.

Given no alternative and threatened with the loss of all state aids and other penalties, the board of education bowed to the state ultimatum at a special meeting Tuesday night and ordered the practice to be halted. Officially, the curtailment is to begin immediately, but it is likely that some of the parochial children will ride the buses until the end of the week.

A visit to the school Tuesday afternoon by Theodore Sorenson, supervisor of student transportation for the state department of public instruction, and Alan W. Kingston, first assistant to state Superintendent of Schools Angus B. Rothwell, gave rise to the board action. The two state officials were investigating a complaint received at Madison regarding the Chilton District's transportation practices. A. W. Gordon, Chilton District superintendent, said.

The district is the second in Calumet County to be hit by parochial transportation curtailment orders during the current school term. Neighboring Hilbert was censured earlier and halted the practice Oct. 17.

It is believed that the action taken at Hilbert triggered the investigation at Chilton. Sorenson and Kingston told Gordon that the complaint received by the State Department of Public Instruction questioned "why Chilton was allowed to transport parochial children while Hilbert had been stopped."

School Board President G. G. Bloomer was furious with what he termed state intervention in a district matter. He told Gordon in telephone Madison today and learn the name of the person complaining. Bloomer also maintained that the state should have ignored the report until it received a written formal complaint from a Chilton district resident, and not acted on one from Hilbert or outside the district.

Bloomer also threatened to resign from the board remarking, "If they (the state department) are going to dictate to the district, then let them run it."

325 Children Affected
Approximately 325 parochial school children will be affected by the order. They were being transported to St. Mary and St. Joseph schools.

He told a joint session of the Mississippi Legislature the next federal decree against an Alabama school would have to be directed against him as the governor.

"This, in essence, I believe, was your governor's intention," Wallace said. "But he was denied the right to peacefully test by due process what he considered to be a usurpation of power by federal authority."

"He was denied the right to have the question peacefully go through the court," he said.

Wallace's proposal may be put to a test soon. The white University of Alabama has on file three applications from Negroes for enrollment for the spring term beginning in February.

Alabama Gov.-elect George Wallace says he plans to follow in the footsteps of Mississippi Gov. Ross Barnett to try to thwart any attempts to integrate Alabama schools.

Wallace, who had campaigned to defy federal authorities on desegregation, said Tuesday he plans to ask the Alabama Legislature to take whatever steps are necessary to make him the state's chief defendant in any future school desegregation suit.

Plan Talks Tomorrow At Capital

WASHINGTON (AP)—President Kennedy and Soviet First Deputy Premier Anastas I. Mikoyan are expected to discuss not only Cuba but the full range of the cold war problems when they meet Thursday at the White House.

U.S. officials said the Soviet trouble-shooter sent word through Soviet Ambassador Anatoly F. Dobrynin that he wanted to confer with Kennedy.

Dobrynin met Mikoyan Monday on his arrival in New York from Havana and rushed back to Washington that night with the message to the White House.

For weeks Mikoyan was in Cuba reportedly trying to prod Cuban Prime Minister Fidel Castro into accepting a settlement of the crisis.

Confer Thursday
The White House announced Tuesday that Mikoyan would call on Kennedy Thursday, but officials added it was safe to assume they would meet again on Friday.

Because there is no agenda for the talks, officials are reluctant to speculate on what issues will be raised by whom.

There appears to be a consensus, however, on two points. That the Cuban issue will be only one

Kennedy Names David Bell to Head Aid Bureau

WASHINGTON (AP)—President Kennedy appointed Budget Director David E. Bell as head of the U. S. Foreign aid program today.

Bell will be replaced in the Budget Bureau by Kermit Gordon, now a member of the President's Council of Economic Advisors.

The White House said Bell will remain in his present post until late December, to help get Kennedy's budget in shape to present to Congress in January.

Fowler Hamilton sent Kennedy his resignation as foreign aid chief earlier this month. The White House announced Kennedy has accepted it as of Dec. 7.

Between that date and the time Bell takes over, the foreign aid agency will be headed by Deputy Administrator Frank Coffin.

3 Killed, 18 Missing In Wake of Typhoon

MANILA (AP)—Three persons were killed and 18 others were reported missing today in the wake of Typhoon Lucy which lashed across the central Philippines and roared into the South China Sea.

De Gaulle Lifts Death Sentence

PARIS (AP)—President Charles de Gaulle today commuted the death sentence given former Gen. Edmond Jouhaud for his leading role in the terrorist secret army.

There was no immediate announcement of the prison term. Jouhaud would have to serve but it was expected to be life. That was the term imposed on former Gen. Raoul Salan, the commander in chief of the secret army.

De Gaulle also commuted the death sentence of Andre Canal, the "Black Monocle" of the secret army, who also had been sentenced for his terrorist activities.

13 Signs and Still Motorists Don't Stop

OLATHE, Kan. (AP)—Thirteen warning signs were installed Tuesday at an intersection of U.S. 56 and U.S. 169 where three have been killed in smashups this month.

Seven signs warn of the up-coming four-way stop.

Two spell out the 30-mile speed limit.

Four outside stop signs were added, including one with a flashing warning light.

After the work was done, 12 vehicles failed to heed the stop signs in a 15-minute period.

Warmer Weather, Wet Weekend Predicted

Wisconsin—Partly cloudy with increasing cloudiness tonight. Low tonight, 35. High Thursday, 48. Continued mild Thursday. Chance of light rain or drizzle Friday.

Appleton—Temperatures over the 24-hour period ending at 9 a.m. today: High, 48; Low, 26. Wind is from the southwest at 10 miles an hour. Barometer reading: 30.20 and steady. Temperature at 9 a.m.: 38. No precipitation since 9 a.m. Tuesday. A trace of snow remains on the ground.

Sun sets at 4:18 p.m., rises Thursday at 7:06 a.m. Moon sets tonight at 5:42 p.m.

Remove Bodies in Peruvian Disaster

Difficult Task in Taking Them Down Mountain Peak

BY THOMAS J. STONE

LIMA, Peru (AP) — Rescue workers labored today at the slow and arduous task of bringing down from a rocky peak the bodies of 97 persons killed in the crash of a Los Angeles-bound Brazilian jetliner. It was aviation history's eighth worst disaster.

Nineteen of the dead were listed as Americans. There were no survivors—and no immediate explanation of the crash in good flying weather minutes before the Boeing 707 was to make a pre-dawn landing at Lima's airport Tuesday.

Prominent Passenger
A Peruvian Cabinet minister, a high Cuban economic official and a California oil executive were among the 80 passenger victims.

The plane carried a crew of 17. The U.S. Civil Aeronautics Board in Washington announced it was sending a high official to join Peruvian authorities in the investigation of the crash. A spokesman said the U.S. agency wants "to learn anything we can about an accident, no matter where it occurs, because these are our planes."

An official of the Brazilian airline, Varig, said "everything was apparently going normally" when the captain suddenly declared, "This is an emergency."

Nothing more was known of the plane until its wreckage, scattered over a smoke-blackened area about 200 yards square, was found about 10 hours later on a 2,400-foot hill near the Inca ruins of Pachacamac, 15 miles south of Lima.

20 Bodies Removed
Twenty of the bodies were brought to a Lima morgue Tuesday night. Rescue workers left until morning the difficult task of lowering the others down the steep sides of the mountain.

Among those who died in the crash were: Arnold E. Chase, vice director of the Bureau of Labor Statistics, said various shifts in prices should result in a further slight decline in November living costs.

Wage Increases
Despite the October decline, the living cost increases in immediately preceding months were sufficient to require pay increases for approximately 1 million workers whose wages are partly geared to a quarterly living cost adjustment.

Rise of one cent an hour will go to about 780,000 workers in the auto and auto parts industries, the bulk of them employees by General Motors, Ford and Chrysler.

About 110,000 employees of the farm equipment industry and some aerospace industry workers also will get one-cent hourly increases.

In addition 11,000 workers in two-cent hourly increases.

Compared with a year ago the October living cost level was 1.3 per cent higher. The last time the government living cost index declined was in December 1961.

De Gaulle Lifts Death Sentence

PARIS (AP)—President Charles de Gaulle today commuted the death sentence given former Gen. Edmond Jouhaud for his leading role in the terrorist secret army.

There was no immediate announcement of the prison term. Jouhaud would have to serve but it was expected to be life. That was the term imposed on former Gen. Raoul Salan, the commander in chief of the secret army.

Living Costs Off Slightly

October Report Shows First Drop This Year, BLS Says

WASHINGTON (AP) — Living costs as measured by the government declined one-tenth of one per cent in October. It was the first retreat recorded during 1962 in consumer price costs.

Somewhat lower store prices for meats, reversing part of a large increase in September, were primarily responsible for the slight decline announced by the Labor Department today in the living cost barometer.

The index dropped to 106.0 per cent of the 1957-59 average. On the former 1947-49 base the index was calculated at 130.1.

Arnold E. Chase, vice director of the Bureau of Labor Statistics, said various shifts in prices should result in a further slight decline in November living costs.

Wage Increases
Despite the October decline, the living cost increases in immediately preceding months were sufficient to require pay increases for approximately 1 million workers whose wages are partly geared to a quarterly living cost adjustment.

Reynolds Studies Hospital Facilities

Importance of Bonding Power Shown During Eau Claire Tour

BY JOHN WYNGAARD
Post-Crescent Staff Writer

EAU CLAIRE — The importance of the bonding power in Wisconsin government was dramatically shown here Tuesday when Gov.-elect John W. Reynolds thoughtfully examined the Marine and Air Force units critically overcrowded, old and drab state institution for mentally retarded at Chippewa Falls and then immediately compared it with the Eau Claire County Mental Hospital nearby which has been completely rebuilt.

Eau Claire County, like the others in the state, is empowered to issue bonds for such long term capital projects. The state government does not have the right to borrow as freely. Reynolds is committed to pushing for a bonding amendment in the 1963 legislature and what he saw on his budget making tour here Tuesday will fortify his case, and his resolves.

The county hospital, accommodating mostly elderly men and women and supported generously with state aid payments was cheerful, comfortable and shone nearly as brightly in its decorative scheme and brand new equipment and furniture as the faces of the smiling county officials who escorted the newly elected state executive and his party of advisers, state finance officials and newspaper men.

1,600 Crowded
The huge state institution nearby, accommodating about 1,600 mentally handicapped of all ages, was almost desolate by contrast.

Touring such an institution is an emotionally distressing experience, and for Gov. Reynolds, who was viewing the hospital for the first time, it was obviously disquieting.

For the benefit of parents and relatives of patients here, it can be said that they are warm, comfortable and shone nearly as brightly in its decorative scheme and brand new equipment and furniture as the faces of the smiling county officials who escorted the newly elected state executive and his party of advisers, state finance officials and newspaper men.

U.S., Belgium Set To Act on Katanga

Economic Clampdown Ready To Force Tshombe to Accept Central Government Authority

BY LEWIS GULICK
WASHINGTON (AP)—The United States and Belgium are ready to clamp strong economic pincers on the secessionist Katanga government if it doesn't agree soon to unity with the Congo.
President Kennedy and Paul-Henri Spaak, Belgium's foreign minister, said in a statement after a White House meeting Tuesday that they had agreed "severe economic measures" must be applied soon if voluntary efforts to unify the Congo fail.
This unusually tough wording pointed up mounting concern here that the massive two-year effort

Kuehn to Join Renk Group

Olson, Knowles Also Accept Bids For Committee

MILWAUKEE (AP) — Three Wisconsin Republican leaders who did not attend a meeting called by Wilbur Renk have accepted membership on his newly formed committee to draft suggestions for strengthening the state GOP.

They are Philip Kuehn, Republican endorsed candidate for governor defeated by Democrat John W. Reynolds Nov. 6, Lt. Gov. Warren P. Knowles, and Lt. Gov. elect Jack Olson.

The committee, formed at Renk's closed post-election meeting at Beaver Dam, will hold its first session at Madison Monday.

While accepting committee membership, all three said that the press of other engagements would prevent them from being present at the meeting set for Madison.

Kuehn said Tuesday, "I do not intend to abdicate my role in the party, although I don't plan to be a candidate for office again. I want to continue to work for effective leadership of the Republican party. I have 16 years of experience in politics and I don't want to throw it away."

"I'm not ready to hang up my spikes. I will continue to have an active interest in politics although it is difficult to say in which role at present."

The Beaver Dam session discussed ways of improving the organization and party image in the light of election losses for governor and the U.S. Senate.

Student Who Ate With Meredith Leaves Ole Miss

OXFORD, Miss. (AP)—A freshman student whose room was ransacked after eating supper with Negro James H. Meredith has withdrawn from the University of Mississippi, officials disclosed Tuesday.

John Craig Knobles III of Meridian left the campus more than two weeks ago under the advice of university officials and decided not to return. Along with seven other students—including one girl—he ate supper with Meredith Nov. 12.

Shortly afterwards, the dormitory room of Knobles and Bill Temple of Washington, D.C. was ransacked. University police investigated but made no arrests.
Temple also left the Ole Miss campus after the incident but returned after Thanksgiving holidays.

Tourists Get Change Of Name in Florida

JACKSONVILLE, Fla. (AP)—The Jacksonville Tourist and Convention Bureau has become the Jacksonville Convention and Visitors Bureau.

Retiring President Cooper Cubbedge said persons coming into the state prefer to be called visitors rather than tourists.

Still Looking?

TALLAHASSEE, Fla. (AP) — Hunters in Florida's woods have been asked to keep an eye out for moonshine stills as they look for game. State beverage director Tom Lee said hunters' tips helped the department destroy 671 stills last year.

SEC Chairman Asks Industry To Police Self

Investors Need More Protection, He Tells Brokers

Chicago Daily News Service

HOLLYWOOD BEACH, Fla. — William L. Cary, chairman of the Securities and Exchange Commission, today demanded that the securities industry police itself better to protect the investing public.

At the same time he sent angry murmurs through his audience, the delegates attending the annual convention of the Investment Bankers Association of America here, when he also appeared to take a stand for more vigorous regulation by the SEC. This came when he said, "I do not agree that the commission should have to resign itself to a vertical role in dealing with an exchange (stock) and its members."

"I feel we must become directly involved, as we have in major disciplinary proceedings involving exchange members where important questions of principle are at stake. I further believe that general rules and practices should be scrutinized by the commission."

The main pitch, however, was for greater self-regulation by stock exchanges, the National Association of Securities Dealers (NASD), which is a self-regulating organization of unlisted securities dealers, and by the investment company institute, the trade group of mutual fund firms.

Cary advised the members of these organizations, "do not begrudge the funds to increase self-regulation. Governmental action is called for when there is a void, but the SEC is sincerely anxious that any vacuum be filled by industry policing."

Specially, to the New York Stock Exchange, he said, "with-out prejudging the facts of the current, wide-ranging SEC investigation, it seems to me that periodically the role and performance of its members — whether floor traders, odd-lot houses or specialists — or the rate (commission) structure, should be re-examined."

Took Pains

Cary took pains to compliment both the New York Stock Exchange and the American Stock Exchange for their self-regulatory efforts. But at the same time, there were needles in the talk especially for Keith Funston, president of the Big Board.
The SEC chairman said that the New York Exchange "tends to sponsor a maximum freedom from" any federal regulation.
This Funston immediately denied. "The exchange and its commission believes that the SEC performs a vital and necessary function," he said.
Both Funston and Edwin D. Eltherington, president of the American Stock Exchange, made tactful objections to Cary's apparent bid for more SEC regulation of exchanges.

Movie Extras Miss Mary Ann Schmidt, left, of North Hollywood; Miss Dalene Young, center, and Mrs. Charna McNeil, right, both of Hollywood, display their bandaged legs at their homes Tuesday, following shooting at Revue Studios earlier in the day. Police booked movie guard, Vance Boyd, on suspicion of assault with intent to commit murder. Officers said five movie extras were wounded. (AP Wirephoto)

Union Picks Up Tab

Company Cited for 52 Years Without Strike

CHICAGO (AP)—Workers treated their bosses to a dinner Tuesday night in a friendly spirit fostered by 52 years without a strike.

The union and the company drew a salute from President Kennedy.

They received word that they will be the first entrants in the U.S. Department of Labor's new Hall of Honor.

The Amalgamated Clothing Workers of America (AFL-CIO) put on the dinner in the Drake Hotel to celebrate the 75th anniversary of Hart Schaffner & Marx makers of men's clothing.

Union Pays

The union footed the bill and played host to 500 diners, including company officials, civic leaders, Gov. Otto Kerner of Illinois and Mayor Richard J. Daley of Chicago.

President Kennedy sent a message saying that within a man's lifetime "we have achieved the prospect of labor and management working together for the benefit of both in an atmosphere of mutual respect."

Secretary of Labor Willard Hurt told the guests that the Hall of Honor will be established in a paneled third-floor corridor of the Labor Department to commemorate notable chapters in the history of labor-management relations.

Placed in Hall

An illuminated scroll honoring the company and the union, he reported, will be the first to be placed in the hall.
Wirtz, in his speech, stressed

Today's Chuckle

You're an old-timer if you can remember when setting the world on fire was a figure of speech. (Copy 1962)

West German Crisis Mounts as Government Grinds to Standstill

Situation Called Worst Since New Republic Formed in 1949

BY DAVID M. NICHOL

Chicago Daily News Service

BONN — Politics in Bonn today resembles a steam boiler with the safety valves tied down and the pressure needle swinging rapidly towards the point of explosion.

Forty-eight hours of conferences and meetings have produced no apparent break in the worst domestic crisis since the Federal Republic was established in 1949.

Government business goes on, but only on a caretaker basis. All of the cabinet ministers of both the feuding coalition parties, with the single exception of chancellor Konrad Adenauer, have submitted resignations.

Franz-Josef Strauss, the contentious defense minister, remains the immediate focus of the dispute. His hand strengthened greatly by his success in Sunday's Bavarian elections, Strauss has given no sign that he is prepared to step aside gracefully as Adenauer's junior partner, the Free Democratic Party, insists Strauss must.

Deaf Ear

The Chancellor seems also to have turned a deaf ear to appeals from members of his own party, the Christian Democratic Union, that he name his successor. This is the underlying problem in the astonishing crisis touched off a month ago by a police raid on the offices of the West German news magazine Der Spiegel.

For the first time more radical solutions than any patched up new coalition with the Free Democrats are being considered seriously.

One is the possibility of new federal elections sometime next year, two years in advance of the scheduled voting.

No Minority

Both Free Democrats and the opposition Social Democrats have said they would not tolerate a minority government.

Another is coalition with the opposition Social Democrats. This the salps do would be anathema to Adenauer himself, and the Socialists have said they are not interested. The Socialists have urged instead an

all-party government under a new chancellor.

Also under discussion are changes in the electoral law to provide for the direct election of all Bundestag members. Under such a system the Free Democrats would disappear on the federal level.

At the present time half of the Bundestag members are elected directly and half are chosen from party lists assuring representation to any party with more than five per cent of the total vote.

None of these solutions has attained broad support at this stage. All of them require that Adenauer himself step down. There is absolutely no sign that he is prepared to do this.

Camera Picks Up Strange Looking Sight

LOS ANGELES (AP)—That sea monster might be a ctenophore, a siphonophore or a salp, experts

They don't know which, so they call him Marvin.

Marvin is the strange, spiraling creature that first popped up about a month ago on a television screen by which Shell Oil Co. technicians were watching under-offices of the West German news magazine Der Spiegel.

The playful creature seen was 15 feet long but only 6 inches in diameter. He frolicked about on the screen while Shell took pictures of him.

Shell asked some fish experts. One say maybe he is a ctenophore, a member of the jellyfish family.

Another said he might be a salp, a group of small animals that fasten themselves together end-to-end like a daisy chain.

Or, said another, he could be a siphonophore — jellyfish that link themselves together the same way.

Until somebody catches the monster and identifies him, he'll remain just plain Marvin—which means sea friend.

BEEN WONDERING??????

QUESTION
Just What Is A Bonus Cash Value Coupon?

ANSWER—A Bonus Cash Value Coupon is a Valuable Discount You Receive for Buying Beer & Graf's Soda from Choice Beverage Mart.

QUESTION
Do I Get Bonus Cash Value Coupons With Other Purchases?

ANSWER—Yes, Each Week We Offer Bonus Cash Value Coupons on Specials in Our Liquor, Wine and Delicatessen Dept.

Dangers in Diplomacy

Secretary of State Dean Rusk has expressed what is certainly the hope of most Americans that the end of the Cuban crisis may bring about a new look in Russian-American relations. But there is obviously a danger that any wishful thinking can lead to a lowering of our guard.

Speaking at a meeting of the Foreign Policy Association in New York, Secretary Rusk said that "I suspect that we are on the front edge of significant and perhaps unpredictable events, a period in which some of the customary patterns of thought will have to be reviewed and perhaps revised—a process that will affect governments in all parts of the world."

Then Mr. Rusk stated that "the strictly bilateral issues" between the United States and Russia are "relatively unimportant." Instead he suggested that "if the 110 members of the United Nations were genuinely secure and genuinely independent . . . there would be no great tensions between Washington and Moscow."

We can agree that the chaos and near anarchy, as well as the hunger and economic failures in some of the new nations, are direct invitations to Communist aggression and infiltration. But Mr. Rusk seems to be ignoring the vast differences between Communist ideology and democratic belief in his optimistic statement.

A former Chief of the Ideological Advisory Staff of the Voice of America, Bertam Wolfe, writes in *Foreign Affairs* a warning about overemphasis upon apparent retreats of Communists. "For four and one-half decades we have waited for the Soviet Union to mellow . . . at every zig we have proclaimed, 'at last it has come,' at every zag muttered, 'surely it cannot last.'" Wolfe points out that as far back as 1922 he heard reports that "our troubles with Russia are over: Lenin is returning to capitalism."

But the truth, according to Wolfe, is that Communist ideology, while changing over the years without admitting to any real deviation, still is considered infallible. "How can there be give-and-take between that which is self-evidently and totally right, and that which is self-evidently wrong, both scientifically and morally?" There can be pauses in this forward Communist drive, says Wolfe, because there is a pride which permits loss of face and

retreat without humiliation. "Ebbs and compromises are necessary then but necessary only in an evil and wretched sense because the enemy is tough and strong. . . In this war, though armistice and agreements are necessary, the essence of any agreement is that it is temporary, not that it is an agreement. War itself is only the continuance of the politics of peace, and peace the continuance of the politics of war, 'by other means.'" This Leninist theory the Russians seem to have in no way discarded.

Wolfe warns that unless this pattern is kept in mind we will be caught off guard by broken treaties. "Finally this awareness should enable us to avoid the trap which we have set for ourselves by the practice of conventional diplomacy: to call off actual combat when negotiations are on 'in order to create an atmosphere favorable to peace.' There has been the revolutionary practice: to step up the hostilities when negotiations begin, prolong them if the battle is going favorably, seek to gain by combat the most favorable position for a possible status quo, and the best jumping off place for eventual renewal of the conflict."

The United States adopted this revolutionary approach in forcing the Russians to back down in Cuba. But if we believe that the cold war is won, that the Soviets, once shown naked power, will not seek to come back in some other direction, we are extremely foolish.

Perhaps if all the nations of the world were secure and independent, as Secretary Rusk suggests, and militarily strong as well, there would be less conflict between the United States and Russia. But this is a little like saying that if only there was nothing worth stealing, there would be no thieves.

And the very real basic conflict between democratic and Communist ideology would still exist and the war would still remain to be won. We can continue to hope that Communism may evolve into something closer to our way of life as perhaps it has done somewhat in Russia, at least in contrast to the present situation in Red China. But we must not—dare not—draw too extensive conclusions about the aims of the Soviet Union because of their retreat in Cuba.

Studying the Bill of Rights

Justices William O. Douglas and William J. Brennan of the United States Supreme Court have joined with 67 other prominent leaders who form the national assembly on teaching of the principles of the Bill of Rights. The group has urged action to improve studies of the Bill of Rights in secondary education.

The group being of the opinion that there are "grave deficiencies" in the current state of education on the principles of the Bill of Rights, has issued the following statement:

"The root of present shortcomings seems to lie in a fear of controversy. From an educational standpoint, this is especially unfortunate. Nothing is more closely attuned to the educational process than the probing of controversial public questions, for nothing serves better to demonstrate the immediate relation between the classroom and the world outside its walls."

It may be odd that published at the same time was an article from Fort Portal, Uganda, which told of efforts to teach the meaning of freedom in Africa. The article gave quotations from young Africans in a high school in Fort Portal, directed by Brother Lewis James of Canastota, New York. He and seven other American

teaching brothers of the Holy Cross order operate this high school. In the English class of the school the boys were asked to express themselves on the subject of independence.

One of the boys, John Kayitarama, said, "Independence will never mean that laws come to an end and that everybody is free to do what he wants. Independence is a state of being free from a government of the people who introduced law and order into a nation or country to receive a new government made by natives of the nation or country."

Gabriel Byakatonda, another student, said, "In all parts of the world, whether big or small, independence does not mean being free to do what everyone wishes. Neither does it mean complete freedom so that everyone can forget his duty toward the state. If this is done everything in the state decays which means that the state does not progress."

It appears that some of the boys in Uganda are learning the meaning of independence and it may be recalled that the Bill of Rights is the list of provisions which the American colonists thought necessary before any people could enjoy independence.

Red Cross Volunteers Big Help At Hospital; You Can Help, Too

Editor, Post-Crescent:

During a lifetime, an individual comes upon those who give their all to humanity; to mention a few: ministers, priests, rabbis, nurses, doctors, social workers, etc.

Most of us go on day after day, wondering how we can help others. One way you can help is by joining the American Red Cross as a Gray Lady, Gray Man, or Candy Striper. Volunteers are needed within the community to render services in addition to those that are usually furnished by the various institutions and agencies. At the Outagamie County Hospital and other institutions within the community, many volunteers are serving presently in that capacity.

Some of the ways that these

dedicated people serve are as follows: feeding bedridden patients, participating in recreational therapy, participating in music therapy, participating in occupational therapy, grooming the mentally ill and the aged, group discussions, letter writing, escorting wheel chair patients about the grounds, visiting with patients and residents, and accompanying patients on tours of the surrounding area, such as county fairs, parades, movies, stores and restaurants.

Many more instances could be stated where-in the Gray Lady, Gray Man or Candy Striper have been of great help in the care of the physically and mentally ill patients.

As volunteer coordinator and activity supervisor at the Outagamie County Hospital and Gold-

en Age Home Unit No. 2, I cannot express my thanks enough to the American Red Cross and the help this wonderful organization has given to the institution in the past and will give in the future.

Since the Red Cross volunteers have been rendering their services to us, they have contributed many free hours for the benefit of our aged and mentally ill. Take, for example, the 3,085 hours they contributed last year for the benefit and welfare of our patients and residents entrusted to our care. If you would like to do something for someone, notify the American Red Cross. Join and Serve!

Outagamie County Hospital

Sealer's Campaign on Flour Shrinkage Queried, Explained

Editor, Post-Crescent:

Concerning Roger LaBerge's last expose on flour shrinkage, (an article appearing in the Friday, Nov. 9 newspaper) I don't understand how a man with such a vague knowledge on flour can experiment with it over a short period of months and then try to set up a correct judgment for its weights, measures and controls.

I am curious as to what ingredient Mr. LaBerge is losing in his great experiment on flour shrinkage. It has to be either moisture or solids. If it is

moisture that he is worried about, the government has already set a standard allowing for a moisture content up to 15 per cent in flour. I am sure that the government, in setting this standard, expects the natural evaporation of this moisture and thus the loss in weight. The replacement of this moisture is, of course, readily available at any water tap. Therefore, flour is not short weight if it contains 85 per cent solids when calculated to a 15 per cent moisture basis.

With these calculations as a

basis, I believe that Mr. LaBerge is off on another one of his follies and is wasting more of the Appleton taxpayers' money.

Dennis Manderfield
112 Appleton St.,
Menasha, Wis.

(Editor's Note: The Post-Crescent asked City Sealer Roger LaBerge to clarify the points raised in the above letter. His answer follows:)

Mr. Dennis Manderfield, owner of Best Bakery in Menasha, in his letter to the Peoples Forum must have been prompted to make the remarks he did from some district flour representative. If his bakery is willing to accept 85 per cent flour, that is his business.

There is no flour company that would label its product (85 per cent flour-15 per cent water). It is true the federal government allows up to 13 per cent moisture content in packing, but this regulation was to limit the amount and also for preservative measures rather than to short the consumer of actual flour.

Whenever a product that will shrink is offered for sale, it is over-packed to allow for shrinkage. For example, the local fruit and produce wholesaler will add ½ pound to a sack of apples, potatoes, grapefruit and other vegetables so that the net weight is a ways right when offered for sale.

Local supermarket meat departments will repack their entire counter every Monday and Thursday or oftener if necessary to be sure the shrinkage is taken care of. Bananas sold by the bunch must be remarked every day as they will shrink one or two cents each day.

It would be hard to answer a local store owner if he would ask "How come flour can be short and you won't let me pack my hamburger short?" If the consumer in Appleton wants to buy water, he can get it right here, not from Minnesota. The law is clear and states that no product offered for sale can be short of declared weight.

To the thousands of shoppers who love to shop in Appleton, the time I spend on pre-package supervision, and any corrections made, saves the shopper \$100.00 a year. This can hardly be classed as a LaBerge folly or does it cost the tax payer one cent except a little extra dedication on my part to do my job.

Roger LaBerge
City Sealer of Appleton

'Luxury' at New State Institutions Raises Lawmakers' Eyebrows

BY JOHN WYNGAARD

PLYMOUTH, — One of the reasons why the state prison at Waupun came off so poorly in the publicity attending Gov.-Elect Reynolds' tour of correctional institutions that the same party including correspondents at the same time inspected in detail the glittering glass and stainless steel and attractive masonry styles of such new institutions as the state school for delinquent boys in the Kettle Moraine hills near here.

The visitors had also on the same trip seen the brand new medium security prison at Fox Lake, which in its own way is another model of style, comfort, beauty of design and even luxury in some of its accommodations. In an unguarded moment Assemblyman Bidwell of Portage county, who will have something to say about appropriations in the new legislature, used the word "country club" to express his reactions. It was incautious, perhaps, but it may be unfairly critical, but it probably came close to describing the reactions of some other members of the laity who trooped along on this expedition.

COST AND RESULTS
The boys sent to this new state school for delinquents to the naked eye seem no different than those playing football on the lot down the block. They are healthy, attractive, evidently normal youngsters. Yet they are not. The typical inmate here has been in trouble repeatedly at home, and is sent here as a last resort by the court.

The challenge of the men and women who run this place is therefore a difficult one. Their work is sensitive and hard. No one can be sure when a boy arrives here angry, desperate, unhappy, that the program will really help him and permit him to return to his home or his community to resume a normal life with any prospect of success.

Such representatives of the staff as the state capital party met are earnest, apparently dedicated persons, deeply committed to this task of rehabilitation. Doubtless if there had been a vote of the inspection party on

the institution official who made the most favorable impression during the week, Marvin McMahon, the head of the boys institution here, would have won the poll. Surely he would have had my vote for the kind of man I'd want to handle a boy who could not be managed successfully at home.

Yet this report would not be entirely honest without an admission that there tugs at the sleeve some doubt about the relation of high-priced physical environment to this job of human rehabilitation.

Most of these boys when they are discharged can look forward to living conditions and surroundings nowhere near the plush style to which they are accustomed here. There are motor vehicles to transport supervisors and flunkies between "cottages," so far removed are they from each other. There is a gymnasium, for a small enrollment, that is larger and more attractive than those of most of the state colleges of Wisconsin. Every other accommodation and tool is on the same costly standard.

IS THERE A LIMIT?

These are facilities that almost any high school principal in Wisconsin would envy, and some of the features would make University of Wisconsin administrators drool — the classrooms, for example.

The result is that it costs the taxpayers of Wisconsin about \$100 a week to keep a boy at this school, not counting the equivalent of the interest cost of the \$6,000,000 or thereabouts that will be the ultimate capital investment.

At the same time the corrections division officials speculate gloomily about the prospect for further construction that will be required with the increasing load of delinquents, adult and juvenile, during the next decade. Figures like \$30,000,000 and \$40,000,000 fall glibly from official tongues. The visitor cannot be sure about these things, of course. They are manifestly beyond his ken. But he cannot suppress some wonderment about the long run ability of the state tax base, or, as someone remarked facetiously to Tax Commissioner John Gronowski who was a member of the inspection party last week, whether the state will ultimately be compelled to provide a special prison for tax delinquents.

Strictly Personal

Nixon New Member of Foot-in-Mouth Club

BY SYDNEY J. HARRIS

What Richard Nixon called his "last press conference" admitted him to full membership in the Foot-in-the-Mouth Club,

organizational ion of politicians, generals and titans of finance with impressive records of verbal absurdity.

The last full fledged member of the club, as I remember, was Maj. Gen. Harry Vaughan, who was President Truman's senior military aide, until in 1951 he turned down an invitation to make a Memorial Day speech in New Jersey, explaining that press ridicule had forced his retirement from the field of public comment.

It is astonishing how one or two injudicious statements can turn the public sentiment against a man — or, for that matter, against a measure. Mussolini's comment, when his car ran over a child, "What is one life in the affairs of state?" did nothing to endear him to the world, or to his own people.

And America's entrance into the first World War was surely quickened by Bethmann-Hollweg's characterization of the treaty guaranteeing Belgian neutrality as "a scrap of paper."

In recent years, Sen. Warren

Austin took top honors when, as mediator between the Israelis and the Arabs, he opened a conference by saying, "Now let's all try to settle this matter in a true Christian spirit."

Many local politicians are celebrated as life members of the Foot-in-the-Mouth Club. The late Mayor Kelly of Chicago could usually be depended upon — as when, in his nominating speech for a vice-presidential candidate in 1940, he called his nominee "a man who belongs to no thinking group."

Jimmy Walker, when Mayor of New York, told an investigating committee that he was "more or less shocked" at disclosures that vice-squad detectives had framed innocent women for shakedowns. This debonair attitude cost him considerable votes. More innocent was the gaffe of Mayor Hylan, who when informed of Manhattan's crime wave, said blandly, "The police are fully able to meet and compete with the criminals."

Blunderer cum laude, though, was a late governor of Minnesota, who appeared to make a speech to the convicts at Stillwater penitentiary. "Fellow citizens —" he began, and they laughed. "Fellow convicts —" he started again, and they roared. "You know what I mean," he exclaimed. "I am glad to see so many of you here." The place fell apart as the warden led him out to the open air.

Potomac Fever — by Fletcher Knebel

The administration considers a domestic Peace Corps. Motto: "Yankee stay home."

Red China's invasion of India removes at least one fear: that World War III might start by Occident.

Republican bulletin: Rockefeller, Romney and Scranton will flip a coin for the 1964 presidential nomination. JFK will face the loser.

A car manufacturer implores the public to "think small." If at first you don't succeed try a head-shrinker.

Dean Keppel of Harvard is named U.S. Commissioner of Education. But this is no Ivy League administration. In fact, they considered a fellow from a midwestern college — but it turned out he had a son at Yale.

People would feel better if the proposed lowering of federal taxes were billed as temporary instead of permanent. Everybody knows there's nothing as permanent as a temporary tax.

Looking Backward

More Cases of Fraud Reported

100 YEARS AGO

Quoted from the Appleton Motor for Nov. 27, 1862.

We learn from Second Auditor French that numerous cases occur in which the heirs of deceased soldiers are cruelly defrauded by parties acting as claim agents and collecting back pay and bounties.

In some instances these claim sharks exact from the heirs half or even more of the amounts due, a proportion atrociously in excess of the value of services rendered.

In view of these practices, it is better for claimants as a general thing to deal directly with the Government in any correspondence. A circular has been prepared, containing all necessary information and forms and all postages on communications in regard to these matters are paid by the Government.

Any claimant, therefore, can send to the Second Auditor's office, free of expense, and obtain such information as will enable him or her to transmit the necessary papers and secure the direct payment of the amounts due as soon as it can be legally made.

25 YEARS AGO

Wednesday, Nov. 24, 1937.

George H. Dobbins, Fremont, was chairman of the Wisconsin Good Will Tour authorized by legislation sponsored by State

Sen. Herman J. Severson, Waupaca County. The train was to leave Madison in February to tour the south and east with exhibits of Wisconsin agricultural, industrial and recreational resources.

Harold Frank presided over the Kaukauna Lions Club's banquet honoring Frank V. Birch, Milwaukee, president of Lions International, at Rainbow Gardens. More than 500 Lions from all over the state attended.

Dr. V. F. Marshall, Appleton, was to impersonate Maj. Bowes in an amateur contest sponsored by the Appleton Masons. Clintonville entertainers were to compete with 17 acts. Committee members in charge of the event included E. M. Gorrow, John Q. Hanson, George Phillips, Percy Widsteen and Charles Maahs.

Jerry Grode was elected chairman and Mrs. Melvin Crowley vice chairman of the Winnebago County Young Republican Club at a Menasha meeting. Other officers included John Moore and Esther Ahl, Oshkosh, vice chairmen, Minor Morris, Omro, treasurer, and executive committee members Mrs. Charles Nolan and Leonard Cook, Oshkosh, Joseph Liehl and Gordon Mortenson, Menasha, and Archie Daggett, Omro.

10 YEARS AGO

Wednesday, Nov. 26, 1952

David Reilly won first place

in the Neenah-Menasha Junior Chamber of Commerce "Voice of Democracy" contest at Neenah High School. Other students who wrote prize-winning scripts included Beth Zabel, second, Fred Hrubecky, third, Louis Elmgren, fourth, Shirley Blazecki, fifth, and Ardis Raisler, sixth place.

William D. Horton Jr., Clintonville, was promoted to the rank of cadet lieutenant at United States Military Academy at West Point. Promotions were based on military aptitude ratings, voted on by each cadet in the various companies.

Kindergarten children at Neenah Trinity Lutheran Church presented a playlet, "The Gobbler Turkey," at a party for their mothers. Members of the cast included Carlton Klemp, Christine Kluge, Sharon Schulke, Mary Holms, Michael Harris, Barbara Kruse, Tom Kuchenbecker, Terry Matthias, James DuCharme, Linda Haufe, Dean Jensen, Charlotte Bessette, Jennifer Christian, Dennis Hughes, Donald Wichman, Shirley Drucks, Larry Kuepper and Fred Huebner.

Dr. Kyle Ward Jr., head of the cellulose group at the Institute of Paper Chemistry, was elected chairman of the American Chemical Society's division of cellulose chemistry for 1953.

GRIN AND BEAR IT

Adult School Will Receive Evaluation

Appleton Unit Has Asked to Set Up Technical Institute Programs

A six-member school evaluation committee will visit the Appleton Vocational and Adult School today and Thursday to make a general evaluation of the school and community in the light of the school's application to set up technical institute programs in four areas.

The school has applied for approval of technical institutes in sales and marketing, electronics, drafting and auto mechanics. Specific evaluations of each program will be made later this year.

Members of the evaluation committee, appointed by the State Board of Vocational and Adult Education, are A. C. Larsen, director of the Oshkosh Vocational School; John Ausman, director of the Manitowish Vocational School; Eldon Everetts, director of the Wisconsin Rapids Vocational School; Verne Imhoff, director of the University of Wisconsin Fox Valley Center; Richard Winfield, vocational educator supervisor; and Merle Bodine, supervisor of trades and industrial education, both with the state board in Madison.

Detailed Word

Carl Bertram, AVS director, has prepared a lengthy application giving detailed information on the school and community, and has sent the committee copies of the Appleton Board of Vocational and Adult Education policy book, and all administrative handbooks for teachers, students, and clerical and maintenance employees.

The school evaluation committee will not study specific programs, but will study characteristics of the community and school

Member Requests Attendance Report Of Board Meetings

A report on attendance of Appleton Board of Education members at regular meetings during the past year was requested Monday by board member Franklin Nehs.

"We have had difficulty getting a quorum at times," he said. "I hope this will help improve attendance."

The public should know what the attendance has been, he said. With a seven-member board, there should be substantially seven members at all meetings, he added.

Victor Sunmitch questioned the purpose of the report. Nehs said he hoped it would help improve attendance.

Mrs. George C. Munro, board president, asked Superintendent of Schools Royce E. Kurtz to prepare a report on attendance for the last year.

Jerry Lewis Signs Up For Television Show

HOLLYWOOD (AP) — Comedian Jerry Lewis, who once "quit" television, has signed to do a live two-hour show for the American Broadcasting Co.

The show, scheduled for 40 weeks starting next fall, will be the most costly in television history, a studio official said. No details on the cost were disclosed.

Lewis said he had been given complete freedom on format and content of the show.

not been set for the auto mechanics program.

Students completing a two-year course in an approved technical institute are awarded an associate of arts degree.

5-Year Increase

Bertram predicts that if the technical institutes are approved, the number of students enrolled in full-time post-high school technical education will increase to 500 in five years. There are now about 250 students in this category.

The evaluation of the sales and marketing program will be Jan. 16 and 17, and that of the drafting and electronics programs on March 5 and 6. The dates have

Farmco Co-op 25th Annual Meeting Held in Madison

MADISON — Twenty-five years of service to Wisconsin agriculture is the theme of Wisconsin Farmco Service Cooperative's silver anniversary annual meeting, held today at the Lorraine Hotel, Madison.

Stock dividends of \$113,000 were paid for the 25th consecutive year by Farmco. These stock dividends, plus a patronage refund, was earned on a volume of business amounting to nearly \$12,000,000.

J. K. Stern, president, American Institute of Cooperation, was the main speaker at the 25th annual meeting of Wisconsin Farmco Service Cooperative. Stern reported on the many benefits that have accrued to cooperative members through their cooperative effort and action. The necessity of people doing things for themselves, in place of having others do for them, was stressed by Stern as a vital factor in our economic structure.

Benefits to farmers and to the American system through the development and innovation of the Production Credit Association and the Banks for Cooperatives was traced by Stern who said that these institutions are "the greatest cooperative credit system in the world — and we couldn't get along without it."

"American agriculture is the envy of the world. How did it get that way? Because of a unique relationship between the educational forces, farmer organizations, and cooperatives," said Stern. "But with this elevated stature, cooperative membership must assume the responsibilities that go with it. Wisconsin farmers cannot afford to follow unsound propositions with fantastic promises, they must follow sound economic practices and education their fair share of attention. Co-

Kaukauna Sets Public Hearing On '63 Budget

KAUKAUNA — A public hearing on the proposed \$2,253,119 budget for 1963 of which \$1,181,456 will be raised through tax levy on the basis of a \$46 per \$1,000 assessed valuation rate will be held at 7 p.m. Tuesday prior to a common council meeting.

The proposed budget includes county, state and school charges and is \$183,526 higher than the 1962 budget, when \$1,005,847 was raised through tax levy on a \$41 per \$1,000 tax rate.

School, county and state tax increases in 1963 account for \$137,979 of the total budget increase which means other budget increases amount to \$45,546. The increase would be considerably higher, but the 1962 budget for the School of Vocational and Adult Education was \$186,910 which included \$100,000 for construction of a new addition whereas the 1963 school budget is \$87,983.

This Drawing Is of a proposed New York City skyscraper that would house a business education high school in its first eight stories and 30 stories of commercial offices above that. The new trend in school design was described by Jonathan King of New York in an address prepared for a Washington conference of the Building Research Institute. (AP Wirephoto)

They're Wearing Smiles

Investors Happy as Market Starts Rising

BY JACK LEFLER
NEW YORK (AP) — They're wearing smiles on Wall Street these days instead of worried frowns. A sharp change of sentiment has occurred during the last month in the nation's financial center. The stock market has rocketed ahead, people again are actively

buying and selling stocks and brokers are making money. No one is willing to bet this will be a long continuing situation but some brokers say the public has returned to the market in force after being scared into a prolonged stay on the sidelines by the crash of May 28 and the subsequent price slide. In addition, there has been increased activity by institutions (mutual funds, pensions, etc.) and professional traders.

Prices Rise

This seemed to be borne out by high volume on rising prices as the market, measured by the popular averages, made—since Oct. 29—the fastest and steepest rise in history.

Brokers' board rooms are jammed with people, intently watching the ticker tape's jerky march across the translucent

The district's fleet of buses carried about 700 pupils before Tuesday's developments. The bus fleet, however, will not, however, be drastically changed by the order, Gordon said. Because of the district's area, at least nine buses will be required compared with 10 currently. Neither will the number of miles be significantly reduced by eliminating the parochial children, Gordon pointed out. The exact totals haven't yet been determined, but the buses will be running half empty, Gordon said.

The board instructed Gordon to visit all the parishes formerly served by the district today and advise the pastors of the situation and to take steps necessary to provide other means of pupil transportation.

Parochial children have been transported by the Chilton district since the first year it operated a bus fleet and the district's residents, primarily because of the great percentage of elementary school pupils have long accepted the practice as a matter of course. Failure to comply now, however, would have meant the initial penalty of state aid forfeitures totaling about \$75,000 annually.

Sixty-nine per cent of Calumet County's elementary pupils are educated in parochial schools, the highest percentage in the state, and the Chilton district's totals are even more significant. The four schools affected have a total enrollment of about 900 compared with 288 receiving elementary instructions at Chilton Public School. The public school's total enrollment, high school, elementary and kindergarten is about 766.

Gordon said that Sorenson and Kingston indicated to him that the action taken against the Chilton district was the beginning of a statewide crackdown on offenders. Several other area high schools were mentioned as coming in line for careful study.

Administration Lifts Two Restrictions on Gathering of News

WASHINGTON (AP)—The administration has lifted two restrictions on news gathering imposed during the Cuban crisis. The Defense Department announced Tuesday night it has authorized base commanders to allow newsmen to interview pilots who kept watch over shipping during the naval arms blockade of Cuba. But it did not permit interviews with pilots flying reconnaissance missions over Cuba. Earlier in the day, the State Department suspended an order requiring officials giving interviews to newsmen to report the correspondents' names, organizations and subject matter of the interview. At the Pentagon, a spokesman said there were no plans to suspend or cancel the order.

Chilton Must Cut Bus Rides

CONTINUED FROM PAGE 1

Augustine schools, Chilton, St. Martin School, Charlestown and Holy Trinity School, Jericho. All are Catholic schools.

The district's fleet of buses carried about 700 pupils before Tuesday's developments. The bus fleet, however, will not, however, be drastically changed by the order, Gordon said. Because of the district's area, at least nine buses will be required compared with 10 currently. Highway Toll Rises to 819

BY THE ASSOCIATED PRESS

A Walworth County man became the state's 857th traffic fatality Tuesday night. Just one year ago today the Wisconsin highway toll had reached the 819 mark.

Robert Lee Jefferson, 23, of rural Darien was killed instantly shortly before midnight Tuesday when a convertible went out of control, rolled over twice and came to rest upside down with Jefferson pinned underneath. He suffered a skull fracture and broken neck. Another person riding in the car, Robert Caldwell Jr., 20, of rural Richmond, Ill., was thrown from the machine and injured. Police have been unable to talk to Caldwell to determine who was driving.

Reynolds Studies Hospital Facilities

CONTINUED FROM PAGE 1
young inmates are being sent to crowded state hospitals too early. "They are being hustled in here," he said. "It is a matter of the right advice to parents."

Gives Alternate
But the alternative to institutional commitment, he warned, will also be the development of extensive and costly social agency services in the localities, and he added that they will be slow in coming. Meanwhile the pressure for admissions to the state hospitals grows more compelling. The waiting lists of retarded certified by court action pile up and the state must prepare for more brick and mortar construction to provide space for many of the unfortunates who now compose an estimated 3 per cent of the birth rate. Reynolds' parting remarks to the Eau Claire County officials gratified them as representative of the local institutions who have sometimes been regarded scornfully for their supposedly primitive standards of care.

"Some day our state institutions will look like this one," he said.
It may be a long time.

Wilhelmina, Former Queen, Dies in Sleep

CONTINUED FROM PAGE 1
one of the acts was to declare Indonesia equal with the homeland under the crown. But this did not prevent the Indonesians from breaking away finally, setting up their own nation in 1949 and seizing all Dutch businesses in the dispute over New Guinea.

Abdicated in 1948
In 1948, after celebrating her golden jubilee, the aging queen abdicated in favor of Juliana and went into retirement. So there would be no question as to who was queen, she took the title of Princess Wilhelmina.

Born Aug. 31, 1880, Wilhelmina was the only child of King William III of the royal house of Orange-Nassau and Princess Emma. She was only 10 when the king died and her mother served as regent until Wilhelmina became 18 and ascended the throne in 1898.

Three years later she married Prince Hendrik, royal duke of Mecklenburg, who died in 1934. Hendrik was gay and spendthrift, the opposite of Wilhelmina, and the marriage was not happy. In her memoirs "Lonely but Not Alone," published in 1959, Wilhelmina said he had been brought up in a cage of court protocol which prevented her from getting much from ordinary life—and that she had turned to religion.

In 1956 the government hoped she would influence Juliana to drop the faith healer, Greet Hofmans, to whom Juliana had turned in the hope of help for the eyesight of Princess Marijke. But Wilhelmina did not intervene, and Prince Bernhard and the government finally ended Miss Hofmans' influence with the queen.

Unhappy Marriage
Hendrik was gay and spendthrift, the opposite of Wilhelmina, and the marriage was not happy.

Could Be Beginning
In this letter he proposed that the United States, in response to the removal of Soviet offensive weapons from Cuba, abolish its base in Turkey and pledge non-interference in Cuban affairs.

Such an agreement, Khrushchev said, "could serve as a good beginning and would in particular make it easier to reach agreement on the banning of the tests of nuclear weapons."

This first step, Khrushchev continued, could serve as a "good impetus toward the quest of mutually acceptable agreements also on other controversial issues."

In reply, Kennedy said he would be prepared to consider with this country's allies a detente affecting the North Atlantic Treaty alliance and the Communist Warsaw Pact nations.

Take Realistic View
In recalling these exchanges, U.S. officials cautioned against expecting too much from Mikoyan's visit.

Whether the Kennedy-Mikoyan talks will affect the atmosphere between the two countries will depend far more on Soviet action than on what Mikoyan has to say the officials said.

Such action is expected first of all on the Cuban issue and U.S. officials are anything but pleased with Mikoyan's words in New York where he reportedly said that the Soviet Union continues to support Castro's demands, including U.S. withdrawal from the Guantanamo naval base.

Milwaukee Man Wins Free Trip to Canada
OTTAWA (AP)—K. E. Derby of Milwaukee will get a free fishing trip in Canada because he is the one millionth person to inquire about a holiday in this country this year.

The federal government and one province will chip in on the cost, probably about \$300, when Derby decides where he would like to go.

In a questionnaire Derby returned, he said he visited Canada for 10 days of fishing last year and spent \$275.

Midnight Strikes?
MADISON (AP)—The hour of the midnight stuck for the Cindarella Shop Tuesday with a U.S. Treasury suit in federal court seeking foreclosure of \$164,319 in tax liens against owners John and Ann Platon.

Take Bodies Off Mountain
crash was Raul Cepero Bonilla, Cuba National Bank president and a top economic advisor to Prime Minister Fidel Castro. The Peruvian agriculture minister, Maj. Gen. Jesus Melgar, and his wife also were killed.

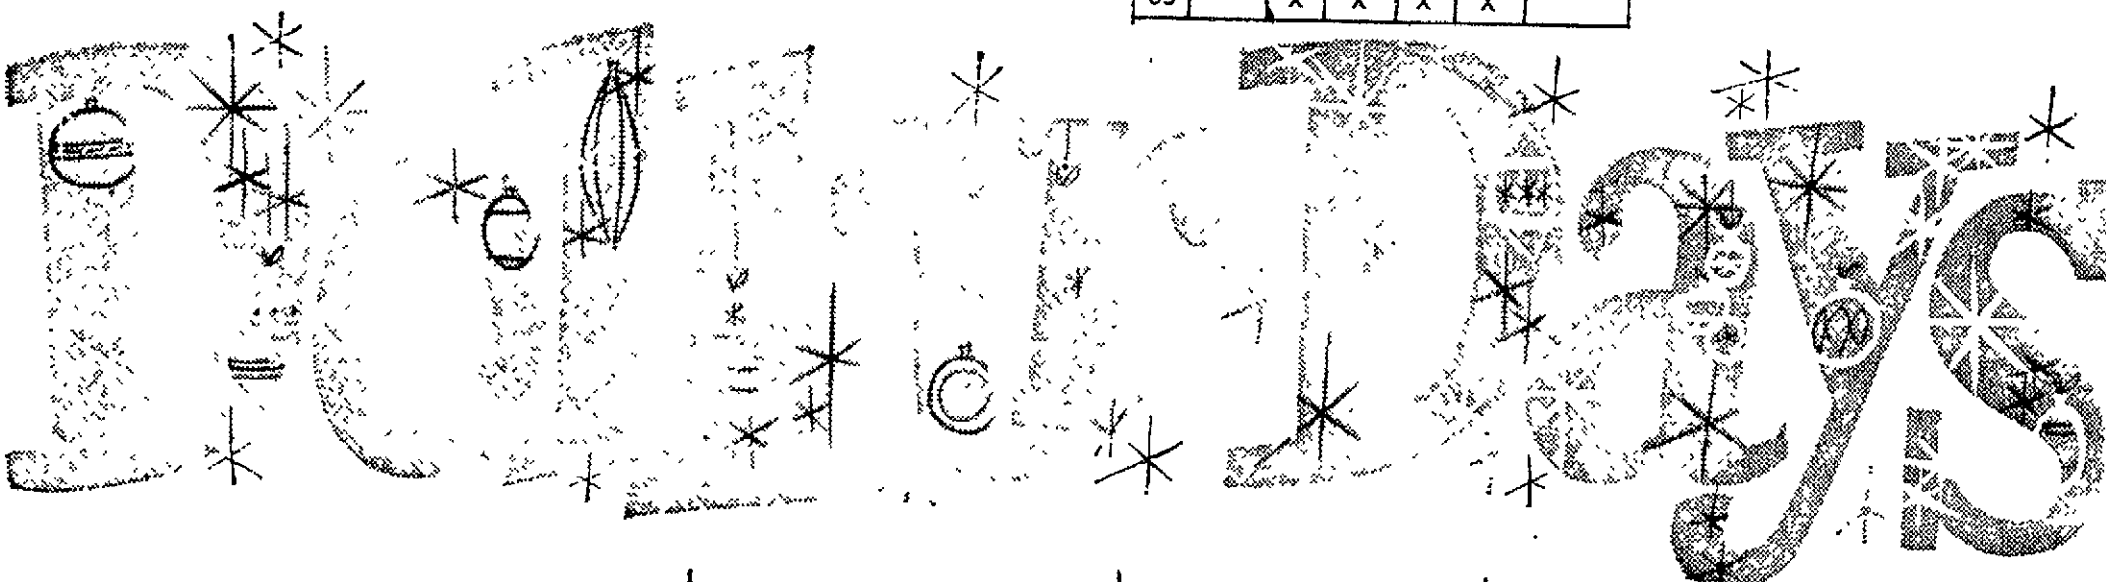

The American victims included Paul A. Best, president of California Crude Sales Co. of San Francisco, a subsidiary of Standard Oil of California. A resident of Palo Alto, he would have been 52 today.

Also dead in the disaster was Walter Curtis Gardner, 43, of Milwaukee, and executive of Alis-Chalmers International.

Mr. and Mrs. Robert Norris of Menomonee Falls were other fatalities.

Most of the victims were burned or mutilated beyond recognition. The flight originated in Porto Alegre, a southern Brazilian city, but the major pickup of passengers was at Rio de Janeiro. The airline said 10 of the passengers had tickets for Los Angeles. The rest were bound for Latin American points.

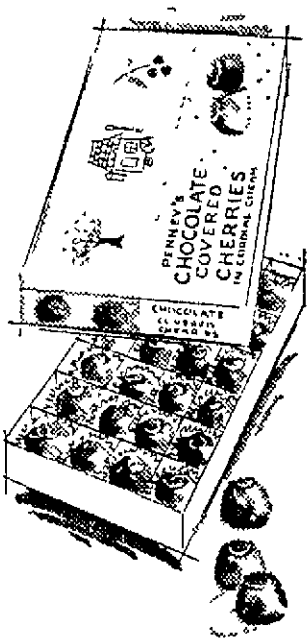

The Lima crash was the fifth major air disaster in five days involving Brazilian planes.

Fire Chief Terms Appleton's Law On Burning Illegal

Kuehl Wants Arrest Authority If Trash Ordinance Retained

Fire Chief Roland Kuehl Tuesday night termed Appleton's trash permit burning at any time of the burning ordinance illegal and in day or night, or permit burning doing so dumped the controversial between 10 a.m. and 3 p.m. "so matter into the lap of the common that people will not be subject to council's welfare and ordinance, inhaling offensive odors in the committee.

Kuehl has been pressing for repeal of the ordinance and a stepped up trash collection program by the city.

The fire chief told the committee that if the council insists on keeping the present ordinance, then he wants authorization to make wholesale arrests of violators and get test cases started in the courts.

However, members of the committee were reluctant to give Kuehl the go-ahead and indicated revision of the ordinance might be in order. There was considerable discussion, all pointing toward further study.

State Code
Kuehl, in a letter to the committee, said Appleton's ordinance was illegal because it was more lenient than the state code which says an outdoor burner must be 15 feet away from buildings.

Kuehl insisted that the fire department request for an ordinance banning outside trash burners would not directly cause a tax hike. The chief, who was accompanied to the meeting by his inspectors, listed several reasons for revision or elimination of all outside burners. Kuehl said that residents are using the trash burners to instigate neighborhood feuds.

The department cannot uphold the burning hours schedule because some people want to burn in the morning, some in the afternoon, and others at night. Residents become careless and throw small bits of garbage in their paper burners, causing offensive odors.

There are many containers which do not comply with the terms of the ordinance. Rodents of all kinds feed off the outside trash burners where there is an accumulation of half-burned garbage.

Residents with small lots cannot burn without breaking the setback rule governing trash burners.

Burning Hours
Hours for burning are now from 2 p.m. to 7 p.m., and residents will not extinguish the fire in their respective burners at the deadline time because they want the trash to burn itself out.

Kuehl recommended that if the city must have the burning ordinance, it should be changed to day night termed Appleton's trash permit burning at any time of the burning ordinance illegal and in day or night, or permit burning doing so dumped the controversial between 10 a.m. and 3 p.m. "so matter into the lap of the common that people will not be subject to council's welfare and ordinance, inhaling offensive odors in the committee.

Railroad Wins Bid To Reduce Liability

Supreme Court Reverses Calumet Decision in Auto-Train Crash

CHILTON — A railroad company won a bid to have its share of damage payments stemming from a car-train crash reduced by applying a recent state supreme court decision.

The supreme court ruled Tuesday that its Bielski Decision, which revised the system of payments by defendants in damage suits, would apply to cases that preceded the decision if the lower court appeal period had not expired at the time of the Bielski decision.

The high court's reversal of the Calumet County Circuit Court decision represented a victory for the Chicago, Milwaukee, St. Paul and Pacific Railway Co. It also, in effect, made supreme court decisions "retroactive."

Origin of Appeal
The railroad company's appeal stemmed from a Calumet County Circuit Court jury decision that awarded Mrs. John Augsburger, 45 Baldwin St., Chilton, and Mr. and Mrs. Richard Olson, Reedsville, a total of \$8,195 for injuries they suffered in a collision with a train. They were passengers in a car driven by John Augsburger when the mishap occurred at the State 55-114 crossing west of Sherwood Sept. 19, 1959.

Handed down Nov. 24, 1961, the Circuit Court verdict also found Augsburger 78 per cent negligent and Mrs. Olson, a passenger, two per cent negligent. Co-defendants were the railroad company and Augsburger and his insurance company, Farmers Mutual.

The formula governing contributions toward court settlements in effect at the time of the jury verdict provided that all defendants, if found negligent in any degree, contribute equally toward the eventual settlement. In this case the railroad, found 20 per cent negligent, was ordered by the lower court, in accordance with existing laws, to pay as much as \$4,097 as Augsburger's insurance company even though the jury found Augsburger's negligence far greater.

Formula Changed
This contribution formula was changed by the high court's Bielski Decision. It provided that joint tort-feasors would be required to contribute to the settlement in proportion to the percentage of their negligence. The Bielski Decision was handed down by the Supreme Court shortly after the Calumet Circuit Court findings the Chicago, Milwaukee, St. Paul and Pacific Railway Co. It also, in effect, made supreme court decisions "retroactive."

Underground Shaft to Be Used for Seismic Research Programs

LAS VEGAS, Nev. (AP)—The Atomic Energy Commission has announced plans for construction of a 1,300-foot shaft for use in a seismic research program to improve underground detection of nuclear detonations. The shaft will be 28 miles southwest of Fallon, Nev., in the Sand Springs range. The project, called Project Shoal, calls for underground detection approximately 10 kilometers, 1,200 feet down in the granite of the mountain range. That is equivalent to 10,000 tons of TNT.

High Speed Plowing Considered For County Section of U. S. 41

Faster and more efficient snow removal operations for the Outagamie County portion of U. S. 41 were studied Tuesday by Clarence Brownson, highway commissioner. Brownson, together with Leon Morrissey, Winnebago County commissioner, Joseph Borchers, U. S. 41 in Outagamie County maintenance engineers for district 3 of the State Highway Commission, and Robert Stevens, Borchers' assistant, inspected Interstate Highway System. "We're looking for a faster method of snow removal," Brownson said, "because the old motor graders have a top speed of about 15 miles per hour." Dane and Rock county highway officials told Brownson that their high speed plows can reach speeds of 35 to 40 m.p.h. According to Brownson's plans, two high speed plows would work as a team in clearing snow from the inside lane, plowing to the right, and another would follow shortly behind on the outside lane, picking up the snow left by the first plow and moving it to the right. Both plows would be salting at the same time, the first truck on the left lane and the second truck along the center of the road. They would follow the same procedure on a return trip in the opposite direction, then reverse plows and clear the shoulders. The motor graders had to be used previously, particularly on packed snow, Brownson explained, because of their weight and the sharp cutting edge on the plow blades. "But with salting being done at the same time as the plowing," Brownson said, "the snow would be loosened and easier to plow for the following truck."

Wednesday, Nov. 28, 1962 Appleton Post-Crescent A12

"The speed at which these trucks would plow depends on the weather conditions," Brownson said, "because you can only plow as fast as you can see."

Need of Plows
He stated that it would take at least four high speed plows to maintain the county's portion of U. S. 41. Presently the county has two slower one-way reversible plows. The 1963 Highway Department budget also calls for the purchase of an additional truck and the trade-in for a new model on another.

Charles Aten, maintenance engineer of the State Highway Commission in Madison, accompanied the group along the inspection tour.

Spending, Growth Out of Harmony

Balance Must be Achieved to Prevent Pressure for New Taxes

Post-Crescent Madison Bureau
MADISON—A legislative committee exploring problems of efficiency and economy in state affairs has summarized the state's fiscal dilemma.

It arises out of a trend of state expenditures "upward at a more rapid rate than the expansion of the state economy supporting the spending growth," said the study committee headed by Sen. A. W. Draheim in a preliminary report in preparation for recommendations to the 1963 legislature, which will convene in about six weeks.

Committee Complaints
Until a balance is achieved in expenditure rises and economic growth, it concluded, "it would seem there will be pressures for new or higher taxes."

The committee, however, has not concluded that all of the prospective increases in state spending are inevitable. It complained that there has been a lack of comprehensive analysis of state operations and state costs.

The preliminary report called for a review of the philosophy of the state aid program, one of the heaviest contributors to high state budgets lately, in view of the age of 65, it concluded.

progress of school district reorganization. It also said there must be some effort toward better coordination of local government, noting that there remain some 2,700 separate local units of government in Wisconsin.

The committee authors complained that state service growth has been so great in recent years that the legislature has found administrative agencies difficult to control, and noted that the percentage of the state budget devoted to underpinning local governments through a variety of aid programs has steadily increased, meanwhile.

10-Year Increase
The draft pointed out that the fact that total state disbursements have increased two and one quarter times during the last 10 years, and that the per capita cost equivalent has risen from \$88 to \$171.

As have many other studies, the report warned that services involving the young and the old will continue to rise in cost.

Of the 1,119,000 gain in population projected for the state at the end of this decade, 75 per cent will be represented in persons under the age of 18 and over the age of 65, it concluded.

Young Hobby Club

Printing Press Is Prize In Today's Color Contest

BY CAPPY DICK
Boys and girls' Win a "Jumping Flea" as a local prize in today's contest and assure yourself of a chance to win a Giant Size All-Metal Superior Rotary Printing Press as a national prize.

Five "Jumping Fleas" will be awarded, one to each boy or girl of the Appleton area who sends in one of the 5 neatest and most original correct contest entries. These winning entries will compete automatically with local prize winners from all other cities where this column is published to decide the five who will win the printing presses as the national prizes.

The "Jumping Flea" is a metal disc that will leap two or three feet into the air. This astonishing performance is caused by the heat of your hand. As the metal disc cools, the "Flea" jumps. The stunt can be done over and over.

The printing presses are just the thing for publishing little newspapers, printing club notices, admission tickets, menus and many other things. The outfit includes 600 pieces of rubber type, illustrations, paper, ink, tools and a booklet of instructions and ideas. Hours of constructive, educational fun await the five winners.

To try for the local and national awards, apply the correct colors in the artist's palette pictured above. Clues to the colors surround the palette. For example, there is a Christmas tree in the picture, with a dotted line running to a spot where the color is to be applied. It's easy to guess the proper colors.

Apply the five correct colors, clip out the picture, paste it on paper or a postal card, print your name, age and address beneath it, and decorate it in any way you consider neat and original. Mail it to Cappy Dick's Midweek contest at the Post-Crescent before midnight of day after tomorrow. That is all you have to do.

Names of the prize winners will be published here and their awards will be sent to them by mail. Judges' decisions will be final. All entries become Cappy Dick's property; none can be returned.

(Copyright, 1962)

15⁸⁸

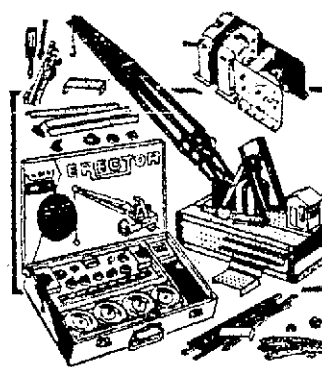

Young engineers will enjoy running this smoke puffing beauty over and under the trestle and racing around the curves! And Dad, you'll enjoy it too. First of all you'll get a kick out of running it! And secondly, the entire set train, tracks, transformer and all costs so little at Sears.

- Strong die-cast steel locomotive puffs real smoke (smoke refills included), has realistic piston action and headlight.
- Tender, tank car, flat car, cattle car, caboose—all of sturdy plastic with steel wheels and automatic uncouplers.

- Powerful 50 watt transformer runs train forward or reverse. Built-in circuit breaker shuts off if train is derailed.

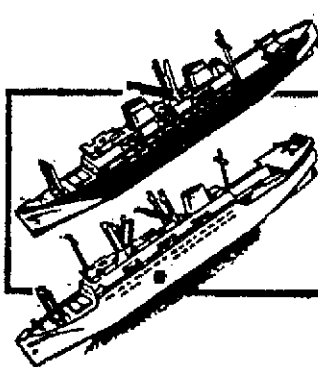

- 26 ft. of track—13 straight, 12 curved, uncoupler section.
- 24-piece over 'n under plastic trestle set is sturdy.

New Cancer Treatment Discussed by Doctor

WASHINGTON (AP)—The successful removal of whole organs from dogs and the later replacement of the organs in the same animals may point to a new way for surgically treating human cancer, a Minnesota surgeon said today.

Dr. Richard C. Lillehei, associate professor of surgery at the University of Minnesota, said the technique might also lead to new treatment for stomach ulcers and to three years without apparent

other human ills—even radiation sickness.

Lillehei, in a report prepared for the 69th annual meeting of the Association of Military Surgeons, told about the removal of dogs' intestines for periods of up to six hours.

He said scientists had taken out dogs' stomachs, spleens and other organs then put them back. The dogs, he said, have lived for up to three years without apparent

then putting it back. In the dogs, many of the re-planted stomachs appeared, for an unknown reason, to be immune to potent artificial stimulation that ordinarily would have produced ulcers.

Remove Color

Removing the small bowel or the larger colon, from a person afflicted with such inflammatory conditions as regional enteritis or ulcerative colitis where nervous

Supreme Court Upholds 2-Vote Win Margin in West Bend Election

MADISON (AP) — The April election of Paul W. Henke as Mayor of West Bend by a two-vote margin over Walter Schmidt was upheld by the Wisconsin Supreme Court.

Henke was elected by five votes in the initial count—1,400 to 1,395—and the margin was cut to three votes after a recount requested by Schmidt.

Schmidt appealed to a Washington County circuit court which examined the ballots and declared Henke a winner by two votes. The Supreme Court upheld that judgment.

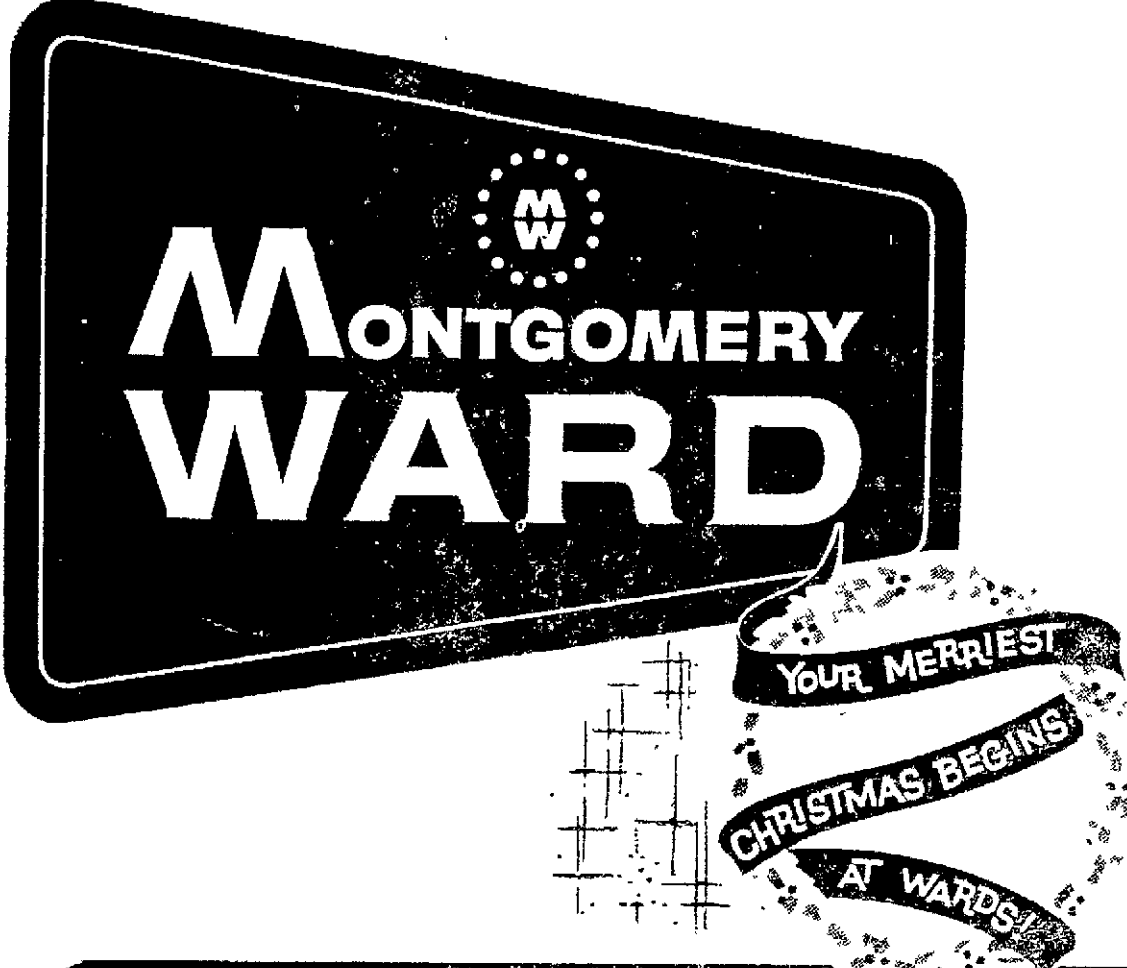

Record Year Seen for Construction in U. S.

WASHINGTON (AP)—The Commerce Department foresees another record year for construction in the United States in 1963.

In its forecast the department predicted that money spent for building next year will total \$63.3 billion, an increase of about \$2.1 billion over the estimated outlays this year of \$61.2 billion. This year is expected to set a record, running about \$3.9 billion ahead of 1961.

The report estimated that housing will account for about \$25.5 billion of the 1963 total, with about 1,425,000 private nonfarm dwellings and 40,000 public housing units to be started.

Uncertainty Increases for Businessmen

Administration in Washington Isn't Helping Outlook

BY DAVID LAWRENCE

WASHINGTON—Everyone who knows anything about the operations of American businesses knows that uncertainty is the biggest barrier of all to careful planning. Uncertainty is increasing. There is talk of a tax cut. There is talk of tax "reform" which will add to various expenses and wipe out certain deductions. There is talk of a tightening of interest rates. There is talk of larger deficits in the treasury—possibly the largest in peacetime. There is talk of a bigger and bigger outflow of gold from this country and a serious impact on the value of the dollar abroad.

On top of this is the talk of a 35-hour week and higher wage demands, which, in turn, has led to talk of raising prices soon after the tax cut occurs and "spending" is stimulated.

All the talk adds up to more and more uncertainty about the future. For several months now the trend has been characterized as deflationary. Now there are fears of inflation.

Follow Course
What is lacking, of course, is a broad-gauged approach that will bring stability and allow for some long-range planning. But political-minded persons in Washington are, for the time being, interested only in what kind of condition will prevail in the economy 20 months from now when the next presidential campaign will be under way.

So the usual course in politics is being followed—the same thinking as prevailed in the 1930's, when the emphasis was on the slogan "Spend and spend, tax and tax, and elect and elect." But it didn't cure unemployment then. Government spending helped to increase consumer spending; but it didn't encourage the heavy goods industries. Today the administration has gone back to the policies that failed in the 1930's. Stress is again placed on consumer spending. The tax cut is to be "across the board," with the biggest reductions probably in the lower brackets. The expectation is that people in the upper brackets—who were stabilized, and if political will get some reduction in tax rates—will promptly invest their money to enable companies to expand new plant and equipment. But the indubitable fact is that today there is no lack of money. Investors would be encouraged, and to invest. There is instead a lack of job creation—the biggest need of will to invest. The monopoly of the country today—would be power of labor is so strong that it threatens the whole system of planning for a fair rate of profit.

Kennedy, Mikoyan Will 'Start Over'

Last Time Soviets Met With JFK They Got Caught in Their Own Lie

BY JAMES MARLOW

WASHINGTON (AP)—It will be a kind of "aw-follows-let's-started-all-over-again" meeting when President Kennedy confers at the White House Thursday with Soviet First Deputy Premier Anastas I. Mikoyan.

The last time Kennedy met with one of Premier Khrushchev's right-hand men, Foreign Secretary Andrei Gromyko, the Russian lied to him. He said Soviet weapons in Cuba were defensive when Kennedy already knew they were offensive missiles.

If nations acted like people, one lie would be enough for a lifetime and the United States would sever all relations with the Soviet Union.

But nations don't since they're all realistic enough to know none of them is perfect. The biggest embarrassment a nation can suffer is to be caught in a lie, as Russia was on the missiles and the United States was when it first lied by saying the downed U2 plane in 1960 was not a spyplane.

Besides, a lot happened since Gromyko saw Kennedy last Oct. 13. Kennedy called Khrushchev's hand on the missiles. The Russian backed up sheepishly like a man caught with both hands in the cookie jar and carted his missiles away. He didn't apologize and nobody called anybody names.

This must have been, despite the tremendous sense of crisis, one of the quietest showdowns and backdowns in history. And just because it worked out that way the door was left open for both sides to go on almost as if nothing had happened and in the end—although this seems barely possible—might make for better relations.

"Almost" Important
"Almost" is a very important word in the relationship because those who never quite trusted Khrushchev will have even a harder time doing so now since his game with the missiles could not have been more deadly.

He was the one who preached peaceful coexistence which, in view of what happened, now sounds like a kind of sleepy-time song intended to lull the children to sleep while the old witch came and blew their house down.

It was a bewitching trick he tried: installing missiles in next-door Cuba to be used anytime thereafter to blackmail, and even try to demolish if that became necessary, the United States.

The two powers have a batch of unsolved problems, and Kennedy and Mikoyan can talk about some of them. But no one is daring enough, or maybe giddy enough, to predict they'll solve any of them.

To the surprise of both sides, no doubt, they now find they have a mutual problem where before only the United States had it. This is Fidel Castro, who is probably as much miffed at Russia for backing down as he is at this country.

He must have been an intense problem for the Russians. Otherwise, Mikoyan would hardly have found it necessary to spend 24 days with him, especially since Mikoyan's wife died in Russia shortly after he got to Cuba.

It has been suggested that if Khrushchev really suffered a change of heart after Cuba his first opportunity to show it would be at the disarmament talks that opened this week.

But after the first session Monday at Geneva Arthur S. Dean, head of the U.S. delegation, reported no change at all.

But nations don't since they're all realistic enough to know none of them is perfect. The biggest embarrassment a nation can suffer is to be caught in a lie, as Russia was on the missiles and the United States was when it first lied by saying the downed U2 plane in 1960 was not a spyplane.

Spring Dress Story Spelled 'Chemise'

A White Textured silk costume, fashioned in California by designer Mr. Blackwell, features a short elbow-sleeve jacket edged in white beaded fringe and lined in lime ice silk. A sleeveless dress with a shell neckline and straight skirt completes this spring look. At right is an exotic border printed satin cotton, with soft fullness at the waistline and two-tone self tie belt. This costume is by Jeannette Alexander. Below, Harou presents an abstract floral with an envelope bodice that gives a bare shouldered look. The frock is sashed in self fabric.

The shape of things to come, at least among California dress designers, is — the Shape. A chemise by any other name is still a chemise, but in Spring, 1963, a dress may be a shaft, skimmer, shift or curve-coaster. That means that the newest look may bear some resemblance to what caused, a few years back, a minor fashion revolution—the chemise.

The current version is closer to the body. It's all done with seams placed in strategic places. They conform without constricting body contours. They look good on slim or full figures, and California designers like the look of ease they portray. This silhouette may reach the heights of popularity that shirt dresses did, but one thing

is certain, and that is the newest look in dresses will be the shaped chemise.

Tunics are next on the list of news notes. Day or evening, short or long, these overskirts are very much in silhouette for Spring. Peplums — a sort of shortened version or first cousin to the tunic—are also appearing in several versions.

A year ago sleeves seemed to be coming back into the picture. Currently it's a toss-up. Some styles seem "old hat" with sleeves, and particularly in costumes where a jacket covers the dress, sleevelessness is smarter.

V necklines, a la the "Tennis" look, are handled in a variety of ways. Jewelled by night, simply done or scarfed by day, they seem most apparent in one or two-piece dresses that have a loose-fitting bodice.

Prints of animal-skin adaptation are continuing. Prints that are misty, combining two or more neutrals, such as beige, gray, or pastels, for example, are new. So are "twin prints," the same pattern being used for a diaphanous fabric such as chiffon as is used for an opaque fabric such as silk surah, or wool crepe. More prevalent than in many years are smooth-surfaced materials, harking back to the Thirties when bias-cut clothes and Jean Harlow identified the fashion look. Today's versions may be bias-cut, and they often appear so, but are cleverly manipulated and intricately cut and seamed.

True, Dark Navy Real navy returns for spring, which in past seasons has been lightened, or flecked, or otherwise altered in intensity. However, 1963 will see more of this favored neutral, and with a design approach that is young. In dresses, pinks and yellows, encompassing both print and plain fabrics, are next in popularity. It wouldn't be California if there weren't color. Pastels are true pale pastels; even beige in its newest variation has greenish overtones—one designer calls it celery beige.

'Classic' was the word used by the Greeks, and this one is done in crepe. The criss-cross drapings form a loosely folded bolero and the high neckline is perfect for jewelry. The corded waist and three-quarter sleeves add up to loveliness, presented by Dorothy O'Hara.

Gay and Colorful Fun clothes, designed for the sole purpose of adding zest to leisure hours, have been called "Xtravaganzas" by California fashion author Marjorie Montgomery. This beautifully cut patio dress has a sweeping flare of skirt and large, curved patch pockets. The dress is delightfully hand painted with a larger-than-life geranium.

Clear bright Nile green is also to be found coming into prominence.

Evening dresses have a new importance. While many design-

ers in the sportswear field have lengthened at-home fashion to "sandal" length, other designers feel that the short dress for late day is best adapted to today's living. Again, silk or wool crepes and prints are employed, but cut with more of a decolletage, some glitter and again a figure-conscious body line.

Promises Repeated In Service

Miss Lynn Marie Roate and Robert Louis Schramm, son of Mr. and Mrs. Louis Schramm, Fond du Lac, exchanged nuptial vows at 3 p.m. Saturday at United Church of Christ, Campbellsport. The Rev. Alfred Briggs officiated.

The bride is the daughter of Mr. and Mrs. Harlow Roate, Campbellsport, formerly of Appleton, and grand-daughter of Mrs. Lilly Albrecht, Appleton.

Mrs. Eric Marty, Wautoma, and Bud Justman, Fond du Lac, attended the couple. The bride's brother, Bert Roate, seated the guests.

A dinner was served at Bauer Hotel. A reception was held at the home of the bride's parents.

The newlyweds will reside at 142 W. Main St., Fond du Lac.

60th Wedding Anniversary Observed

CHILTON — Mr. and Mrs. Joseph Muellenbach, route 2, Chilton, observed their 60th wedding anniversary Nov. 11 at a mass of Thanksgiving at St. Mary Catholic Church, Marytown. The Rev. David Sokolis celebrated the ritual. Mr. and Mrs. Muellenbach resided at Marytown until three years ago.

The couple was also feted at a dinner and supper at the home of their daughter and son-in-law, Mr. and Mrs. Edwin Steiner, Charlesburg. Present at the celebration was Mrs. Mathew Berchem, an attendant at the couple's wedding on Nov. 11, 1902.

Mr. and Mrs. Muellenbach have five children: Miss Louise Muellenbach, Milwaukee; Mrs. Steiner; Everett, Kiel, and Harold and Jerome, Marytown.

Say Vows in Double Ring Nuptial Rite

KAUKAUNA — St. Mary Catholic Church was the setting at 10 a.m. Saturday for the marriage of Miss Carol Ann Bergeron, daughter of Mr. and Mrs. Louis C. Bergeron, 309 E. Seventh St., and Donald Pfeifer, son of Dr. and Mrs. E. G. Pfeifer, 1500 E. Lincoln Ave., Little Chute.

The Rev. Joseph Mattern performed the double ring ceremony. Miss Jean Bordini served as maid of honor. Best man was James Bertolino Jr., Stevens Point. Gerald Skalmusky seated the guests.

A dinner and reception were held at the Ritz Club.

The couple was graduated from Kaukauna High School. The bridegroom is a student at Marquette University, Milwaukee.

The newlyweds will reside in Milwaukee.

Mark Anniversary

JERICHO — Mr. and Mrs. Herbert Freund were hosts at a dance Sunday evening in observance of their 25th wedding anniversary. The party was held at Groeschel's Hall, Marytown.

Homemakers Tell Holiday Party Plans

KAUKAUNA — Christmas parties will be held by the Afternoon and Evening Homemakers Clubs Thursday, the Afternoon group meeting for a 1 p.m. luncheon at the Veterans of Foreign Wars Hall.

A program on Christmas decorations will be presented by Mrs. Argo Simon, instructor at the Kaukauna School of Vocational and Adult Education. Mrs. Robert Cox is program chairman. Members are to bring small, unwrapped gifts, which will be donated to patients at the St. Paul Home and Riverview General Hospital.

PIN-WORMS A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms... tiny parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults.

ing are Mrs. Peter Mitchell, Mrs. Walter Renn, Mrs. Milton Schmitt, Mrs. B. W. Tesson, Mrs. Anton Berkers, Mrs. Joseph Winn, Mrs. E. J. Bolinske, Mrs. William Paarmann and Mrs. Alvin Schubring.

Evening Group
A 6:30 p.m. covered dish supper will open the Evening Club party at the Vocational School. Miss Maria Antonieta De Lima Alves, foreign exchange student from Portugal will speak on "Christmas in Portugal." Miss Mary McGrath will play several Christmas selections on the organ and a triple trio from the Kaukauna High School chorus will entertain. Program chairman is Mrs. Fred Ludtke.

Heading the social committee will be Mrs. Vernon Fink and Mrs. Elmer Kiffie assisted by Mrs. William Mittelstaedt, Mrs. Eugene Fassbender, Mrs. Francis Gerow, Mrs. Floyd Hartzheim, Mrs. Floyd Lucassen, Mrs. Gerald Martzahl, Mrs. Harold Kiffie, Mrs. Robert Rahn and Mrs. Kenneth Van Elsen.

Marks Birthday

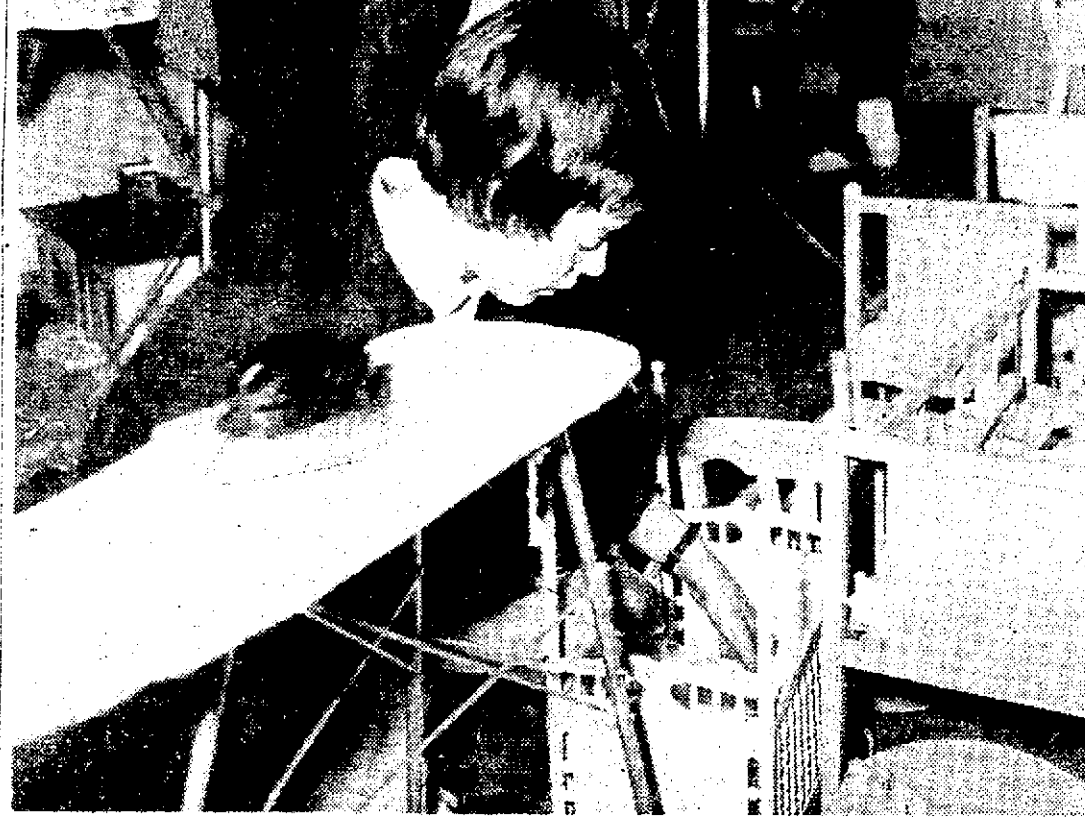

Mrs. Anna Reitzner celebrated her 72nd birthday at a potluck dinner Sunday evening at the home of her son-in-law and daughter, Mr. and Mrs. Patrick Van Dalen, Combined Locks.

Marriage Promises Exchanged

NEENAH — Miss Peggy Rae Howe, daughter of Mr. and Mrs. Dale Edward Howe, 815 Caroline St., became the bride of Lee Richard Grabski in a 7:30 p.m. Thursday candlelight ceremony in the chapel of First Presbyterian Church. Dr. John Bouquet officiated at the double ring ceremony.

Miss Nancy Howe was honor attendant for her sister and Miss Judith Mayes, Southington, Conn., was bridesmaid. Mrs. Debra Wunderlich, Appleton, the bride's cousin, was the junior attendant.

William Dreifke, Cleveland, Ohio, was best man for the son of Mrs. Leo Edward Grabski, Brecksville, Ohio, and the late Mr. Grabski. Ushering duties were shared by Dale W. Howe, the bride's brother, and Miles Me-

Barbara Fox, James Van Horn Engaged to Wed

A December 29 wedding is planned by Miss Barbara Ruth Fox and James Curtis Van Horn, son of Dr. and Mrs. Willis M. Van Horn, 827 E. Washington St. The announcement of the engagement was made by the bride-elect's par-

ent, Mr. and Mrs. Ralph R. Fox, Milwaukee.

The couple was graduated from the University of Wisconsin, Madison. Miss Fox is employed as assistant to the director of the Krueckenberg Insurance Agency, American Honey Institute, Madison, Wis. Her fiancé is employed at Mrs. Al Lutz and Mrs. Paul Allis-Chalmers Manufacturing Co., Kluth are co-chairmen of the Milwaukee.

CLINTONVILLE — The Valpo Guild will sponsor a bake sale beginning at noon Dec. 8 at the Krueckenberg Insurance Agency, 20 S. Main St.

The couple was graduated from the University of Wisconsin, Madison. Miss Fox is employed as assistant to the director of the Krueckenberg Insurance Agency, American Honey Institute, Madison, Wis. Her fiancé is employed at Mrs. Al Lutz and Mrs. Paul Allis-Chalmers Manufacturing Co., Kluth are co-chairmen of the Milwaukee.

Couple Finds Wealth Brings Criticism From Relatives

BY ANN LANDERS

DEAR ANN LANDERS: Recently someone wrote about a rich aunt whose stockings were torn by a pet cat roaming around under the dining room table. She sent her niece (the hostess) a bill for \$2.05. The niece moaned, "The richest relatives are always the stingiest."

Landers

May I say a word in defense of "the richest relatives?" My husband and I, unfortunately, have this dubious distinction through no fault of our own. Due to a series of untimely deaths on both sides, we inherited a considerable amount of money.

Our money has brought us nothing but criticism and trouble. We remained in our modest home for a year after the first inheritance came through. We were labeled "ignorant hillbillies who didn't know what to do with money now that we had it." When we bought a lovely home, we were accused of "putting on the ritz."

We don't dare refuse an invitation from a relative or we'll hear we are getting "stuck up." If we send a modest gift we are "cheapening out." If we send a lavish gift we are "showing off."

Our nephews think we should send them through college. Our nieces think we should pay for their weddings.

So, Ann, being the rich relative can sometimes be more trouble than it's worth—Heavy Hearted.

Dear Heavy: My friends who have been both rich and poor tell me that rich is better.

DEAR ANN LANDERS: Next Spring will be the tenth anniversary of my high school graduation. I'm going to be right in this

city. My mother keeps telling me I'll never forgive myself if I miss it. I don't want to attend the reunion for the following reasons:

I've had a lot of luck since I got out of high school—all bad. First a marriage failure, then a serious accident, next, financial trouble, and just last year two major operations.

I've never had enough money at one time to buy a decent car or the kind of clothes I'd like to wear. Many of my classmates made good marriages and have lovely homes and families.

What could I say to these people who have all done better? I'd have nothing to talk about except my troubles and failures. I know I'd be miserable. Maybe a word from you will help to get my mother off my back—Class of '53.

Dear Class: Stay home. Under the circumstances I agree you'd have a perfectly hideous time. Set your sights on the reunion in '73. And let's hope the next ten years will be better ones.

DEAR ANN LANDERS: When you spoke at our high school several weeks ago you said, "The girl is the big loser in the game of heavy romance." Well I'd like to tell you that the boy can be a big loser, too. I know because I am one who is.

My girl is 15. I am 17. We started going steady two years ago which was our first big mistake. The more time we spent together, the easier it was to go a little further. Before we knew it we were doing things we had no right to do. We made up all kinds of excuses to justify our behavior—even the old line about living every day to the limit because tomorrow we may be victims of an H bomb.

Three weeks ago my girl found out for sure that she is in trouble. I'll never forget the agony of telling our parents. They were so shocked and hurt. It was the most horrible experience a couple of kids can go through.

Now my girl is in another city with relatives. Our parents have decided it would be best if we didn't write or see each other.

The baby will be put out for adoption. I don't know how my girl will feel about me when all this is over. All I can say now is I am heartsick and miserable. More My Fault Than Hers.

If alcohol is robbing you or someone you love of health and dignity, send for Ann Landers' booklet, "Help For The Alcohol-ic," enclosing with your request

It's considered unsafe to jump out of the window, except when the house is on fire. Don't stick to normal rules when you're faced by disaster.

East won the first trick with the ace of spades and returned the four of spades. Declarer ruffed in dummy with the six of

hearts, not noticing anything burning. He returned the king of hearts from dummy, and that was the end of him.

East won with the ace of hearts and returned another spade. Declarer had to ruff in dummy with the queen of hearts, and East was sure to win two trump tricks, defeating the contract.

South made the only sensible attempt to salvage the game by getting to his hand with a club and returning a low trump. If either opponent had the doubleton jack of hearts to start with, he would have to play it at this time; and South would later gain the lead to draw the last trump with the ten.

As the cards lay, this attempt failed. East got a total of three trump tricks in addition to his ace of spades.

Take Discard

South can save himself by discarding a spade at his first opportunity. After ruffing the second spade in dummy with the six of hearts, South must run three rounds of clubs to discard a spade.

Mind you, it's clearly unsafe to run three rounds of a side suit before drawing trumps. Still, it's

20 cents in coin and a long-self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

(Copyright 1962)

better to take this risk than to sit still and go down quietly.

As it happens, South can get rid of the third spade on dummy's third club. Then he can safely lead the king of hearts from dummy.

East wins with the ace of hearts and returns a spade, but South can ruff in his own hand and use dummy's queen of hearts to draw a second round of trumps. East gets one spade and only two trumps, so that South makes game and rubber.

Daily Question

Partner opens with one heart, and the next player passes. You hold: S - 8 - 7 - 3; H-10-7-5-4-2; D-K - 5 - 4; C-A-6. What do you say?

Answer: Bid two hearts. Despite your trump length, your hand is weak and you must indicate this by a weak response.

Phi Beta Kappas To Be Entertained

Members of Wisconsin Gamma Phi Beta Kappa at Lawrence College will entertain new electees and undergraduate honor students at a tea from 4 to 5:30 p.m. Thursday in Riverview Lounge of Memorial Union. Election of new members will be announced that morning in convocation.

Special guest of honor will be Professor H. D. F. Kitto of the University of Bristol, internationally known classicist, who will deliver a speech on "Greek and Shakespearean Historical Tragedy," that morning.

Tea Committee

Miss Mary Norton, dean of women, who is chairman of Phi Beta Kappa's committee on public occasions, has made arrangements for the tea. She is assisted by Miss Dorothea Binhammer, W. David Foulkes, Mrs. H. F. Hackworthy, and John Stanley, all faculty members.

Presiding at the tea table will be the Mmes. John McMahon, Thomas Wenzlau, E. Graham Waring, Maurice Cunningham, Chester J. Hill, and J. S. Wells.

The Ailing House

Tests for Well Water Possible

Q: Where could I send a sample of well water to be tested for its purity? What kind of container should it be mailed in?

A: A sample of water can be analyzed by the local Board of Health. Usually, arrangements for this are made through one of the local druggists. If necessary to mail a sample to the Board of Health, use a very heavy corrugated container slightly larger than the leak-proof bottle in which the water sample is, and be sure to pad well to prevent breakage en route.

Odorous Chest

Q: About 10 years ago we bought an unfinished, unvarnished chest of drawers. We shellacked and varnished it. Then, as time went on, I noticed that whatever was stored in it had taken on a cowy odor. Everything that is stored in it (wool sweaters, tablecloths, pillow cases) takes on this peculiar odor. About five years ago, my husband re-shellacked it, only to have the same odor back again. We have a small two-room apartment and the chest fits very compactly into its corner; we spent a long time shopping to find this size. Have you any suggestions or should we get rid of it?

A: Airing outdoors in the sun is possible, but the best de-odorizers; if Thomas D. Lemke, son of Mr. and Mrs. E. A. Lemke, 1353 W. College Ave.

Judith Gukich Engagement Of Daughter Announced

CLINTONVILLE — The engagement of Miss Judith Ann Gukich and Donald Felts, son of Mr. and Mrs. Florian Felts, 89 Hemlock St., has been announced by the bride-elect's parents, Mr. and Mrs. Ivan Gukich, Oconomowoc.

Miss Gukich, a graduate of Oconomowoc High School, is employed at the Milwaukee Gas Light Co., Milwaukee. Her fiancé was graduated from the Milwaukee School of Engineering, temporarily, is just a matter of time, and is employed at the A. George Schultz Co., Milwaukee.

A wedding date has not been set.

Designing Woman

BY ELIZABETH HILLYER

Playful Elf Decoration

They could scamper over a foot. Cut the coat in one piece, small-size Yule log, or climb a fold it over at the shoulders and evergreen branch, but craggy driftwood looks more like the natural habitat of these elves. They might replace a less Christmas-like decoration for the holidays, or preside over the table where greeting cards collect. More of them, perhaps a dozen, on wide-spreading branches might center a big party table.

The makings: 1-inch diameter Styrofoam balls, extra long pipe cleaners, scraps of felt or heavy fabric, cotton balls. Six pipe cleaners make a body, two pairs for legs and trunk, one for arms. Twist them together as the sketch shows, with doubled back pairs forming loops bent for hands and

Neenah Setting for Ceremony

NEENAH — St. Margaret Mary Catholic Church was the setting for the 11 a.m. Saturday wedding of Miss Judith Kramer and Francis Koerner. The Rev. Justin Werner performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. Douglas Kramer, 677 S. Park Ave., and Mr. and Mrs. Martin Koerner, 82 Fox St., Menasha.

Miss Sharon Koerner, the bridegroom's sister, was maid of honor. Serving as bridesmaids were Miss Jacqueline Kramer, the bride's sister, and Miss Nancy Kennedy.

Wayne Schmieler was best man. Robert Auxiel and Michael Koerner, Appleton, served as groomsmen. Ushering duties were performed by Gary Kramer and Norman Westphal.

A wedding dinner, supper, reception and dance were held in the Pine room at Lakewood Lanes.

Zenskri Photo

Mrs. Koerner

The bridal couple will live at 419 1/2 Third St., Menasha.

The bride is a graduate of Neenah High School and is employed at Wisconsin Tissue Mills. The bridegroom was graduated from Menasha High School and is employed at Gilbert Paper Co.

Parents Tell Engagement Of Daughter

Mr. and Mrs. John Cooper, 739 W. Eighth St., have announced the engagement of their daughter

Grace Cooper

ter, Grace, and Anton Lauer, son of Mr. and Mrs. Anton Lauer, route 1, Hortonville.

The bride-elect was graduated from Appleton High School and the Appleton School of Business. She is employed at the Fox River Tractor Co. Her fiancé, a graduate of Hortonville Union High School, is engaged in farming.

No wedding date has been set.

by dotted lines together and pin the hat on the head.

Mrs. K. L. P.: "What's a good color to go with blue, yellow and white in a bedroom? There's enough yellow in the room now, and I can't match the blue in the scatter rugs I want to buy. They come in light and dark green, pink, rose, brown and beige as well as the wrong shade of blue."

The blue needn't match. A darker shade of the same blue will harmonize pleasantly and is better than an additional color in a scheme that contrasts colors so sharply. If the blue in the scatter rugs you like isn't harmonious with the blue already in the room for some reason—perhaps because one makes the other look faded—look for a better blue, but not necessarily a matching blue, in another kind of rug rather than add a color.

Mrs. O. L.: "In a small bedroom in our new home, one window is average size, and the other is half as large and higher on the wall. Should curtains be the same length, or should the pair for the smaller window be shorter? I plan to use a floral print."

Wall below the shorter window is probably used for storage furniture. Drop the curtains to the top of a chest and they will not seem ill-matched to a longer pair.

Schultz Photo

Nancy Lettau Tell Troth of Miss Lettau, Orval Patri

MANAWA — The engagement of Miss Nancy Louise Lettau and Orval Patri, son of Mr. and Mrs. Arthur Patri, route 2, Manawa, has been announced by her parents, Mr. and Mrs. Elmer Lettau, route 1, Manawa.

The couple was graduated from Little Wolf High School. Miss Lettau is employed at the Aid Association for Lutherans, Appleton. Her fiancé is the owner of Orv's Superette.

A wedding date has not been set.

Little Gifts Please All Women

Women delight in the little gift—the "good things that come in small packages"—and make such interesting shapes on the Christmas tree or in the bulging toe of a Christmas stocking. Handsome new accessories designed to please today's fashion-conscious woman make just such a "surprise" gift.

For her handbag, there are smartly tooled leather key cases, eyeglass holders, wallets, and cigar cases in every bright color imaginable to complement her purse. Some are jeweled for dressy wear, or have nailhead detailing for sports or casual use.

You might like to give her a small fitted manicure set, just big enough for her purse, or perhaps a "secretary"—a leather folder with pad and pencil ideal for shopping lists or memos.

Smart Larger Gifts

Don't overlook the larger gifts that will look so well under the tree Christmas morning. Fitted cosmetic cases in new bone, white, gold-beige, or graphite gray are particularly smart when you have her initials stamped on them in gold.

From teenager to Grandmother, every woman loves smart luggage. The new extra lightweight magnesium frame leather bags are light in the hand and resist scuffing and scratching. Choose the lightest powder blue or green or tan.

Handbags, of course, are a sure-fire hit—as any experienced Santa knows. Big or little, grained or suede, smooth or patent leather, handbags swing smartly from the arms of the most appreciative women. If you're not sure of her needs, a black or brown leather handbag can be worn with most costumes. Other popular colors this winter include medium and deep green, taupe and gray.

This holiday season, look to leather goods for some of the most exciting and sure-to-be enjoyed presents that will be opened come December 25th!

Circle Sets Plans For Dessert Bridge

Mrs. Harold Mares reported on plans for a dessert bridge when the Genevieve Paulson Circle of the King's Daughters met Monday evening at the home of Mrs. John Carpenter, 1036 E. Moorpark Ave. The event will be held at 8 p.m. Jan. 30 at All Saints Episcopal Church Parish Center. Co-hostesses at the Monday meeting were Mrs. Rudy Cherkasky and Mrs. Harold Martin.

Mrs. Martin reported on Circle plans to shop for a needy family for Christmas. This project will be carried out by Mrs. Martin and Mrs. Robert Johnson.

Mrs. David Weiland told of the recent King's Daughters Council meeting, held at the home of Mrs. John Menn, 1420 Riverview Lane. Mrs. Martin is the Circle's representative on the Council. Mrs. Joseph Moriarty is a member of the State Steering Committee.

The Circle voted to continue its support of the American Field Service program in 1963.

Plans for a Christmas cocktail party, to be held from 7 to 9 p.m. Dec. 8 at the home of Mr. and Mrs. Donald Herring, were announced.

Mrs. Joseph Shiff was auctioneer at the Christmas Auction whose proceeds are slated for the St. Elizabeth Hospital Modernization Fund.

Mrs. Shiff will be hostess at the Jan. 8 meeting.

Homemakers Set Christmas Party

LITTLE CHUTE — A program of games is planned after the annual, Dutch Homemakers annual Christmas Party Monday. The event has been scheduled at 6:30 p.m. at Lamers Tea Room.

Reservations may be made with Mrs. Hilary Eckes until Friday evening.

Strong Yet Safe - Gives Hours of Continuous Relief from Minor ARTHRITIS PAINS

Reduces swelling and inflammation so it's easier to move afflicted limbs again

No cure as yet has been found for arthritis. But medical research has established that the strong yet safe medication in Anacin® gives hours of relief from arthritis' minor pains—even such chronic pain arising from deep in joints. It has also been found Anacin has an anti-inflammatory action that helps reduce swelling and inflammation—a basic cause of arthritis suffering. In minutes—pain is relieved so it's easier to move around and this helps keep joints from 'locking' or 'stiffening.'

Anacin Tablets are so effective because they contain strong yet safe medication. Remember, aspirin or buffered aspirin has only one pain reliever. But Anacin is like a doctor's prescription. That is, a combination of three medically proven ingredients. And Anacin does not upset the stomach. Take as directed.

Appleton Parking Ramp Won't be Done On Scheduled Date

Progress in Concrete Stressing Slower Than Engineers Expected

The city's new parking structure at Washington and Division Streets is behind schedule and will not be opened to the public the first week in December as anticipated.

Leonard Vanasse, resident engineer for the project, told the new members of the board of public works Tuesday.

As a result, a formal dedication program which was being arranged for the opening has been called off by city officials and representatives of the Appleton Chamber of Commerce. However, a dedication will be staged later.

"Let's forget about the dedication and get the cars in there as fast as we can," Mayor Clarence Mitchell told the board members, and they agreed.

With the opening of the structure now said to be about a week behind the schedule drawn up earlier in the month, it is hoped that both the lower and upper levels will be completed for occupancy by mid-December.

Stressing Slow
Stressing of the concrete has not progressed as engineers thought it would, according to Vanasse. He predicted both parking levels could be opened to the public by Dec. 14.

Officials said the Meyer Corp., general contractor, could not be blamed for the delay. Stressing of the concrete is being done by a sub-contractor and crews have been experiencing difficulty with long cables.

Board members said they were still hopeful the structure could be opened to motorists by Dec. 10. It was noted that had there been no legal delay in the project as experienced several months ago, it would have been done by Nov. 1. Prior to start of the structure, there was a controversy over a nearby alley ownership.

Board Satisfied
The board indicated it was satisfied the Meyer Corp. was "doing everything possible" to get the ramp finished. In recent weeks, crews have been working as many

Latin American Lecture Series Set in Oshkosh

OSHKOSH — The first of a series of lecture — programs designed to create a better understanding of Latin America will be held on the Oshkosh State College campus at 7 p.m. Sunday in the Union Lounge.

The initial program will be concerned with a historical interpretation of Latin America. Speaking will be Dr. Vela Marble of the OSC history department. Dr. Marble has been active in the Association for Latin American Studies for several years and will attend the group's annual meeting in Florida on Dec. 6, 7, and 8.

Following programs will cover such areas as Latin American economics, government, religion, geography, sociology — anthropology, education, culture, and military affairs, and will be climaxed March 20-22 with a Pan American Day celebration.

The series of program is being planned by an OSC committee of the Association for Latin American Studies. Committee of officers include Dr. Marble, general chairman; Mrs. George Sieber, secretary; Dr. George W. Sieber, publicity; and Prof. David Rollings, bibliographer.

The first program of the OSC Latin American studies will cover the colonial institutions of Latin America. Following lecture-programs will be concerned with contemporary Latin America.

The general public is invited to the program at no admission charge.

The first lecture is being co-sponsored by the OSC committee for Latin American Studies, and OSC students from Bolivia.

3 Neenah Men Among Reservists 440th Releases

MILWAUKEE — Three Neenah residents are among some 1,000 Air Force Reservists of the 440th Troop Carrier Wing released from active duty today. Ordered to active duty Oct. 28, the unit was ordered released from active duty by the Department of Defense Nov. 21.

A limited number of personnel were permitted to volunteer to remain on active duty for 15 days to help the Wing complete its transition back to reserve status.

Neenah area members and their positions are Capt. Glenn Arendt, of 923 Geiger St.; T. Sgt. William Wilde, of 334 Bellin St., 95th Troop Carrier Squadron; and Airman Second Class Robert Mattson, of 153 Lorraine Ave., CAM Squadron.

Hunter Pleads Innocent

OSHKOSH — Walter Mielke, 40, N. State St., Appleton, pleaded innocent this morning of shooting a doe and a buck fawn deer during closed season. Judge James Sarres set bond of \$200 for further proceedings Monday.

Coated Paper Land Talks Bog Down

Firm Disagrees With Appleton On Sale Price

Negotiations for the sale of the Whispering Pines school property by the city to the Appleton Coated Paper Co. bogged down Tuesday during a meeting of the board of public works.

The Appleton Common Council recently authorized the board to negotiate with the paper firm for sale of the property at 844 E. Wisconsin Ave.

The board had two local realtors make an appraisal of the city-owned property, consisting of 231 feet of frontage on Wisconsin Avenue, and they came up with a \$60,000 figure.

John P. Reeve and Richard Mahony, representing Appleton Coated Paper, said the firm hired a professional appraiser and his report indicated the property was worth \$35,000.

Reeve and Mahony said their company was interested in purchasing the property to tie in with possible future expansion plans. The property is zoned for commercial and light manufacturing.

Far Apart
It appeared during the course of discussion that the board and company representatives were, as one negotiator put it, "quite far apart."

Ald. Alvin Tews, chairman of the council's finance committee, suggested a "fair sale price" could be reached somewhere between the city and company appraisal figures.

Mahony said his firm could get along without the property, but would be willing to boost its offer from \$35,000 to \$38,500.

The board briefly discussed the offer and then unanimously adopted a motion that the city would accept a minimum of \$50,000 for the property.

Mayor Clarence Mitchell was instructed to inform the paper company officials of the \$50,000 asking price and report back.

\$11,500 Difference
At conclusion of the meeting, the city and paper firm were \$11,500 apart — the board having dropped \$10,000 below its appraisal figure and the company adding \$3,500 to its own quotation.

The board instructed the street department to make necessary repairs to the roof and chimney at the No. 1 fire station.

It also received and filed a progress report from the Fennel-Bray engineering firm in connection with a citywide sewer survey.

Conviction on Four Traffic Counts Gets Driver Jail, Fine

OSHKOSH — Roger Marquardt, 22, 245 Gruenwald Ave., Neenah, was fined \$140 and sentenced to 30 days in the Winnebago County Jail this morning by Judge James Sarres on four traffic counts.

Marquardt pleaded guilty of driving after revocation of his drivers license, failure to yield the right of way, illegal use of license plates and driving an unregistered vehicle.

He was fined \$100 and given the jail term on the first count, fined \$20 on the second and \$10 each on the last two charges.

Marquardt was arrested by county police at 1.09 a. m. Nov. 17 after he was involved in an accident on County Trunk T near Larsen.

Oceans Divided

The Indian and Pacific Oceans are divided by the Indonesian archipelago. Dangerous currents — as fast as 12 miles an hour — sweep through channels between the islands.

Fox Cities Mayors Urge Stroebe Island Purchase

Appleton Service Clubs heard the president of the Wisconsin Chamber of Commerce speak on "How Much Social Security Can We Afford?" at the second Appleton Chamber of Commerce forum of the year Tuesday. At the meeting are, standing from left, S. L. Horman, speaker, vice president of Time Insurance Co., Milwaukee, and the Rev. Edward A. Wagner, pastor of St. Therese Catholic Church. Seated from left are Gus A. Zuehlke and Franklin Nehs. (Post-Crescent Photo)

10 Give Testimony in Murder Trial of Stevens Point Student

Prosecution Rests Case, Defense Giving Its Side in Beer Bar Incident

BY DICK MC DANIEL
Post-Crescent Staff Writer

STEVENS POINT — Ten prosecution witnesses testified Tuesday before the state rested its case in the first degree murder trial against Majid Amini Poulard, 27, Tehran, Iran, in the May 18 death of Albert Dombrowski, 28, Town of Amherst.

"Fred Amini," as the defendant is known and referred to by many of the witnesses, has pleaded innocent by reason of insanity.

The defense witnesses, according to Atty. Byron Crowns, Wisconsin Rapids, will appear today. The summations may be presented by Thursday afternoon. It was predicted Monday the case would go to the jury sometime Friday.

Incidents surrounding Dombrowski's fatal injury, a neck wound, and events leading to it were presented from eight different persons, each present in Morey's Bar, a beer bar in the Town of Hall, where the Amherst man was injured.

Three of the state's witnesses, Jerome Morey, 33, owner and operator of the tavern, Richard Ratkowski, 20, Stevens Point, and his girl friend, Mary Jean O'Keefe, 19, Stevens Point, claimed they saw the fatal blow struck. They said they saw Amini strike Dombrowski in the neck with a broken beer glass.

Medical Doctors

The other two state witnesses were medical doctors who in the case of Dr. Frank Iher, Stevens Point, told what was done in an attempt to save Dombrowski's life at St. Michael Hospital, and Dr. Henry T. Grinsvalsky, a Stevens Point pathologist, who performed the autopsy.

Almost all of the eight wit-

Vandalism Cases Solved by Police

CLINTONVILLE—Several cases of vandalism have been cleared in the city with the signing of statements by four juveniles admitting their activities, according to Police Chief James Beggs. The vandalism included breaking a number of windows in a new house on Rohrer Street and theft and destruction of five large spotlights on two occasions from Dr. John Wilson's office on 10th Street.

The youngsters have been turned over to juvenile authorities.

WSCC Head Hits Medicare Program

S. L. Horman Says Social Security Has Become 'Political Football'

"The Social Security act has become a political football, and unless we become aware of the implications this could jeopardize the security of those millions who are depending on it for retirement," S. L. Horman, president of the Wisconsin Chamber of Commerce, said Tuesday at the second Chamber of Commerce forum for Appleton service clubs.

Horman, vice president of Time Insurance Co., Milwaukee, spoke on "How Much Social Security Can We Afford?"

The Social Security act has been altered frequently always in election years, Horman said, and the total benefits have been increased with little increase in the tax.

The trust fund is extremely shaky, he pointed out. It was set up with a goal of \$27 billion by Mills bill, Horman said, is that it 1960 and \$35 billion by 1970. The fund had \$23 billion in 1957, but by 1960 it was down to \$18 billion today, he said.

Both Parties

This is not a reflection on either Democrats or Republicans because both parties have used it as a political football, he stated.

The cost of the proposed Medicare plan would be \$3 billion for the first year, he said.

Horman listed three reasons why "any thinking American should oppose medicare, outside of the fact that the fund already is shaky."

1. The government should provide only those functions that citizens cannot provide for themselves. Any welfare program should be on a needs basis.

"Any compulsory program for those who don't need it is the keynote to totalitarianism or socialism," he said.

2. It has never been established that senior citizens are lacking in medical care.

3. The King-Anderson (medicare) bill has no provision for the four million old people who are not under Social Security.

Officials Say Landmark Will be Broken Up if Park Not Built on Site

Mayors of Appleton, Neenah and Menasha and other government and community leaders have asked the Fox Valley Regional Planning Commission to organize a committee to take immediate action toward purchase of Stroebe's Island as a public park.

The request, submitted to C. W. Wood, chairman of the planning group, asked for "immediate initiative to establish a Stroebe's Island Park," and to "use its leadership to cause the creation of a committee of officials and citizens to determine how the park may be established."

The request was signed by Neenah Mayor Carl E. Loehning, Menasha Mayor John L. Klein, Appleton Mayor Clarence A. Mitchell, plus Amos D. Page, chairman of the Town of Menasha, L. O. Cooke, chairman of the Town of Menasha Park Commission, George Banta Jr. and Miriam B. Erik Madisen Jr., commissioner of the Appleton Park Board; Henry C. Krueger, secretary of the Neenah Park and Recreation Commission; George E. Johnson, chairman of the Appleton Park Board, F. H. Orblison, secretary of the Town of Menasha Park Commission; Gordon A. Bubolz, Appleton, commissioner of the Fox Valley Regional Planning Commission; and community leaders John H. Wilterding, George Banta Jr. and Miriam B. Shattuck of Neenah.

Statement Said
The statement said, "Stroebe's Island is recognized as one of the region's choicest recreational sites, and is one of the few remaining undeveloped properties on our local shorelines."

"It is well known that this landmark is certain to be subdivided into building lots unless it is acquired by the public."

The statement said the recently prepared park and recreational plan for the Fox Valley region recommends that high priority be given for the preservation of water frontage for public use, and that large parks now generally lacking are needed inside the region for the benefit of its present and future citizens.

Specifically, the plan recommends Stroebe's Island as one of three proposed district parks.

The request to Wood stated, "The Regional Planning Commission has as members the several municipalities which would benefit from the creation of a Stroebe's Island Park. Together these municipalities have the resources and means to acquire the property."

Grants Might
"It has been further indicated that federal or state open space grants might be made available through inter-community cooperative effort, but imminent action will be necessary if the site is to be preserved."

"But," the request stated, "except for the public-spiritedness of the owners, who have temporarily delayed subdividing pending public action, it would be already gone."

The officials said in the letter to Wood that they "recognize that the commission's strength is in co-ordination, but that it cannot acquire property."

"We suggest, however," they concluded, "that the commission use its leadership to cause the creation of an ad hoc committee of officials and citizens to determine how the park may be established through the cooperation of the benefiting municipalities and to effect its acquisition."

Previously Page had requested both the state and Winnebago County to purchase the land for a park site.

Roman Koenigs, supervisor of state parks and forests, inspected the Stroebe's Island site. He informed Page that, although it was an attractive piece of property, it was too close to the High Cliff State Park.

State Tries

Koenigs said the state tries to prevent having state parks located too close together.

Also after urging by Page, the Winnebago County park committee inspected the site for a possible county park, but failed to take action on the matter.

Largely through the efforts of Page and the town of Menasha Park Commission, Mrs. Mildred Stroebe has agreed to delay her request for platting the part of the island she owns.

Two Rural Omro Youth Injured in Car Mishap

OSHKOSH — Two persons were injured at 3 p.m. Tuesday when their car left State 116 one mile north of County Trunk D and hit a utility pole.

Taken to Mercy Hospital by Moore Ambulance were Eugene Rohan, driver of the car, and William Faust Jr. Both are 20 and live at route 2, Omro.

Rohan suffered injuries to his back, left foot, right arm, knee and hip. Faust had a broken left wrist and injuries to both knees, chest and back.

The car was traveling south and went off the right side of the highway and then crossed over into the left ditch and hit the pole.

Shopping Days Till Christmas

Christians Need Right Kind Of Waiting

Rev. Sandgren Tells
People to Prepare
For Christ's Coming

The waiting of Christians for Christ to come must be prepared, necessary and rewarding, the Rev. Ralph C. Sandgren, pastor of Our Saviour's Lutheran Church, told his congregation Sunday.

The lives of most of us are spent in waiting for something, he said, and as we grow old, we begin to ask ourselves, "What are we waiting for now? What meaning does life have now?" "In earlier days we waited for TV to be perfected, we waited for more comfortable and faster cars, we waited for jet age transportation," he said. "Now that these things are here we speculate if we should wait for all the other wonders that may be possible, for our life is too complicated now with the fulfillments of our dreams."

Parable About Waiting
"We begin to wonder, when we begin to read men like George Orwell and his book '1984,' with its world in the control of Big Brother, what is waiting us?" he continued. "We begin to wonder, and in the midst of our wondering there comes to us a parable about waiting."

"The parable of Jesus which told about the five wise and the five foolish maidens is strictly about waiting," Pastor Sandgren said. "For these maidens were waiting for the coming of the bridegroom. They had this waiting in common. But what they did not have in common was the character of their waiting. Five of them were in an unprepared waiting and five of them were in a prepared waiting."

"Jesus says that this is the way out. 'The time to start is now,' he went on. 'And He is telling us that the waiting we do needs to be that of the five wise maidens. Our waiting needs to be prepared, necessary and rewarding.'"

Right Kind of Waiting
"Not all people who claim the name of Christ are the right kind of waiters," he said. "The whole Christian church knows that the bridegroom is coming one day but not all the waiters in the church will know its reward. Everybody in the church is waiting for something, everybody wants to appear

One-Year Extension

Neenah Town Stays In Regional Planning

NEENAH — The Town of Neenah Board Tuesday night voted to continue its membership for another year in the Fox Valley Regional Planning Commission.

The Board also received a request from the Lakeview PTA for a crossing guard to be on duty on County Trunk A for children living near the school who walk to and from home to the school.

The Board agreed to undertake such a program after securing more information. Hours the person would be on duty probably will be 8 to 8:30 a.m. and 3:15 to 3:45 p.m.

Pass Ordinance

An ordinance was passed in which the Town Board agreed to be responsible for the payment of state and county taxes to the county treasurer in the event the town treasurer does not pay the taxes.

To be Christian, they all have the outward cloak of godliness. But only the right kind of waiting will produce the reward.

"The foolish ones in the church are those who are without the oil of faith," Pastor Sandgren said. "They shut their hearts against the work of the Holy Spirit so that the Lord cannot reach them with the gift of faith. In so doing they become unprepared. The wise in the church are those who let the Holy Spirit have His way with them and let Him rule their conduct and their lives. In so doing their waiting is prepared."

"The prepared waiting in the Christian life is necessary because it will be too late to start preparing on the day when the bridegroom comes," he pointed out. "The time to start is now."

"This essence of the 'now' in Christian waiting is that, the waiting we do needs to be expressed in Jesus' words, 'Watch be that of the five wise maidens. Therefore for you know neither the day nor the hour.'"

Will Bring Reward
"This waiting will bring its reward," he declared. "In the next world we will be freed from all the things of this world and glorified in body and soul. Then we step in assembling a site for a proposed new fire department headquarters station."

Meeting at city hall Tuesday night, the committee recommended that the board of public works obtain property at 402 and 408 E. Atlantic St. Mayor Clarence Mitchell has the ultimate hope of all men. But this proposed a site near Drew and Atlantic streets for the new headquarters to replace the 78-year-old building at Oneida and Washington streets.

Menasha Town Okays Library Bill Payment

\$8,974 Total Sum
Due Two Institutes
In Fox Cities

MENASHA — Payment of \$8,974 to the Elisha D. Smith Library and \$1,925 to the Neenah Public Library were authorized by the Town of Menasha Board as the town's share of those two library costs for 1963.

The Menasha figure is based upon the town having 16 per cent of the number of patrons of the Elisha D. Smith Library. It is paying 16 per cent of the amount needed.

The Neenah figure was the amount requested earlier by the Neenah Library Board.

The Town Board also tentatively set \$30 as the rate that part of the town attached to Appleton for school purposes will pay for the operation of that school system next year. There are a half dozen families involved.

Tuition Tax Rate

In addition, that section plus the entire Spring Road School district section will pay \$7.50 per \$1,000 of assessed valuation for tuition and transportation costs incurred for the 1961-62 school year. The amount to be paid for operation of the Neenah and Menasha school systems has not been set. The Town Board will have a budget meeting early next week as required by law, although the amounts it is to pay for the two school systems has not been determined.

The radio was hidden, police said. The youth will be referred to a juvenile court. He was released in custody of his father.

Appleton City Council Urges Land Purchase on Atlantic St.

The council's public safety committee has recommended the purchase of two pieces of property on the near northside as the first step in assembling a site for a proposed new fire department headquarters station.

Meeting at city hall Tuesday night, the committee recommended that the board of public works obtain property at 402 and 408 E. Atlantic St. Mayor Clarence Mitchell has the ultimate hope of all men. But this proposed a site near Drew and Atlantic streets for the new headquarters to replace the 78-year-old building at Oneida and Washington streets.

Ford ideas so contagious they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63's. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is

Ford's full twice-a-year or 6,000-mile maintenance* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer today!

Here's America's most contagious
ride as seen on the
1963 Ford Galaxie 500 XL

America's liveliest, most care-free cars!

Oshkosh Chorus to Sing 'Messiah' Sunday

OSHKOSH — The twenty-fourth annual presentation of Handel's Oratorio, "The Messiah," sponsored by the Oshkosh Department of Recreation will be given by the Oshkosh Messiah Chorus at the recreation gymnasium at 3 p.m. Sunday.

Robert Messner, of the Oshkosh High School music department, will direct. The chorus will be accompanied by the Oshkosh Civic Symphony Orchestra.

Miss Nancee Nero of Green Bay, a voice major at Oshkosh State College, will sing the alto solos and oratorio in such varied productions as "La Boheme," "The lead in the Community Players' production of "Carousell." The chorus has been selected the outstanding voice student at the University of Wisconsin summer music clinic.

Mrs. Barbara Wilson, an experienced soloist will sing the soprano solos with the chorus. Mrs. Wilson, who makes her home in Ripon, is a voice instructor, and has sung the soprano solos in orchestral "The Messiah" and other well-known oratorios. She has recently appeared with the Madison Civic Symphony.

Neenah Improvement Program Set

NEENAH — Discussion of a long-range capital improvement program for Neenah and Menasha will highlight a meeting of interested citizens at 7:30 p.m. Dec. 10 at the Neenah police station meeting room.

The program is being organized by the Twin City News-Record and Kenneth E. Davis, president of the Twin City News-Record. Inc. A capital expenditures program, it is felt, would keep Neenah and Menasha competitive to other nearby communities and would make a real contribution to keeping tax rates within reasonable limits.

Under the plan being considered, capital improvements would be a separate budget kept apart from the regular operating budget. Such separation of funds would allow the accomplishment of capital improvements in the community in accordance with public desire, planning suggestions and the overall progress of the community. Monies for a capital improvement budget would be developed from all taxpayers with additional funds available from private donations or state and federal funds.

Mattress Fire Reported

City Officials Frown On Bridge Gatherings

No longer will rendezvous be held beneath the Lawe Street bridge.

Police and fire department officials say under-the-bridge gatherings are taboo as far as they are concerned.

Fire Chief Roland Kuehl told a council committee Tuesday night of the varied situations fire inspectors encounter in their daily duties. He disclosed that a fire was discovered under the bridge last week.

Kuehl said "some person or persons" had constructed a ground shelter next to the bridge wall and equipped it with a mattress and candles.

Filled With Dirt
The mattress caught fire last week and the smoke prompted a passing motorist to call the fire department. Chief Kuehl supplied pictures of the scene which showed the charred mattress and one wall which had several obscenities written on it. Cigarette butts also were scattered about, authorities said.

After conducting their investigation, police and fire officials recommended the bridge shelter be filled in with dirt. They are keeping an eye on the area to insure there are no further "bridge parties."

Some Appleton residents complain when the inspector enters the back yard to check the property owner's trash-burning unit to determine if it is adequate and conforms to the municipal ordinance, Kuehl said.

"We have been making these kind of inspections since 1925 but there are still many people who complain that we shouldn't be going into their back yards," Kuehl commented.

Although the major number of trash-burning violations take place during the summer months, many are also noted during the winter.

Yard Fires
"The inspectors have found that some people start fires for burning trash and garbage in their yards after scraping the snow from the ground," Kuehl said.

The chief also reported that the fire department was called recently to extinguish a street fire in a residential neighborhood. Someone decided to burn trash in the street and the fire apparently got out of control, he said.

Fire department records show that inspectors have noted 1,445 rubbish burning violations this year.

State Welfare Worker

Studying County Unit

OSHKOSH — A State Department of Public Welfare employee is observing Winnebago County Welfare Department methods before taking over a new post with the state unit.

Curt Gear, Milwaukee, who will have completed two weeks with Winnebago County and Youth, will become Milwaukee Friday.

Some sort of container or vessel will answer each clue in this list. For example, if we were to advance the clue, "To shoot in advance," your answer could be "POT," and if the clue were, "Jail," your answer might be "JUG."

1. Criticize severely.
2. To prod.
3. Baseball player.
4. Criminal photo.
5. To hinder.
6. Knock down the maples.
7. Telephone circuit.
8. To vie in a square circle.
9. To pillage.
10. To quake.
11. To seize in hunting.
12. Denture.

Answers
1. Pan. 2. Poke. 3. Pitcher. 4. Mug. 5. Hamper. 6. Bowl. 7. Trunk. 8. Box. 9. Sack. 10. Jar. 11. Bag. 12. Plate.

Accent second syllable, not the first.
Often Misspelled: Recreation (pleasurable activity). Re-creation (creation again).
Word Study: "Use a word three times. For example, if we were to advance the clue, "To shoot in advance," your answer could be "POT," and if the clue were, "Jail," your answer might be "JUG."

Today's Word: Attenuate: to slenderize; reduce; weaken; dilute; rarefy. "It was necessary to attenuate the original strand to obtain such a fine filament."

Look and Learn

THE RYATTS

Let's EXPLORE YOUR MIND
By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.

IS CONSISTENT BEHAVIOR POSSIBLE?
YES ☐ NO ☐

No, because we operate in a variety of situations where we encounter a variety of people. In politics, for example, we may have to work with people we thoroughly despise because they are important in our party. During the last war, we defeated the Nazis with the help of the Russians, who were as ruthless and undemocratic as was the enemy. Whatever we accomplish must usually be done with the help of others to whom we strongly object. Many people are both ally and enemy. You can't consistently react to all people in the same manner.

Social customs have made hands the heads of the households. Right—Wrong, say the eminent authorities Blood and Wolfe. Social custom makes a difference, but in the final analysis, who decides what in any household depends upon control of necessary resources.

In the days when the husband was the sole earner, he could control the family through the purse strings. Today, women earn, not only money but increased independence for themselves.

Families eat at home mainly in order to economize.

True—False—
False. In one study, some 474 families did not regard food preparation at home as economically important. Often, low-income families do less eating at home than higher-income families. Apparently, most families dine at home because it's fun to do or because it enables the family to enjoy its meals together, but not because it is of any significant economic value.

Forests Hunted
Ninety-two per cent of commercial timberlands owned by forest industries is used for hunting control of necessary resources.

Over 25 Years Experience

Deficit Is Child of Slow Growth Rate

BY SYLVIA PORTER

One thing certain to happen when President Kennedy delivers his major State of the Union, Economic, Budget and Tax Reduction messages in January is an outburst of shocked surprise in Congress and throughout the land over the size of the budget deficit to be projected for the fiscal year 1964 and the upswing in the public debt.

For the deficit to be projected for fiscal 1964 — the year beginning July 1963 — will run into

many billions. With a broad tax reduction figured in, it could be enormous, and of course the national debt is going to zoom.

Considering the history of budgets in this entire generation, though, the only surprising thing will be the "shocked surprise." Budget deficits have become traditional in our land, surpluses have become the rarity.

At the close of fiscal 1961 — the year Kennedy inherited a record-sized budget from the GOP — the deficit was \$3.8 billion, the national debt was \$289.2 billion.

At the close of fiscal 1962 — the first full year Kennedy was in charge — the deficit was \$6.3 billion, the national debt was \$295.8 billion.

For fiscal 1963, to end next July 1, the estimate now is a deficit of \$7.8 billion and the debt at this date is \$302.2 billion.

Top Deficit
For fiscal 1964 the "planned deficit" with tax cuts could top the peak peacetime deficit of \$12.4

billion chalked up by the Eisenhower administration in 1959.

All this follows a history just as dismal from an orthodox financial viewpoint.

In the 10 budget years of the 1930s we had nine deficits, only one picayune surplus, and that was at the start of the decade.

In the 10 budget years of the 1940s we had seven deficits, only three surpluses and none of the surpluses was substantial.

In the 10 budget years of the 1950s we had eight deficits, only two surpluses and none of the surpluses was substantial.

In the first four fiscal years of the 1960s we have had three deficits, only one minor surplus achieved by Eisenhower in his last year of office, and a fourth

year.

This is the record in booms and depressions, in hot war, cold war and peace, under Republicans and Democrats. You may be dismayed, you may worry about where this will lead us, but "shocked surprise" at another deficit year hardly seems warranted.

The purpose of this report is not to mourn or moan, though. The purpose is to ask, "Why deficit on top of deficit?"

The deficits of the 1930s are easy to explain. Those were years of catastrophic depression, of the birth of the New Deal, the start of a spiral of spending on social and welfare measures.

The deficits of the 1940s also are easy to explain. Those were years of global war, in case of

you have forgotten, the deficit in 1943 came to a monumental \$57.4 billion; in 1944 to \$51.4 billion; in 1945 to \$53.9 billion.

Great Prosperity
But how explain the deficits of the 1950s — years of the greatest prosperity in our nation of all time? Paychecks soared, profits jumped and, although we spent hundreds of billions at home and abroad, we earned trillions which we were taxed at very high rates.

How explain the deficits so far? Spending increases be limited and cuts to spur our growth.

With spending increases recorded in the 1960s — years which have been relatively prosperous by all reasonable yardsticks? The business recession of 1960 was exceedingly mild, the recovery since early 1961 has carried us to new

very high.

How explain the deficits, then? The only explanation comes back again to the heart of all economic debates these days — our sluggish rate of growth since the mid-1950s.

If we were growing fast enough, we would be creating the profits and paychecks to produce the tax income to cover our rising spending. We are not growing fast enough.

It is this central point which is impelling Kennedy to ask that Mr. and Mrs. Charles Schaefer will fix up old toys for the Red Cross. The officers and committee chairman will hold a planning meeting Thursday evening.

For the meeting of Dec. 8, the first and second degree will be conferred on four new members.

Greenville's South Grange Has Meeting

GREENVILLE — The South Greenville Grange held their regular meeting Saturday evening and announced their annual holiday dance Dec. 15.

Mr. and Mrs. Charles Schaefer

we should be able to reverse the red ink trend. Otherwise, the record will continue as dismal as it has been since the 1920s.

(Copyright, 1962)

took the seventh degree at the national grange session, Spencer, Ind., Nov. 17. Reports from the national meeting was given by Herb Wickesberg. Mrs. Truman Shelley is attending the Great Lakes Lectures Conference in Indiana this week.

The grange will enter the community service contest again this year. Dec. 10, the committee

will fix up old toys for the Red

Cross. The officers and committee chairman will hold a planning meeting Thursday evening.

For the meeting of Dec. 8, the first and second degree will be conferred on four new members.

Combined Locks Approves Record \$429,772 Budget

Tax Rate \$33 Less Than in 1962, But Total Levy Is \$63,000 More

COMBINED LOCKS — The village board Tuesday night adopted a record \$429,772 budget for 1963 of which \$308,190 is to be raised by property taxes on the village assessed valuation from \$1,500,000 to \$11,400,000.

Even though the tax rate was cut drastically, individual property tax bills won't go down correspondingly because of the

Supreme Court Upholds Ruling In Calumet Case

Brown County Kept As Co-Defendant in Auto Damage Suit

CHILTON — The State Supreme Court has upheld a ruling by Circuit Judge H. F. Arps establishing Brown County as a co-defendant with Calumet County in a pending damage suit stemming from an auto accident on a road dividing the two counties.

Former Lumber Dealer Leaves \$86,407 Estate

H. L. Meyer Had Yards in Potter, Sherwood, Hilbert

CHILTON — H. L. Meyer, Hilbert, a prominent Calumet County lumber dealer, left an estate of \$86,407, a final account approved by Probate Judge D. H. Sebor.

Other Bequests
Before setting up trusts for two sisters and a brother, Meyer made seven bequests totaling \$12,000. Largest single beneficiary of the bequests was Mrs. Ann Giesen, Meyer's housekeeper, who received \$5,000.

Ten Witnesses Testify in Murder Trial

CONTINUED FROM PAGE 1

ing there has been disturbances before at the bar.

Some of his patrons were breaking glasses and his main interest was to disperse the crowd, he said.

Charles Olson, 21, Amherst, the first witness called Tuesday morning, was involved in the original tussle with Amini, which was broken up by Dombrowski.

Olson said he and Miss Betty Weldon, 19, Stevens Point, formerly of Amherst, met at Morey's Bar and he made arrangements to take her home. He said he returned to the table Miss Weldon was seated at, at the south end of the bar, when Amini and Michael Janis, who brought Amini to the bar, were talking to her.

He said Amini took him by the arm and told him to leave, which he said he did. He reported going to the bar for a few beers and returned to Miss Weldon's table when Amini went to the bar.

Pushed in Corner
During the questioning by Dist. Atty. John Haka, Olson said he put his hand on the table between Amini and Miss Weldon. He said Amini grabbed his wrists and said: "I can kill you."

He said Amini pushed him in a corner and Albert Dombrowski, Tony Dombrowski, who was not a witness, and Glodowski came into the area and said he was pushed further back into the corner.

Olson said he then saw Amini and Albert Dombrowski out in the center of the floor and saw Amini "take a swing" at Dombrowski. He said he saw Dombrowski "swing with a left and saw Amini stumble back against the table." "Then the lights went out," Olson said.

He said he then went to the bartender, Jim, and told him to turn the lights back on. He said he went back to talk to Miss Weldon and heard Amini say, "where I come from we fight with knives."

He said he was standing next to Albert Dombrowski when Amini took his shirt off and was "hollering." He said he saw Amini coming toward them and next remembers Dombrowski tapped him on the shoulder and said "I believe he cut me."

Man Collapsed
Olson said he led Dombrowski out the east door of the bar where Dombrowski collapsed.

Joseph W. Brown, 25, Stevens Point, said he went alone to Morey's Bar between 11 and 11:30 p.m. on May 17. He told two men were shuffling behind where he was seated at the bar. "They seemed to be swinging at each other," he said.

Brown said he saw Amini "tear off his shirt," which was later identified as a T-shirt. Testimony of the remaining witnesses was essentially the same as those before them.

Defense attorneys, on several occasions, asked witnesses why they seemed to remember more now than they did June 4 immediately after the incident.

Witnesses answered they had time to think and knew more about the case now.

Tourist Attraction Christened Twice

STONE MOUNTAIN, Ga. (AP) — Georgia's newest tourist attraction, the Stone Mountain skylit, has been dedicated with a splash of wine and soft drink.

Designed and built by Swiss engineers, the 2,600-foot skylit to the top of Stone Mountain was dedicated Tuesday by Dr. August R. Lindt, Swiss ambassador to the United States, and Gov. Ernest Vandiver.

Lindt christened the first 50-passenger cable car with a bottle of Georgia-produced soft drink. Vandiver used a bottle of Swiss wine to christen the second cable car.

Major Increases

The main item in the budget education and recreation increased from \$131,000 to \$177,391. Operation of schools increased from \$10,000 to \$169,617. Transportation costs decreased from \$4,500 to \$2,474. Pavilion expenses were raised from \$2,500 to \$4,300 and park maintenance costs were dropped from \$2,500 to \$1,000.

Eliminated from the 1963 budget were \$900 from the 1962 budget for tuition payments to outside schools and \$900 for the recreation program. The recreation program is operated through the school district budget.

Bonded debt payments in 1962 amounted to \$27,414 compared to \$33,570 in 1963. State taxes increased from \$2,062 to \$2,721. County taxes increased from \$36,820 to \$45,577 and county school taxes increased from \$30,484 to \$39,781.

Social security taxes remained at \$1,500 for both years and Wisconsin retirement fund payments increased from \$1,000 to \$1,300.

Tree program costs were raised from \$700 to \$1,100 and \$5,518 was listed for miscellaneous compared to \$267 in 1962.

Other Expenses

Village government costs were \$17,780 in 1962 compared to \$11,760 in 1963. Eliminated in 1963 was \$7,000 spent for reassessment this year. Village board salaries increased from \$2,200 to \$2,500.

Property and liability insurance costs increased from \$2,500 to \$3,000.

Protection for persons and property will cost \$13,500 in 1963 compared to \$18,300 in 1962. This includes an increase from \$6,900 to \$7,000 in police salaries, an increase from \$3,000 to \$3,500 in fire department expense and an increase from \$4,500 to \$5,000 in hydrant rental costs.

Sanitation Costs

Health and sanitation costs were reduced from \$6,500 to \$6,150. Appropriation for sewer construction was \$1,000 less.

The highway budget for 1963 amounts to \$81,300 compared to \$71,900 in 1962. This includes an increase of \$300 to \$2,000 for gas and oil, \$300 increase to \$6,000 as street commissioner's salary, \$5,000 increase to \$35,000 for road and street improvements, \$3,700 increase to \$5,000 for equipment purchases, \$2,800 increase to \$20,000 for street department salaries.

Sidewalk construction costs were reduced from \$5,000 in 1962 to \$1,500 in 1963. Street maintenance costs are \$6,000.

Estimated Receipts

State income tax receipts for 1963 were estimated at \$59,000, compared to \$56,000 in 1963. Utility tax decreased from \$23,000 to \$22,000. Telephone tax increased from \$900 to \$1,100 and dog tax and fire insurance refunds were estimated at \$300, compared to \$200 in 1962.

Sewer assessments are expected to bring in \$11,600 in 1963, compared to \$1,100 in 1962, but curb and gutter assessments will bring in \$1,100 compared to \$12,000 in 1962. The backlogging program in 1963 is expected to bring in \$10,000 in assessment charges. No program was carried out in 1962.

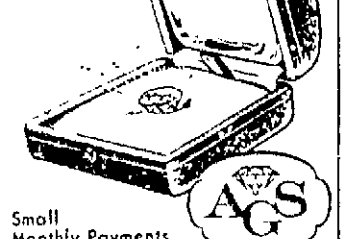

Street and receipts remained at \$7,000, automobile license allotment increased from \$1,500 to \$2,000; school transportation aids increased from \$1,000 to \$2,381 and state liquor allotment increased from \$1,000 to \$2,000. Rental incomes were raised from \$1,500 to \$2,000, police fines and fees were raised from \$300 to \$600 and miscellaneous receipts raised from \$4,500 to \$4,900.

Wisconsin Second in Meat Judging Contest

MADISON (AP) — Iowa State University won first place in an intercollegiate meat judging contest in Madison Tuesday. The event was held in conjunction with the International Livestock Exposition in Chicago.

The University of Wisconsin finished second and Missouri was third.

Library Board Okays Book for Adult Reading

Youth's Parents Call Attention To Obscene Parts

The Appleton library board agreed Tuesday that a book called "The Boy Who Swam With Piranhas" is not obscene and unfit for non-adults to read by an Appleton parent "does not exceed the limits of freedom of expression."

"We feel that the library has not been lax either in purchasing it or in allowing it to circulate," a committee report unanimously approved by the board said of the book.

The novel, based on life in Poland and the activities of two young lovers, was obtained from the library by a 17-year-old girl. She called the book to the attention of her parents, who found passages "unfit for reading." Her father brought the book to city

hall and complained that such literature should not be on the shelves at the library.

Mayor Clarence Mitchell asked the library board to review the book. Several board members who read it agreed that it was not objectionable.

The statement from the books and materials committee, approved by the board, said: "It is our belief that this book, judged as a whole, and not by parts, excerpts, or individual passages, does not exceed the limits of freedom of expression."

Parental Judgment

"Whether a parent would wish to allow an adolescent son or daughter to read this book is a matter of parental judgment and responsibility. The book, however, is classified as adult reading matter, and is not available in the library's youth department. We therefore feel that the library has not been lax either in purchasing it or in allowing it to circulate."

The board plans to send letters explaining its position to the many young people who had complained about the book.

Gordon Bebeau, chief librarian, asked the board if a policy requiring complaints of this nature to be referred to the librarian or

Elections Can Sneak Up on You; Spring Papers Available Friday

Hopefuls May Start Getting Signatures For City, County Office Nominations

Elections have a way of sneaking up on you.

A point of illustration is the word from City Clerk Elden Broehm that by the end of the week the machinery will be set in motion for the 1963 spring election.

Starting Friday, Appleton citizens may pick up nomination papers from the clerk's office at city hall as candidates for the common council, county board and board of education.

School Board

A total of 24 public offices will be up for grabs, including those of 10 aldermen, 11 county supervisors and three school board members.

Those entertaining the idea of becoming non-partisan candidates for city offices will have two months to circulate nomination papers. The deadline for filing is Jan. 29 at 5 p.m.

School board members whose three-year terms expire in 1963 are: Mrs. George Munro, 826 E. Alton, board president; Mrs. Walter Heil, 1735 N. Oneida St., and John A. Schneider, 628 E. South River St. They serve without pay. Any resident of the school district is eligible to seek office.

Aldermen in the city's odd-numbered wards concluding two year terms include:

First Ward, Richard G. Huismann, 1002 N. Superior St.

Third Ward, Kenneth J. Loos, 896 W. Winnebago St.

Fifth Ward, Alvin Tews, 1128 W. Lorain St.

Seventh Ward, Mrs. Dorothy Stillings, 1323 Oakcrest Court.

Ninth Ward, Robert J. Stumpf, 2207 S. Greenview St.

Eleventh Ward, Edward V. Krueger, 1707 S. Carpenter St.

Thirteenth Ward, Thomas K. Schneider, 530 S. Weimar St.

Fifteenth Ward, Allan Sonkosky, 1512 N. Wayne St.

Seventeenth Ward, Donald W. Mueller, 500 E. Randall St.

Nineteenth Ward, William F. Ertl, 1412 N. Mason St.

Members of the Appleton Common Council serve on a part-time basis and draw a salary of \$1,200 a year. They also get paid their expenses when making official trips out of the city.

County Board

Ald Huisman was elected by the common council to fill the First Ward post after the alderman in his ward, Roger LaBerge, was appointed the city scaler of weights and measures.

Ald. Tews, chairman of the council's finance and budget-examining committee, was the lone alderman without opposition when

the sought re-election two years ago.

County board members serve two-year terms and receive \$14 per meeting, including committee sessions. They also get expenses paid when out of the city on official county business.

Supervisors whose terms expire next spring include:

First Ward, Max M. Kuehn, 915 N. Clark St.

Third Ward, J. Joseph Cummings, 1203 N. Richmond St.

Fifth Ward, Frank R. Appleton, 1213 W. Lorain St.

Seventh Ward, Mark S. Callin Jr., 1614 S. Cornell St.

Ninth Ward, first precinct, Clarence L. Miller, 1822 S. Oneida St.

Ninth Ward, second precinct, Alyce Butler, 2104 S. Gladys Ave.

Eleventh Ward, Arthur Hoolihan, 632 E. Harrison St.

Thirteenth Ward, John G. Dietz, 719 S. Buchanan St.

Fifteenth Ward, Al C. Fischer, 1713 E. Glendale Ave.

Seventeenth Ward, Harry J. Cunningham, 626 E. Brewster St.

Nineteenth Ward, Gordon A. Schultz, 1010 W. Wisconsin Ave.

Residents taking out nomination papers for board of education need to have a minimum of 100 signatures. The number of signatures required by candidates for

Guidance Staff To Attend Clinic

The staff of the Outagamie County Community Guidance Center will attend the semi-annual meeting of the Wisconsin Association of Psychiatric Clinics for children in Milwaukee Friday and Saturday.

The program will include discussions on "The Care and Management of Autistic Children."

The Outagamie staff includes Dr. H. C. Cooper, psychiatrist; Dr. Alan Townsend, clinical psychologist, and Miss Elizabeth Vredenburg, psychiatric social worker.

Highway Committee Okays Bill Payment

Payment of bills amounting to \$23,836.62 has been approved by the Outagamie County Highway Committee. The amount includes the council and county board will vary by ward.

Broehm said residents planning to take out nomination papers will be supplied with the necessary information either by himself or members of his staff.

\$17,814.51 for crushed stone for county highway projects.

The committee also approved the highway department payroll for the Oct. 16 to 30 period, revenue received from machinery rental for October, and the payments to the Wisconsin Department of Taxation for October taxes.

Coin Lesion Appears as Shadow in Lung X-Ray

BY JOSEPH G. MOLNER, M.D. of tuberculosis, possibly some fault in the original development of the lung.

Dear Dr. Molner: What is a "coin lesion"? How serious is it and does it demand immediate action? Does it mean cancer of the lung in the near future? I am very much concerned. — B. E.

A lesion is a technical term for an abnormal condition in tissue. Coin means one which appears as a round shadow in an X-ray of the lung thing to make you panicky.

While about 40 per cent of coin lesions are cancer, the rest are of less ominous character. Segment of the lung is removed. Either way, discovery of such a lesion demands attention.

It does not mean "cancer of an entire lung may be removed. The lung in the near future." Either this is called a pneumonectomy, or it is a major procedure, but keep something else — which may be in mind that today a good many people are walking around with has an operation to prevent child-

Cataract Operation

Dear Dr. Molner: If an operation for cataract has not been successful, does the eyeball have to be removed? — J. A.

No.

Removal of Rib

Dear Dr. Molner: Have you written about "cervical right rib" or an extra rib arising from a cervical neck vertebra? Can this rib be removed to relieve pain and pressure from the back of the neck, shoulder and eye and temple? — MRS. F. C.

Yes, I've mentioned this as a cause of pain (or sometimes merely a tingling sensation) in the arm, shoulder or neck.

It isn't a true rib in the ordinary sense — just a prominence, or nubbin usually, arising from the side of a vertebra.

If large, it exerts pressure on nerves and/or arteries in the neck, producing various symptoms on the order of those you listed. X-rays will confirm whether this is the trouble. Yes, such a "rib" can be removed if necessary.

Child Prevention

Dear Dr. Molner: My husband and I have been told by two different people that after a man's

ren, the cord later can be connected and he will be able to reproduce again. We are both quite young. Is it possible to have children later? Are there any side effects and will the operation interfere with our sexual life? — MRS. J. E. B.

At times this reconstruction of the spermatic cord is possible, but it fails much more often than it succeeds, and then there's nothing to do about it.

Therefore my advice, either for this operation or a comparable operation in the wife, is not to have it done unless you regard it as permanent. In some modest percentage of cases, it is possible to "change your mind later," but more frequently you can't. (Neither operation will have any effect on sexual life, nor any other consequences, except impairment of the ability to have children.)

Republicans Ask Alaskan Recount

JUNEAU, Alaska (AP)—A recount of votes cast Nov. 6 for governor and secretary of state of Alaska, demanded by the Republican party, began Monday.

The GOP deposited \$2,000 to cover recount expenses after the State Canvassing Board reported errors or omissions in 132 of Alaska's 340 precincts. The board said most of the errors were minor.

The official canvass showed Democratic Gov. William A. Egan and Secretary of State Hugh Wade re-elected by 29,652 votes to 27,108 for Republican gubernatorial nominee Mike Stepovich and his running mate, Robert A. Ross.

The recount is expected to take nearly a week.

Oregon State's Baker Wins Heisman Award

Also Selected As the AP's Back of Week

CORVALLIS, Ore. (AP)—It was a big Tuesday for Terry Baker. Oregon State's brilliant quarterback.

The 6-foot-3, 191 pound senior was named winner of the Heisman Award as the best college football player in the nation.

His team was selected to play Villanova in the Liberty Bowl at Philadelphia Dec. 15.

He was one of eight seniors named scholar-athletes of the year by the National Football Foundation Hall of Fame.

The NCAA officially named him total offense leader in the nation for the season with 2,276 yards.

He announced he would play professional football.

He was named the most valuable player on Oregon State's team and his jersey was retired at the annual OSU football banquet.

And last week he was named to the All-Star team picked by the American Football Coaches Association.

And today he was named the Associated Press Back of The Week for leading his team to a 20-17 victory over arch-rival Oregon Saturday.

Baker said it was a long day. He spent much of it answering telephone messages that poured in from all over the nation.

"I'm a very lucky boy," he said.

He also spent much of the day in classes. He's a B-plus student in mechanical engineering.

On Friday, he will leave for New York to receive some of his awards. He will appear on a national television show Sunday. On Monday he will get the scholar-athlete award. On Wednesday, he will pick up the Heisman Award from Atty. Gen. Robert Kennedy and then return to practice for the Liberty Bowl game.

In the Heisman Voting by 1,109 sports writers and sportscasters, Baker compiled 707 points to 618 for Stovall. Then came Minnesota tackle Bobby Bell, Alabama Center Lee Roy Jordan, Miami quarterback George Mira, Wisconsin end Pat Richter, Michigan State fullback George Saimes, Georgia Tech quarterback Bill Luthridge, Wisconsin quarterback Ron VanderKelen and Brigham Young tailback Eldon Fortie.

The Heisman Award is presented annually to the outstanding performer in college football. Attorney General Robert F. Kennedy is scheduled to make the presentation at the New York Downtown Athletic Club, which sponsors the trophy, on Dec. 5.

Oregon State Quarterback Terry Baker returned to his studies Tuesday after learning that he had been named winner of the Heisman Trophy as the nation's top college football player. Baker is a B-plus student in mechanical engineering. (AP Wirephoto)

UW Outlines Plans for Bowl Tickets

MADISON (AP)—The University of Wisconsin Rose Bowl committee Tuesday outlined plans for distribution of the 13,000 tickets allotted Wisconsin for the New Year's Day football game in Pasadena, Calif.

Wisconsin students, faculty and employees have first crack at the tickets which sell for \$7 apiece.

Next in line are regular season ticket holders, national "W" Club members and alumni association members who will be sent application blanks on Wednesday. There is a limit of two tickets per application.

Students on the Madison campus may make ticket applications in person on Dec. 5 and 6. Special provisions to be announced later allow applications by University of Wisconsin-Milwaukee and extension students.

FIGHT RESULTS

By The Associated Press

NEW YORK—Jose Stabile, 145½, Cuba, stopped Cecil Lewis, 11½, Washington D.C.

PORTLAND, Maine—Freddie Butts, 148, Portland, knocked out Chico Fisher, 147, Boston.

SACRAMENTO, Calif.—Jim Fletcher, 201½, Los Angeles, knocked out Bill McMurray, 208, Sacramento, 1.

Preble Gains 72-55 Win Over Menasha

Post-Crescent News Service

—GREEN BAY — You'd never have guessed that Preble was playing its first game of the year.

It looked like the Hornets were in mid-season form to head off a Menasha club that wouldn't give up, 72-55, in the Preble Gym Tuesday night.

The Hornets blistered the nets at a 51 per cent clip, hitting on 30 of 59 shots from the floor, and had an incredible first half, making 17 of 31 shots for a 55 per cent mark.

Robin Hering led the Hornet, scoring barrage with 25 points. Five first-frame buckets came from beyond the 15-foot mark.

Gaylan De Namur contributed 19 points to the Hornet cause, hitting on 8 of 18 attempts from the floor.

Tom Konkol led the Menasha quintet with 24 points.

Special Attention Given to Blocking In Packer Workouts

Currie and Hornung Expected to be Set For Ram Tilt Sunday

Post-Crescent News Service

GREEN BAY — The Packers are in the process of snapping back from the 26-14 loss to the Lions Thanksgiving Day.

This week's drills are especially active and include the taxing agility drills for all members of the squad. In addition, special attention was given to the offensive line's blocking.

DePere Quint Rallies to Beat St. Mary

Daanen Scores 30 Points in 66-62 Verdict

DE PERE—St. Mary fell victim to a fourth quarter flurry on the part of East De Pere's Redbirds here Tuesday night and dropped a 66-62 decision.

The Zephyrs had led, 45-42, going into the final quarter but the Redbirds connected for 24 points while allowing St. Mary only 17 to grasp the victory.

Jerry Daanen led De Pere with 20 points, on seven buckets and six free throws, in the fourth period. He easily won scoring honors for the game with 30 markers.

Jim Karisny paced St. Mary with 17 points. John Timm had 16 and Tom Johnson added 14 for the Zephyrs.

It was Timm, who led the St. Mary third period attack with nine points. The push moved the Zephyrs from a point behind to a 3-point lead.

Milwaukee Trades Adcock, Curtis for Funk and Dillard

Cubs Acquire Steve Boros In Exchange for Anderson

BY JOE REICHLER

ROCHESTER, N.Y. (AP)—Lew Burdette was expected today to follow Joe Adcock to other pastures in the unloading of Milwaukee's well-seasoned baseball stars of the old glory days.

Adcock, a key man of the 1957-58 national league champions, was shipped to Cleveland Tuesday night in an inter-league trade that brought pitcher Frank Funk, outfielder Don Dillard and a third player to be delivered at a later date.

The Braves also sent along Jack Curtis, a left-handed pitcher, whose contract was assigned to Cleveland's Jacksonville farm club in the International League.

And then in today's wee hours, the Detroit Tigers solidified their sagging bullpen by acquiring right-handed pitcher Bob Anderson from the Chicago Cubs in exchange for third baseman Steve Boros.

It was the third deal in a week for Detroit, which is expected to use newly acquired John (Bubba) Phillips at Boros' position next Tuesday night.

Dennis Diehrick, Bruce Hammen and Dave Van Vreede combined for 26 points to lead the Dutchmen. Diehrick and Hammen shared high honors with 11 each.

The Dutchmen posted a balanced attack as seven players got into the scoring column and the lowest had four markers. Senior Bill Janssen also hit in the double figures, recording 10 from his guard spot.

Scores 16 Points

Scoring honors for the game went to Carl Schroeder, of Oconto Falls, with 16 points on seven field goals, better than half of the team's total, and a pair of free throws.

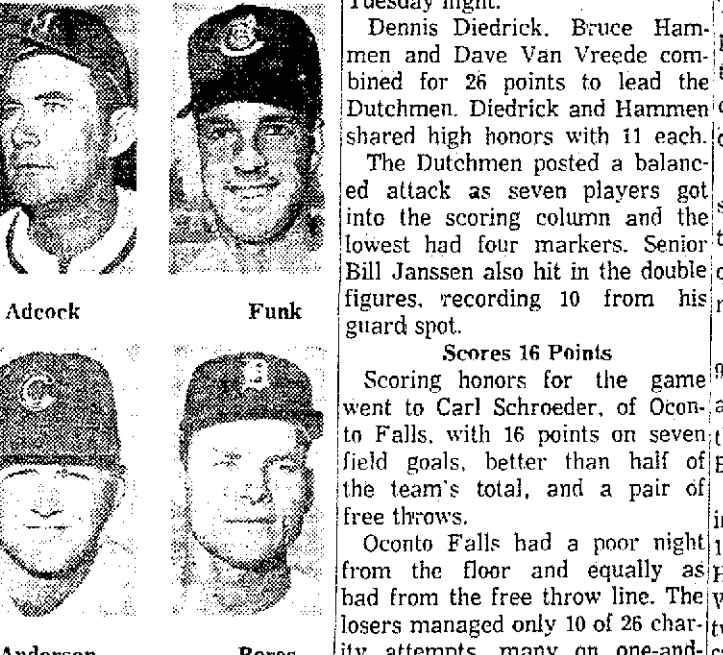

Oconto Falls had a poor night from the floor and equally as bad from the free throw line. The losers managed only 10 of 26 charity attempts, many on one-and-one situations, as the Chutlers were whistled for 21 fouls.

After opening up a 11-7 lead at the end of the first period, the Chutlers moved comfortably ahead with a 20-point outburst, their best of the season, in the second segment. Van Vreede and Janssen led the way in the second quarter with a pair of field goals apiece.

St. John 51 Oconto Falls 36

Idea on Defense

The Rams likely were watching the Thanksgiving Day game with great glee since it might have given the Rams' new coach, Harold Svara, some ideas on defending the Packers. Fortunately, the Rams don't possess four defensive linemen to equal Darris McDord, Sam Williams, Roger Brown, and Alex Karras. There is the other reaction, which all the Packers backers are hoping is merely that the Packers will rebound with great gusto.

The Rams are practicing at Marquette University in Milwaukee this week. They'll stay on next week to get ready to play the Bears in Chicago.

The Packers heard the scouting report from Wally Cruise after practice today. Cruise sat in on the Rams' 24-24 tie with the Vikings Sunday.

Larry Ferguson Named Iowa's Most Valuable

IOWA CITY, Iowa (AP)—Larry Ferguson, Iowa's leading ground gainer and top scorer, won the Hawkeyes' most valuable football player award Tuesday night.

Paul Kause, floater back from Flint, Mich., and Wally Hilgenberg, guard from Vilton Junction, Iowa, were named co-captains of the 1963 Iowa football team.

Pick VanderKelen Wisconsin's MVP

MADISON (AP)—Quarterback Ron VanderKelen was named Wisconsin's most valuable player in Pasadena.

The evening's featured speaker was Dr. Edgar L. Harden, president of Northern Michigan.

Reports Indicate Barr's Surgery Was Successful

ANN ARBOR, Mich. (AP)—Terry Barr, captain of the Detroit Lions pro football team, underwent an operation for a knee injury Tuesday at the University of Michigan medical center.

Preliminary reports indicated damage to cartilage and ligaments was repaired and that Barr will be able to play again next year.

At the time he first injured his left knee in the Lions' game with the Los Angeles Rams in October, Barr was Detroit's leading pass receiver with 35 catches for 425 yards. He re-injured the knee in the game with the Green Bay Packers Thanksgiving Day.

Gary Ballman Placed On Steeler Active List

PITTSBURGH (AP)—The Pittsburgh Steelers of the National Football League placed halfback Gary Ballman on their active roster Tuesday, replacing injured Major "W" awards went to 38 players while three others received minor letters.

Given special attention were 14 seniors who will make their last appearance in a Badger uniform.

The 23-year-old Green Bay senior was awarded the trophy at the annual Badger football banquet after a vote by his teammates and coaches.

VanderKelen, who played only 90 seconds of varsity ball before assuming the signal calling berth this year, was named to the All-Big Ten team earlier in the day.

He completed 91 of 163 passes in the nine-game schedule for 1,181 yards and 12 touchdowns. He also ranked second among Wisconsin ball carriers, scoring twice and gaining 252 yards in 63 carries for an average of 4 yards per try.

In presenting the award, Coach Milt Bruhn referred to his quarterback's late but fast rise to football prominence, saying, "He developed more than we had hoped. He really amazed us this past year."

Bruhn said the 1963 captain would be elected after the Rose Bowl game against Southern California Jan. 1.

The Ivan Williamson award for sportsmanship went to halfback Gary Ballman on their active roster Tuesday, replacing injured Major "W" awards went to 38 players while three others received minor letters.

Given special attention were 14 seniors who will make their last appearance in a Badger uniform.

Defending Co-Champs Will Clash

MID-EASTERN CONFERENCE (Final 1961-62 Standings)

| | W | L |

| Two Rivers | 12 | 2 |
| Kimberly | 11 | 3 |
| Clintonville | 6 | 8 |
| Shawano | 6 | 8 |
| Menasha | 5 | 9 |
| New London | 4 | 10 |
| Kaukauna | 0 | 14 |

BY JIM HARP

Post-Crescent Staff Writer

The Mid-Eastern Conference title chase opens Friday night and through the cold winter months it shapes up as a hot race for the crown.

Defending co-champions Neenah and Two Rivers both have a sufficient number of returnees to rank as top contenders. In addition, Kimberly, Clintonville and Shawano loom as possibles. Menasha, with six lettermen, will be stronger.

The league gets off to a flying start Friday when Neenah visits Two Rivers in the feature tilt. In other games New London will be at Kimberly, Shawano at Menasha and Clintonville at Kaukauna.

Kaukauna and New London, seventh and eighth place finishers last season, will be struggling to move up but both appear to be in the process of rebuilding.

Neenah rates as a powerhouse again with three regulars back and seven lettermen in all. Two Rivers has three regulars with its four lettermen and Shawano has the league's scoring king, Tom Wagner in addition to three other letter winners.

Here is a rundown of teams:

Neenah: Veteran mentor Ole Jorgensen has seven senior lettermen including starters Dave Neubauer, Dick Kuehl and Dick Rogness. Other letter winners are Ewal Wollerman, Joe Began, Jim Johnson and Harold Thomas.

The Rockets have good size with Rogness and Johnson at 6-4 and Kuehl and Thomas at 6-3. Junior candidates are Dave Buchberger, Pete Cuisnier, Tom Diehrick, Tom Johns and Gene Loughrin. Neenah has won all three of its non-league starts.

Menasha: Lettermen for the Bluejays include Mark Pawlowski, highest scoring sophomore in the conference last season; George Massey, brother of Coach Clem Massey; Dean Ristau, Tom Konkol, Bill Herrbold and Phil Strong. Ristau and Herrbold, along with Pawlowski, were regulars.

Pawlowski and Massey have not seen any action for the Jays so far because of football injuries. When they will be ready for duty is still not known.

Two Rivers: Coach Warren Otto has a squad of small but fast cagers including lettermen Jim Donchek, Lee Spiering, Phil Rehruar and Jim Schroeder. This quartet has been playing together since their sophomore season and give the Raiders a good nucleus. Donchek and Spiering are the only two who top the 6-foot mark.

Two Rivers downed Neenah twice last season, including one.

Braves Trade Joe Adcock To Cleveland

CONTINUED FROM PAGE 10

when I was managing Spokane and liked him then. He hasn't come as fast as I thought he would but he still has great potential. He is fast, has a good arm and is not a bad hitter. I will play him in left field against right-handed pitching."

Bragan said he expected to play Tommy Aaron at first base. Aaron hit .231 in 141 games as a rookie in 1962.

"Tommy batted .386 from June 15 to the end of the year," said Bragan. "Whenever I saw him he was a left fielder but John McHale (club president) and Ray Hayworth (chief scout) tell me he is another Vic Power at first base. That is a big compliment."

Punk, a 26-year-old right hander, did a fine relief job for Cleveland in 1961 when he won 11 games but slumped to a 2-1 record last season before he was shipped to Salt Lake City.

Dillard, 26, is a left-handed pitcher who was used as a utility outfielder and hit .230 in 95 games for the Indians.

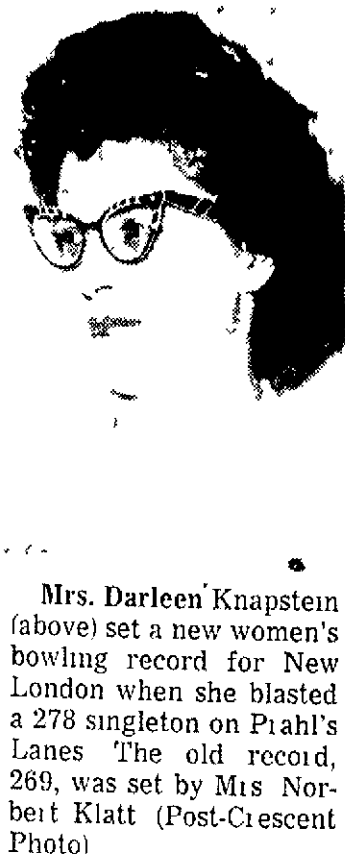

Adcock, right-handed slugger with 270 home runs and a .282 lifetime average, dropped off to .248 last season but cracked 29 home runs and drove in 78 runs in 121 games. The 35-year-old first baseman played under Tebbetts when Birdie managed Milwaukee last year.

Joe is the Top Banana Cleveland didn't have last year, said Tebbetts. "He's the guy who can deliver the long ball for us. The Indians were last in the majors in hitting in '62. He should do well in the Cleveland park."

Tebbetts said Tito Francona, who played first base last season, would move back to left field.

Anderson, who played under Detroit Manager Bob Scheffing in the Pacific Coast League and at Chicago when Scheffing managed the Cubs, appeared in 53 games last season as a reliever. He had a 2-7 record and a 5.83 earned run average in 106 innings that also included four starts.

Boros, 26, after a fine rookie season in 1961 when he batted .270 and hit only 228 last season, he was signed off the University of Michigan campus in 1957 for a \$25,000 bonus. In 1962, he hit 16 home runs and knocked in 47.

Mrs. Darleen Knapstein (above) set a new women's bowling record for New London when she blasted a 278 singleton on Prah's Lanes. The old record, 269, was set by Mrs. Norbert Klatt (Post-Crescent Photo).

Doris Bellile Smashes 621 Honor Series

NEW LONDON — Doris Bellile has produced the second outstanding women's bowling score within a week at Prah's Lanes.

Doris smashed a 621 national honor series in the TV Couples League. Her games were 180, 208 and 233.

Earlier, in the Women's All Star League, Darleen Knapstein had smashed a 278 line — to set an all-time New London record for women. She finished with a 522 series.

Other high scores in the All-Star League were a 206 game and a 545 set by Winnie Johnson and a 195 and a 503 by Joyce Sweeney.

Terp Lineman Signed by Browns

CLEVELAND (AP) — The Cleveland Browns Tuesday signed Roger Shoals, a 6-foot-5, 245-pound tackle from the University of Maryland. He had been drafted in the 16th round in 1960 when he still had two years of eligibility remaining.

Paul Brown, coach and general manager of the Browns, said he represents the hopes we have for some new big linemen. He is intelligent, has a good reputation and should get even bigger.

Gib Nabbefeld Hits Leading 625 Series

Ed Isaacson Thunders 278 Line In Appleton Coated Pin League

Gib Nabbefeld pounded a 286 only other honor counts were a 550 game and 625 series to sweep in set by Glen Ohm and a 227 line and 594 series by Frank Sanders. St.

Scratch League at Hahn's Lanes Tuesday night.

Reetz Brothers posted a high team game count of 1,039. Reetz (23-13) leads the league with Beiggen Brothers a half game off the pace.

Other honor scores included John DeYoung 604, Bob Schmitz 603, Herb Brock 600, Wally Moore 597, Chuck Bayer 593, Al Seeman 593, Ed Flood 580, Nate Belling 229-578, Ken Falk 371, Ralph Lorenz 571, Don Strutz 571, George Panke 573, Mike Court 561, Norm Joecks 554, Conny Knaus 553, Ed Grassl 550 and Orv Strutz 550.

Ed Isaacson thundered a 278 singleton in the Appleton Coated Pin League at Hahn's Tuesday night to tie for the second highest score of the season at local lanes. Ken Bastian had a 278 on Oct. 15.

Gordon Simon had a 602 series to share individual honors and

Roger Brandt Slams 621 in Couples Loop

Joan Reitzner Pounds 540 Set In Fish League

Dude Hahn pounded a 254 game and Roger Brandt hit a 621 series to lead the Cigarette Couples League at Hahn's Lanes recently. Hahn finished with a 551 series.

Hit Parade (16-2) has a 4-game lead on the Raleigh team.

Other honor scores included a 199 game and a 535 series by Shirley Ardell to lead the women and Larry Shebelski 563, Anita Paris 211 and Lohita Schade 198.

Howard Eitl slammed a 237 game and 587 series for top men's honors in the Rainbow Couples League at the 41 Bowl.

Hits 200 Game

Shirley Giesbers pounded an even 200 to lead the women. Glenn Thompson had a 232 game and Glen Creapo hit a 226.

The Black team (12-6) is in first place with Gray and Crimson tied for second one game off the pace.

Helen Bauer smacked a 198 game and Joan Reitzner powered a 540 series to lead the women keglers in the Fish Couples League at Hahn's. Reine Reitzner recorded the men's high a 233 singleton and "Perk" Parsons had a 561 series.

Other honor counts included Yvonne Vindhurst 193-503 and Joan Reitzner 196. The Whitefish (14-4) lead the league.

Vern Kroll slammed a 601 series to set the pace in the Post-Crescent Couples League at Hahn's.

The Pressroom (14-4) leads the league. Only other honor scores were a 574 by Dick Brautigam and a 552 by Dick Mittlestadt.

Appleton School Board Gets Request to Institute Wrestling

The Appleton board of education Monday received a request that it consider wrestling as a full-time sport.

The request came in a letter from F. A. Methylner, president of the Appleton Juvenile Furniture Co.

Superintendent of Schools Royce E. Kurtz said wrestling has been discussed and might at some time be recommended to the board. It could be an intramural sport or a competitive sport on a limited Fox Cities basis, he said.

The main problem would be finding a competent coach, he said.

Bulldog Quintet

Tips Hortonville

Ken Eggert Paces 62-45 Win
By Scoring 16 Points

BY JOHN SAWALL
Post-Crescent Staff Writer
NEW LONDON — Avenging a non-conference defeat of last year, the New London Bulldogs downed the Hortonville Polar Bears, 62-45, here Tuesday night.

For New London it was the second non-conference win of the young season.

The Bulldogs were paced by center Ken Eggert who controlled the backboards and was high scorer with 16 points. The first quarter ended 10-9, in the visitors' favor. Len Lathrop opened the second quarter by dropping in three points from the foul line, giving New London the lead for the first time in the game. The Polar Bears re-

Neenah Duels Two Rivers In M-E Opener

CONTINUED FROM PAGE 10

97-94 overtime thriller that set a new conference scoring mark.

Clintonville: Despite a group of seven lettermen, Coach Carl Bruggink has been having trouble getting the Trucker unit sound physically. A number of cagers reported late or were withheld from early action because of foot-ball injuries.

Lettermen include Dennis Bodo, Bill Meizer, Tom Wurl, Pete Smith, Bill Neinke, Dave Hedtke and Bob Hoffman. Bodo and Hedtke are the tallest men on the team. Both hit the 6-2 mark.

Kimberly: Coach Dave Genzmer, in his second year at the Parkersburg helm, has only two lettermen but a host of players who saw a limited amount of varsity experience last season.

Lettermen are Lee Levknecht and Wes Vander Velden. In non-conference play, the Papermakers won Appleton in double overtime and thumped St. John of Little Chute. They dropped a 1-point decision to Oshkosh.

Leading candidates along with the two lettermen are John DeWitt, Dennis Kroner, Jerry Wynyard, Keith Buchberger, Dennis Eagers, Jim Rennebohm and Gordon Zillges.

Kaukauna: The Ghosts, who lost all 14 conference games last season, recorded a non-league win over Sheboygan North and dropped a heart-breaker to Fond du Lac after leading most of the way.

Coach Jerry Hopfensperger expects improvement as his comparatively young team moves along. Lettermen are Dick Promer, Tom Otte and Dave Lamers. Sidouts include Tom Hiestand, Bob Van Ellen and Mike Andrews.

New London: Coach Gar Armormann has three returning non-gram winners in Joe Prohaska, Ken Eggert and Steve Hoier.

The trio along with Gary Glocke, John Moriarity, Len Lathrop and Ron Schoepke are expected to carry the brunt of the attack.

The Bulldogs won a non-conference tilt with Seymour as Eggert pilled in 31 points.

Shawano: Guard Tom Wagner will be the main cog in the Shawano attack again this season. The tricky ball-handler was an all-conference and all-state pick as a junior and wound up with an average of 21 points per game last season.

Other lettermen for the Indians are Don Easterling, Tom Grover and Dave Arnold. Grover is the tallest man on the team at 6-3.

The schedule:

Roosevelt '5' Will Begin Title Defense

6 Frosh League Teams Change Coaches for 1962-3

Fox Valley Freshman League basketball teams will open Thursday afternoon with traditional foes meeting each other.

None of the seven teams, including defending champion Roosevelt, will have outstanding height. In fact, few players in the loop will stand much above the 6-foot level.

Six of the seven teams will have new coaches. Only Rollie Winter returns from last season's lineup. Winter will begin his 18th season.

The new coaches will be Del Schuh at Madison; Dave Hash at Kaukauna; Walt Rennebohm at Kimberly; DuWayne Carl, at Neenah; Don Wittich, at Menasha; and Bill Radke, at Wilson. Radke is returning after being forced out with illness last year.

Thursday's Games
Roosevelt will be at Wilson, Kaukauna at Kimberly and Neenah at Menasha Thursday.

A rundown on the teams:
ROOSEVELT — Winter is selecting his starters from a squad of 13. The tallest is Jon Griffith (6-2), who along with Jeff Rushton, Larry Einspahr, Nick Reison, Russ Berggren, Jerry Mahl and Gary Schwertke and Fred Erhardt are competing for the three front-line positions. The backcourt prospects are Tom Maves, Steve Winter, Jay Pino, Rick Hostettler, and Tom Keane.

WILSON — Radke has cut his squad down to 13 with Todd Voss, Jim Gregarious, Jeff Huttenberg, Mike Zeeman and Gary Feurst having the inside track on the starting jobs. Others on the team are Jim Miller, Mike Laux, Chuck Gillett, John Bauman, Dave Olson, Bill LeDain, John Spetch and Gene Gunderson.

NEENAH — James Allen, Jim Koepke, Pete Kuehl, Mike Malone, Joe Muench, James Smead, Dave Wollerman and Greg Schmidli are the leading candidates for starting positions at the moment. Schmidli is the tallest, at 6-2.

MENASHA — Wittich has Jim Bauhs, Dave Christensen, John Kauft, Preston Alvadi, Dave Johnson, Bill Matowitz, Paul Blohm, Dan Hoks, Jim Weverberg, Mike Knoll and Ken Nelson as top candidates.

KIMBERLY — The Kimberly starting lineup will probably consist of John Rieder and Jim Corey, both 5-9, at the guards; Leo Anthony at center; and Dave Weiland and Tom Van Cuyk at the forwards. Others on the team are Bob Van Gompel, Bob Dercks, John Wolfinger, Jim Bousenshutz, Dick Meikl, Dan DeWerte, Mike Hoppe, Jim Larc, Dennis Van-eenhoven, Dan Larson, Bob Kroner, John Treptow and Dave Smits.

KAUKAUNA — Greg Eshler, John Nielsen, and Bob Main are the three of the top forward candidates, with Bob Promer and Bob Pendleton competing for the pivot slot. The starting guards will be selected from Jack Capen, Jim Haen and Garv Reimer.

Other players on the team are Tom Collins, Tom Gast, Mike Gondek, Jeff Kobin, Art Lamers and Don Priebe.

MADISON — Schuh will select his forwards from among Dick Erickson, Dennis Vauhel, John Kufura and Mike DeYoung. His three guards (he will use a 3-out, 2-under system) will be chosen from Ron Brinkman, Gary Eckes, Dave Snowl and Gorham "Happy" Kinden.

Lions and Bears Win Second Straight in YMCA Grade League

The Lions and the Bears swept to their second straight victories in the YMCA Grade School Boys Basketball League Saturday.

The Lions defeated the Reavers, 28-14, and the Bears edged the Rams, 12-11, in overtime. The Tigers trimmed the Wolves, 19-15, in the other league game.

Tom Jones, of the Lions, took league scoring honors with 16 points. Ken Zelle, of the Tigers, hit nine points and Gary Bleier, of the Reavers, had eight.

They'll Do It Every Time

Ole Miss Could Be Offense, Defense King

Badgers Highest Scoring Team In Country

NEW YORK (AP)—Mississippi the major college defensive leader, has an outside chance of winding up the current season as both the offense and defense king of the major colleges.

Ole Miss needs only to beat Mississippi State Saturday to complete the first undefeated-untied season in the school's history. Its 13.8 yards-against defense average appears safe. Second place Memphis State, which already has finished its season, has a 147.1 average.

Minnesota is first in rushing defense (52.2) and New Mexico in forward passing defense (36.8). Ole Miss is third in rushing defense (70.4) and second in forward pass defense (61.4).

Offensively, Wisconsin leads the team scorers with an average of 31.7 points per game. Ole Miss, in eighth place with a 27.1 average, would need to score 69 points against State to overcome Wisconsin.

Ban on Boxing Would Drive It Underground, Says Fleischer

ALBANY, N.Y. (AP)—A legal ban on professional boxing in New York State would drive the sport underground and result in more injuries and deaths from "boot-leg" fights, a veteran ring observer warns.

Nat Fleischer, 75-year-old editor-publisher of Ring Magazine, told a legislative committee Tuesday that there were "a sufficient number of persons highly enthused over it who will go to any lengths to attend boxing, no matter what the situation."

"If we abolish the sport, boot-leg boxing will return," he declared. "No amount of police interference will stop it."

Fleischer was the principal witness at the final session of a two-day public hearing by the Joint more efficient and more apt to react quickly in dangerous situations.

Irishmen Lead Comeback

Notre Dame Girds for Upset Win Over USC

SOUTH BEND, Ind. (AP) — Up Kelly have done much in Notre Dame's sizzling last-half comeback this season.

After surprising Oklahoma 13-7 in the 1962 opener, the Irish were flattened consecutively by Purdue (24-6), Wisconsin (17-8) Michigan (31-7) and Northwestern (35-6).

Lamonica Won Spurs
Then senior Daryle Lamonica of Fresno, Calif., won his spurs as the unquestioned No. 1 quarterback in a 20-12 victory over Navy, and the resurgence was on.

Hogan became the lead ball-carrier, zipping 412 yards for a 5.4 average. Farrell is next with 227 for 4.1. Each has scored four touchdowns. Third in rushing, and first in kickoff returns, is still an other rookie starter, halfback Ron Bley of New York.

Kelly, a 6-2, 200-pounder from Clairton, Pa., has developed into one of the finest Notre Dame pass-catchers ever. He snared 5 in Notre Dame's 35-12 smashing of Iowa last week. It gave him 36 receptions for the season for 475 yards—both school records.

He also has taken four touchdown tosses from Lamonica, a now-confident field general who has hit on 52 per cent of his aerials for 756 yards and has run the option for 155 more.

Stanford to Waste Little Time in Replacing Curtice

STANFORD, Calif. (AP)—Stanford will waste no time in replacing Jack Curtice, the university's sixth football coach who finally was officially fired Tuesday.

Athletic Director Al Masters, who retires next summer, said he already has a number of applicants. He wouldn't say who and he emphasized it was his decision to fire Curtice although the new man will have to work with Chuck Taylor, now Masters' assistant, and Curtice's predecessor as coach.

"It's my responsibility to find a new coach. I'll screen the applicants and I'll do the recommending," Masters declared.

He said there was no deadline for finding a new man but "I'd like to have the job done in a month."

Elmer Valo Named Coach by Cleveland

ROCHESTER (AP) — Elmer Valo, veteran of 20 years in the majors, was named the coach of the Cleveland Indians Monday.

Valo, who spent most of his time with the old Philadelphia Athletics, was a scout for the New York Mets last season. His last active year as a player was in 1961, when he played with the Philadelphia Twins and Philadelphia Phillies.

Five records were broken during the season. Single game marks included Ohio State's 517 yards gained against Illinois and Illinois' 42 passes attempted against Minnesota.

Season records included Minnesota's 58.2 yards rushing per game and Northwestern's average of 199.5 yards a game passing and Michigan State's 3.7 average in most fumbles lost.

Wisconsin, in gaining its eighth championship and fifth undisputed title, average 5.0 yards per play and 337.0 yards a game.

Pointers Defeat Allen-Bradley

STEVENS POINT (AP)—Stevens Point State opened its basketball schedule Monday night with an 82-62 triumph over Allen-Bradley, independent club from Milwaukee.

The Pointers, making their debut under coach Bob Krueger, led all the way and held a 45-30 cushion at the half.

John Krueger led the winners with 28 points while Wayne Monson topped the losers with 27.

Jimmy Surges

Brown Ties Taylor For Scoring Lead

NEW YORK (AP)—Jimmy Brown, eclipsed most of the National Football League season because of a painful wrist injury, is on a late-season surge to win the scoring and rushing titles in keen competition with Green Bay full-back Jim Taylor.

Brown, with two successive top-grade performances while Taylor was stymied by both Baltimore and Detroit, tied the Packers' full-back for the scoring lead with 90 points, and moved into third place in rushing, but a hefty 391 yards from the top.

Taylor, who got only 47 yards against the Detroit Lions on Thanksgiving Day as the Packers suffered their first loss, has 1,168 yards for a 5.6 average. John Henry Johnson of Pittsburgh is second with 918 yards and Brown, the rushing leader for five consecutive seasons, has 777.

Taylor and Brown each have scored 15 touchdowns rushing and could break the NFL mark of 18 held by Brown and Steve Van Buren. Both have three games left.

Eddie LeBaron, the Dallas Cowboys quarterback hobbled by injuries for three games, still tops the passers, with Bart Starr of Green Bay second and New York's Y. A. Tittle third. Tittle is tops in passing yardage with 2,679 and touchdown passes, 25.

Washington's Bobby Mitchell is the leading pass receiver with 53 for 1,073 yards and 11 touchdowns. Sonny Randle of St. Louis is second with 51 completions for 870 yards. Del Shofner of New York has caught 47, but they've gained 1,021 yards and 11 TDs.

Trick Stuff Usually Doesn't Pay Off, Paul Dietzel Says

WEST POINT, N.Y. (AP)—Gimmicks and guessing games are uppermost in the minds of the Army and Navy football coaching staffs as they head for a Saturday showdown in Philadelphia. Army Coach Paul Dietzel said today, "Right now we're in the midst of a real great guessing game between the schools."

Dietzel said, "Each school knows very well from scouting what the other has been doing all season. 'The problem is to figure out what tricks or deviations the opponent might employ.'"

"In the final analysis, of course, it's sound basic football which wins a game. The trick stuff usually doesn't pay off."

Colored Helmets
Dietzel admitted that Army's junior varsity team, playing the part of Navy in the intensive drills here, is wearing a variety of brightly colored helmets and jerseys with mottos printed on them such as "Beat Army" which the Middies used a year ago.

"We are getting the team ready for every kind of gimmick possible," Dietzel said.

Navy has won the last three meetings and has used uniform innovations as part of a psychological warfare in which Navy Coach Wayne Hardin believes eligible pass receivers among Middle players broke out with brilliant orange head gear in 1961 as an example.

"We've studied films of the last three games with Navy since Hardin has been coach," Dietzel added. "We're trying to be alert for anything he might pull which he's used before."

Bleier's Bar Cops First Round Title In Volleyball Loop

Bleier's Bar won the first round championship in the Appleton Recreation Department Men's Volleyball League with a 2-0 record. In the latest round of games, Bleier's downed Valley Ready Mix, 15-5, 15-4 and 15-11.

Sindahl's and the Power Company Chargers tied for second with 16-5 marks, Appleton Mills was 9-12, Police Department, 8-13, AAL, 7-14, Valley Ready Mix, 5-16 and Power Company Kilo, 2-19.

The Chargers took two from Sindahl's by scores of 16-14 and 18-16 before losing, 15-6. AAL took two from the Kilowatts, 15-5 and 15-9 and then bowed 15-9. Appleton Mills swept three from the Potidium.

But the toastmaster, Frank Dolson, who was saving Dudley and the big announcement for the grand finale, called on Bell to say a few words earlier.

Out slipped Oregon State, then laughter, then an apology from Bell that he thought everyone knew.

Taliaferro, Deller Are Illinois Captains

CHAMPAIGN, Ill. (AP)—Quarterback Mike Taliaferro and guard Dick Deller were elected co-captains of the 1963 Illinois football team Monday night at the annual Rotary banquet.

Taliaferro gained 1,139 yards passing and Deller played 333 minutes, more than any other member of the Illini.

Pond Sport Shop walloped Reelson's, 99-59, in the opening slate of the Appleton YMCA Men's Basketball League Monday night. Zussman's topped Leath's, 77-54, and Norm's Color Shop edged Berggren's Sport Shop, 57-53.

Tom Peerenboom led the Pond assault with 27 points. Joe Bow-ers paced Reelson's with 26 mark-ers.

Paul VanderHeyden dumped in 20 points to lead a strong second half surge by Norm's. Warren Polman fired in 18 points to lead Berggren's.

Jeff VanderVelden was the big gun for Zussman's with 24, while Don Mark topped Leath's with 25.

Ribicoff Urges Golf be Kept 'A Game of Legs'

PALM BEACH, Fla. (AP)— Sen-elect Abraham Ribicoff, D-Conn., a golfer since his caddy days, doesn't think much of traveling from tee to tee via motor cart.

Ribicoff said he recognizes the value of these vehicles for elderly or partially disabled players, but "what I object to is the sight of four healthy young men in the 30s riding around a golf course—each of them 10 pounds overweight or more."

Ribicoff told the Professional Golfers' Association President's dinner Tuesday night the PGA should endeavor to keep golf "a game of legs—not of wheels."

The PGA honored top money winner Arnold Palmer as golfer of the year. Tom Lo Presti of the Sacramento, Calif., was hailed as club pro of the year.

Plaques were given to Olin come just that much more. The money he now makes is applied to necessities—as a bicycle for delivering his papers—and to accumulate a savings for future education.

Eagle River Tree Camp Ends Record Year of Operation

Trees for Tomorrow Camp, Appleton, 16, Appleton-Fox Valley, Eagle River, has concluded its 17th year of operation.

An all-time high 1,120 students from 141 high schools, registered for three day workshops at the camp.

Representing universities, colleges and industries, 113 visiting groups, 5 Shionton 5, Stockbridge, lecturers talked to adult groups at 3, and Wrightstown, 6 the camp this season, according to Summary and Appraisal, a from the Fox Cities area include er League Convention at Grace Paper Co., Kaukauna, second vice president, and members of the board of directors, Stanton Mead as delegates from the Luther League of First English Church, Bubolz, Terry Gunderson and Terry Maves, attended the North Wisconsin District Lutheran Church of Green Bay.

Valley People Have More Spending Money Than Ever Before

Only 29 Per Cent of Fox Cities Area Incomes Go for Necessities

Special to the Post-Crescent

Families in Outagamie, Calumet, Winnebago and Waupaca counties have more money at their disposal now after providing for basic necessities, than ever before, despite rising prices.

On the average, they use only 29 per cent of their net income, after taxes, to meet expenses for food, shelter and clothing. The figures are based on cost of living studies made by the Labor Department and latest consumer market statistics for each area.

In Outagamie County, 13 per cent of net income is spent for food, 3 per cent for clothing and 13 per cent for housing, including the cost of utilities. Thus, 71 per cent remains for so-called discretionary spending.

This is used, to an extent dictated by individual preferences, for transportation, medical care, personal care, reading and recreation, savings, education and other goods and services.

Calumet Average

In Calumet County, 24 per cent of net income is spent on food, clothing and shelter. Broken down Sunday, further we see that 10 per cent goes toward food, 1 per cent for clothing and 13 per cent for housing. This leaves the family in Calumet County with 76 per cent of their net income for other spending.

Waupaca County residents spend the largest percentage for the three basics. Food, clothing and shelter take 35 per cent of the net income. Food takes 17 per cent; clothes 4 per cent and housing 14 per cent. Thus, 65 per cent of net income is left for personal spending.

Residents of Winnebago County spend only 4 per cent less than Waupaca dwellers. Thirty-one per cent of this county's residents come goes toward the basics, Food uses 16 per cent; clothes 3 and housing, 12 per cent. Winnebago dwellers, however, have 41 per cent more money than Waupaca residents to spend as they want to.

The average four county sum left after providing the three basics—food, clothing and shelter—amounts to \$4,390.

Members of the Green Bay, Kaukauna-Little Chute, Appleton, Oshkosh and Ripon chapters in make up the chorus.

The program will consist of Christmas carols and old barber-shop favorites, and will feature two or three of the choruses in the group. The combined chorus numbers about 100 voices.

The Appleton Valley-Aires Barbershop Chapter was host to a five-chapter chorus rehearsal Monday. About 80 attended. Erwin Ziemendorf, Robert Pautz and Richard Staedt were in charge of refreshments.

The Appleton chapter's quartet are continuing to spread barber-shop singing in the Fox Valley. The Four-J's will sing Saturday evening at a meeting of the Fox Valley Chapter of the Michigan Alumni Association at Alex's Manor House.

The Valley-Aires meet every Monday at 8 p.m. in the Odd Fellows Hall, 1620 W. Winnebago St. Meetings are open to anyone interested in learning more about the barbershop society.

Waupaca Names 2 To Patrol

WAUPACA — George Meating, 43, 304 Lima St., New London, and John Bonnell, 35, Rural Waupaca, have been named county patrolmen by the law enforcement committee.

The two were named from a list of nine applicants. The vacancies were created by the election of Patrolman Clarence Draeger as sheriff and the naming of Vernon Mork as undersheriff.

Meating is the former undersheriff with three years experience and a short term on the New London city police force. Bonnell was a deputy three years. Both are World War II veterans.

Push A Button Twist Your Wrist

The ROLITE Travel Trailer

Unfolds In Just 90 Seconds

ROLITE MEANS: COMFORT! QUALITY!

- Alcoa Lifetime Heavy-duty, exterior aluminum
- Autolite Motor
- Rugged Linoleum on floors
- Kelsey-Hayes Brakes
- Electric brake control unit
- Car trailer electric connector
- 2" ball for hitch
- Hardwood paneled interior
- Double-coated lacquer interior finish
- Gas Floor Furnace—keeps trailer warm in 36 degrees below zero weather
- Ceiling Ventilator.
- Fully undercoated
- Channel steel frame.
- 1½" glass fiber insulation
- Fitted and glued frame
- Weather-tite seal

- Comfortable sleeping for six
- Seven windows (4 opening side windows with screens—two opening picture windows on ends with screens)
- Jalousie window with screen on door
- Roomy breakfast nook which converts to double bed
- Comfortable Davenabed
- 76-inch ceiling light
- Water, 10 gal., supply—modern style sink, with pump to sink, outside fill
- Clothes & storage closets & compartments
- 5-gal. L.P. Gas Tank
- 110-volt outlet—also can be operated from 12 volt car battery
- 3-burner gas stove.

The new Rolite push-button trailer folds down to 48 inches high for traveling. The low design decreases wind resistance . . . increases gas mileage . . . gives you complete rear and side visibility . . . all of which adds up to a safer trip even on windy days and in heavy traffic.

Over all the new Rolite is compact and convenient, being 16 feet long, 7 feet wide and weighing approximately 1880 pounds.

With a push of the button, the "jack-in-the-box" Rolite becomes a full-sized "home on wheels" in just 90 seconds. The end panels raise automatically when the battery-operated motor moves the roof section smoothly into position. Then it's a simple task to lift the walls, lock the corners and move in.

Yes, this all weather folding travel trailer is your "key" to a new kind of outdoor life. Featuring quality in every detail, the Rolite assures safety, economy and rapid, easy transportation and living accommodations for hunting, fishing or year 'round vacationing.

Rolite has had three years of testing over the Canadian Rockies and the Alcan highway, and has proved to be superior in every travel department.

It is bug-proof, insect proof, "bear" proof. It is extremely comfortable in temperatures as low as 36 degrees BELOW zero because of its efficient floor furnace producing all the heat required.

Valley Fair Pure Oil, Valley Fair, points out that a first hand inspection and witness of a demonstration are needed to fully appreciate the unique, top quality construction and unusual compact features of this rugged travel trailer. Convenient financing terms to fit your budget are available . . . because Rolite is approved by banks for first mortgage financing. Order yours now for a family CHRISTMAS present and be assured of many years of year 'round enjoyment.

Valley Fair Pure Oil, Valley Fair, points out that a first hand inspection and witness of a demonstration are needed to fully appreciate the unique, top quality construction and unusual compact features of this rugged travel trailer. Units to Return To Home Bases

WASHINGTON (AP) — Many of the Marine and Air Force units rushed to danger areas during the Cuban crisis will be back at their home stations by Christmas. The Defense Department announced Tuesday that Marine forces deployed to the Caribbean from the West Coast will be heading home, via the Panama Canal, "early in December." It also reported that several Air Force units have flown back to a "bond" their bases and more will be returning within days. The further uncoiling of the military buildup raised hopes that U.S. dependents who were hustled out of Guantanamo as danger loomed might be back with husbands and wives and fathers by Christmas. A part of the heavily reinforced U.S. Marine garrison which has been the backbone of the U.S. naval base in Cuba was from the West Coast. The Navy has said that one of the factors controlling the return of the 2,800 dependents who were evacuated from Guantanamo was the reduction in the size of the emergency garrison.

Last of Victorians

Wilhelmina, Former Netherlands Queen, Dies in Sleep at Palace

BY HENDRICK KERSTING
APPELDOORN, Netherlands (AP) — Former Queen Wilhelmina of the Netherlands, the last of Europe's Victorian queens, died in her sleep at her Het Loo palace early today. She was 82. Queen for 50 years, she reigned through the zenith of the Dutch empire and exile during the Nazi occupation of her homeland. She abdicated in 1948 as Netherlands' right to rule in the East Indies neared its end. Her daughter Juliana became queen. Queen With Mother The former queen had suffered from diabetes and in recent weeks developed a heart condition. A medical bulletin said "despite a slight improvement her condition took a turn for the worse yesterday" and death came at 12:59 a.m. Queen Juliana was at the palace with her mother, but other members of the family were scattered. Prince Bernhard was with the youngest Princesses Margriet and Beatrix at Soestdijk Palace. Princess Irene was visiting in England and Crown Princess Beatrix was in Hong Kong on a world tour. Princess Beatrix, it was announced, will return home at once, cutting short a trip that was to last.

Ex-Queen Wilhelmina

have included Japan and the United States. Like England's Queen Victoria, Wilhelmina was called to the throne at the age of 18, married. She devoted almost equal time to the study of theology and supervision of her industrial shares. World War II was a turning point in her life. She escaped to England by warship four days after Hitler's armies invaded her country and spent the war years there except for a trip by bomber to the United States to address Congress and a trip to Canada in 1943 to visit Juliana and her daughters. Praised by Churchill She took readily to the democratic way and opened her home in England to the Dutch men and women who flocked from all corners of the globe to join the exile army. She encouraged the Dutch army to exile and rallied the resistance at home. Sir Winston Churchill called her "The best man among all the kings in exile." At the war's end she put on her oldest coat and rode a jeep for her triumphant return to the island of Zeeland where bombing had let the sea waters through the dykes. Conservative officials called her a "Red" when she went on the air and declared that the Dutch East Indies must be given their independence. One of her last official trips was to work.

Kennedy and Mikoyan to Consider Cold War Issues

State Orders Chilton to Halt Parochial Student Bus Rides

Airlines Won't Drop Proposal For Merger

Not Deterred by Opposition From CAB Examiner

WASHINGTON (AP) — Two of the nation's largest airlines — American and Eastern — pursued their plans for a merger today despite a sharp rebuff from a Civil Aeronautics Board examiner.

Spokesmen for both airlines said they would continue to seek CAB approval of a merger despite the adverse recommendation Tuesday by examiner Ralph L. Wiser.

Wiser, who heard arguments on the proposal for several months, said the merger would tend to create a monopoly.

No Necessity Factor He said neither airline is a failing business or unduly weak. Thus he said, the merger could not be justified on the basis of business necessity.

American is the nation's second largest carrier. Eastern is the fourth largest.

The five-man board will consider Wiser's recommendation and present its findings to President Kennedy who has responsibility for the final decision because international routes are involved.

The airlines' statements that they will continue to fight for the merger approval brushed aside industry speculation that they might give up.

Under terms of the agreement, either party could withdraw if the merger was not approved by Nov. 30.

Poor Financial Situation An Eastern spokesman said the financial condition of the industry was so critical due to competition that unnecessary duplication of routes and facilities must be ended.

A spokesman for American Airlines said the airline's leadership last year when United and Capital Airlines merged, said the American Eastern merger proposal "is in authority."

"He was denied the right to have the question peacefully go through the court," he said. Wallace's proposal may be put to a test soon. The white University of Alabama has on file three applications from Negroes for enrollment for the spring term beginning in February.

School Board President Furious; District Faced With Loss of Aids

BY DON KAMPPER
Post-Crescent Staff Writer

CHILTON — The Chilton School District has been ordered by the state department of public instruction to discontinue transporting parochial school children on its public school buses.

Given no alternative and threatened with the loss of all state aids and other penalties, the board of education bowed to the state ultimatum at a special meeting Tuesday night and ordered the practice to be halted. Officially, the curtailment is to begin immediately, but it is likely that some of the parochial children will ride the buses until the end of the week.

A visit to the school Tuesday afternoon by Theodore Sorenson, supervisor of student transportation for the state department of public instruction, and Alan W. Kingston, first assistant to state Superintendent of Schools Angus B. Rothwell, gave rise to the board action. The two state officials were investigating a complaint received at Madison regarding the Chilton District's transportation practices. A. W. Kingston, Chilton District superintendent, said.

The district is the second in Calumet County to be hit by parochial transportation curtailment orders during the current school term. Neighboring Hilbert was censured earlier and halted the practice Oct. 17.

It is believed that the action taken at Hilbert triggered the investigation at Chilton. Sorenson and Kingston told Gordon that the complaint received by the State Department of Public Instruction questioned "why Chilton was allowed to transport parochial children while Hilbert had been stopped."

Alabama Will Try to Halt Integration

JACKSON, Miss. (AP) — Alabama Gov.-elect George Wallace says he plans to follow in the footsteps of Mississippi Gov. Ross Barnett to try to thwart any attempts to integrate Alabama schools.

Wallace, who had campaigned to defy federal authorities on desegregation, said Tuesday he plans to ask the Alabama Legislature to take whatever steps are necessary to make him the state's chief defendant in any future school desegregation suit.

He told a joint session of the Mississippi Legislature the next day that the federal decree against an Alabama school would have to be directed against him as the governor.

"This, in essence, I believe, was your governor's intention," Wallace said. "But he was denied the right to peacefully test by due process what he considered to be a usurpation of power by federal authority."

"He was denied the right to have the question peacefully go through the court," he said. Wallace's proposal may be put to a test soon. The white University of Alabama has on file three applications from Negroes for enrollment for the spring term beginning in February.

Kennedy Names David Bell to Head Aid Bureau

WASHINGTON (AP) — President Kennedy appointed Budget Director David E. Bell as head of the U. S. Foreign aid program to replace the late John F. Kennedy.

Bell will be replaced in the Budget Bureau by Kermit Gordon, now a member of the President's Council of Economic Advisors.

The White House said Bell will remain in his present post until late December, to help get Kennedy's budget in shape to present to Congress in January.

Fowler Hamilton sent Kennedy his resignation as foreign aid chief earlier this month. The White House announced Kennedy has accepted it as of Dec. 7.

Between that date and the time Bell takes over, the foreign aid agency will be headed by Deputy Administrator Frank Coffin.

3 Killed, 18 Missing In Wake of Typhoon

MANILA (AP) — Three persons were killed and 18 others were reported missing today in the wake of Typhoon Lucy which lashed across the central Philippines and roared into the South China Sea.

13 Signs and Still Motorists Don't Stop

OLATHE, Kan. (AP) — Thirteen warning signs were installed Tuesday at an intersection of U.S. 56 and U.S. 169 where three have been killed in smashups this month.

Seven signs warn of the up-coming four-way stop. Two spell out the 30-mile speed limit.

Four outside stop signs were added, including one with a flash-lighting warning light. After the work was done, 12 vehicles failed to heed the stop signs in a 15-minute period.

Warmer Weather, Wet Weekend Predicted

Wisconsin — Partly cloudy with increasing cloudiness tonight. Low tonight, 35. High Thursday, 48. Continued mild Thursday. Chance of light rain or drizzle Friday.

Appleton — Temperatures over the 24-hour period ending at 9 a.m. today: High, 48; Low, 26. Wind is from the southwest at 10 miles an hour. Barometer reading 30.20 and steady. Temperature at 9 a.m.: 33. No precipitation since 9 a.m. Tuesday. A trace of snow remains on the ground.

Sun sets at 4:18 p.m., rises Thursday at 7:06 a.m. Moon sets tonight at 5:42 p.m.

Plan Talks Tomorrow At Capital

WASHINGTON (AP) — President Kennedy and Soviet First Deputy Premier Anastas I. Mikoyan are expected to discuss not only Cuba but the full range of the cold war problems when they meet Thursday at the White House.

U.S. officials said the Soviet troubleshooter sent word through Soviet Ambassador Anatoly F. Dobrynin that he wanted to confer with Kennedy.

Dobrynin met Mikoyan Monday on his arrival in New York from Havana and rushed back to Washington that night with the message to the White House.

For weeks Mikoyan was in Cuba reportedly trying to prod Cuban Prime Minister Fidel Castro into accepting a settlement of the crisis.

Confere Thursday The White House announced Tuesday that Mikoyan would call on Kennedy Thursday, but officials added it was safe to assume they would meet again on Friday.

Because there is no agenda for the talks, officials are reluctant to speculate on what issues will be raised by whom.

There appears to be a consensus, however, on two points: that the Cuban issue will be only one.

Remove Bodies in Peruvian Disaster

Difficult Task in Taking Them Down Mountain Peak

BY THOMAS J. STONE

LIMA, Peru (AP) — Rescue workers labored today at the slow and arduous task of bringing down from a rocky peak the bodies of 97 persons killed in the crash of a Los Angeles-bound Brazilian jetliner. It was aviation history's eighth worst disaster.

Nineteen of the dead were listed as Americans. There were no survivors—and no immediate explanation—of the crash in good flying weather minutes before the Boeing 707 was to make a pre-dawn landing at Lima's airport Tuesday.

Prominent Passenger A Peruvian Cabinet minister, a cent in October. It was the first high Cuban economic official and a California oil executive were among the 80 passenger victims. The plane carried a crew of 17 men, reversing part of a large.

The U.S. Civil Aeronautics Board in Washington announced earlier that it was sending a high official to decline announced by the Labor join Peruvian authorities in the living investigation of the crash. A cost-benefit spokesman said the U.S. agency The index dropped to 106.0 per wants "to learn anything we can cent of the 1957-59 average. On from an accident, no matter the former 1947-49 base the index where it occurs, because these were calculated at 120.1.

are our planes." An official of the Brazilian air-director of the Bureau of Labor line, Varig, said "everything was Statisties," said various shifts in apparently going normally" when prices should result in a further the captain suddenly declared slight decline in November living "This is an emergency" costs.

Nothing more was known of the plane until its wreckage, scattered over a smoke-blackened living cost increases in immediate area about 200 yards square, was ately preceding months were suffered about 10 hours later on a tinent to require pay increases 2,400-foot hill near the inca ruins for approximately 1 million work of Pachacamac, 15 miles south of Lima.

20 Bodies Removed Twenty of the bodies were brought to a Lima morgue Tuesday night. Rescue workers left auto and auto parts industries, the until morning the difficult task of bulk of them employes by General lowering the others down the steep sides of the mountain.

Among those who died in the crash were some aerospace industry workers also will get one-cent hourly increases. In addition 11,000 workers in two-cent hourly increases. Compared with a year ago the October living cost level was 1.3 per cent higher. The last time the government living cost index declined was in December 1961.

Wage Increases Rise of one cent an hour will go to about 780,000 workers in the day night. Despite the October decline, the plane until its wreckage, scattered over a smoke-blackened living cost increases in immediate area about 200 yards square, was ately preceding months were suffered about 10 hours later on a tinent to require pay increases 2,400-foot hill near the inca ruins for approximately 1 million work of Pachacamac, 15 miles south of Lima.

De Gaulle Lifts Death Sentence PARIS (AP) — President Charles de Gaulle today commuted the death sentence given former Gen. Edmond Jouhaud for his leading role in the terrorist secret army. There was no immediate announcement of the prison term. Jouhaud would have to serve but it was expected to be life. That was the term imposed on former Gen. Raoul Salan, the commander in chief of the secret army.

De Gaulle also commuted the death sentence of Andre Canal, Oshkosh, of Typhoon Lucy which lashed across the central Philippines and roared into the South China Sea.

Let's EXPLORE YOUR MIND
By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.
IS CONSISTENT BEHAVIOR POSSIBLE?
YES ☐ NO ☐

No, because we operate in aces. In the days when the husband was the sole earner, he could control the family through the purse strings. Today, women earn, not only money but increased independence for themselves.
Families eat at home mainly in order to economize.
True— False—
False. In one study, some 474 families did not regard food preparation at home as economically important. Often, low-income families do less eating at home than higher-income families. Apparently, most families dine at home because it's fun to do or because it enables the family to enjoy its meals together, but not because it is of any significant economic value.
Social customs have made husbands the heads of the households.
Right— Wrong—
Wrong, say the eminent authorities Blood and Wolfe. Social custom makes a difference, but in the final analysis, who decides what in any household depends upon control of necessary resources.
Forests Hunted
Ninety-two per cent of commercial timberlands owned by forest industries is used for hunting.

Railroad Wins Bid To Reduce Liability

Supreme Court Reverses Calumet Decision in Auto-Train Crash

CHILTON — A railroad company won a bid to have its share of damage payments stemming from a car-train crash reduced by applying a recent state supreme court decision.

The supreme court ruled Tuesday that its Bielski Decision, which revised the system of payments by defendants in damage suits, would apply to cases that preceded the decision if the lower court appeal period had not expired at the time of the Bielski decision.

The high court's reversal of the Calumet County Circuit Court decision represented a victory for

Former Lumber Dealer Leaves \$86,407 Estate

H. L. Meyer Had Yards in Potter, Sherwood, Hilbert

CHILTON — H. L. Meyer, Hilbert, a prominent Calumet County lumber dealer, left an estate of \$86,407, a final account approved by Probate Judge D. H. Seborra shows. Meyer died Feb. 17, 1962, at the age of 83. He formerly operated lumber yards at Hilbert, Potter and Sherwood.

The estate included \$77,707 in personal property and real estate evaluated at \$8,700.

Before setting up trusts for two sisters and a brother, Meyer made seven bequests totaling \$12,000. Largest single beneficiary of the bequests was Mrs. Ann Giesen, Meyer's housekeeper, who received \$5,000. A sister, Mrs. John Friess, New Holstein, and a brother, Elmer Meyer, Green Bay, each received \$2,000. Another sister, Clara Greve, Kiel, received \$500 as did the Peace United Lutheran Church of Christ, Potter.

Other Bequests
Two nephews, Robert Friess, New Holstein, and Elmer Meyer Jr., Green Bay, each received \$1,000.

Deductions totaled \$8,237 leaving \$78,469 for distribution. Included were \$503 in debts and claims, \$1,136 for funeral expenses, \$1,509 federal estate tax and \$5,037 for administration.

With the \$12,000 bequests deducted, \$66,168 was left for the three equal trusts. Beneficiaries will be Mrs. Greve, Mrs. Friess and Elmer Meyer Sr.

Hearing Set In Shooting

Court to Decide Sanity of Accused Slayer Claude Miller

MARINETTE — A hearing to decide the legal sanity of accused slayer Claude Miller, 41, will be held at 2 p.m. Thursday before Marinette County Judge Harry E. White.

Miller, charged with killing his wife and another man Oct. 6, was returned to the custody of the Marinette County Sheriff Monday.

He had been under psychiatric examination at Winnebago State Hospital since Oct. 15.

Miller was committed upon the request of defense attorney, John Flood, Wausaukee, after pleas of innocent and innocent by reason of insanity were entered.

Miller was picked up about four hours after Mrs. Miller, 31, and Elmer Kohler, 49, also of Marinette, were shot to death in Mrs. Miller's home in the presence of Kohler's 12-year-old son and Mrs. Miller's 13-year-old nephew. Two younger Miller children also were in the home at the time.

Miller was arrested after he turned himself in to Marinette General Hospital complaining of appendicitis. Miller has denied any memory of the shooting but, has admitted hiding a shotgun about four blocks from the scene of the shooting. The Millers had been separated and a divorce action had been filed by Mrs. Miller.

Fine Clintonville Man For Inattentive Driving

CLINTONVILLE — James A. Long, 38, route 2, Clintonville, was fined \$75 on a charge of inattentive driving. He was involved in an accident Nov. 24 on Seventh Street.

Clintonville police, who made the arrest, reported Long hit a car that belonged to Elmer Strong, Hortonville. Long signed a stipulation of guilt.

Black Creek Budget Hearing Set Monday

Village Proposes To Spend \$80,156 For 1963 Operations

BLACK CREEK — Village taxpayers have a chance to express their views on the proposed \$80,156 budget for 1963 at a public hearing at 7 p. m. Monday.

Actual village expenditures will amount to \$26,333 for next year compared to \$23,425 last year. Increases are in charity, \$220, highway, \$127, recreation \$230 and debt service, \$3,078.

Revenues other than property taxes will raise \$18,160. The village levy will be \$8.173. The levy last year was \$6.061, based on a rate of \$33 per thousand of assessed valuation. The 1962 rate will be \$33.50.

The levy also will raise \$10,726 for state and county purposes, \$160 for the vocational school, \$25,554 for high school purposes and \$35,140 to support the state graded school.

Fire Protection
A decrease in fire protection costs of \$500 is anticipated to \$4,471 because a reserve fund will not be needed for purchase of a fire truck.

A state sales tax credit to the village amounts to \$7,367 or \$3.29 per thousand on tax bills.
Other expenditures include general government, \$3,391, down \$345; protection of persons and property, \$4,471, down \$500; health and sanitation, \$175, down \$81; charity, \$300, up \$220; highways, \$7,367, up \$229; recreation \$2,100, up \$280, and indebtedness, \$7,739 up \$3,078.

The increase in indebtedness is due to construction of a new village hall and fire station. A \$1,900 payment will be due with interest extra at 3.5 per cent on the \$30,000 loan.

Mother Honored

AMHERST—The Future Homemakers of America, Amherst chapter, have chosen Mrs. Frank Budzbanowski as chapter mother for the year. The group plans to give Christmas boxes to patients in the Nursing Home.

New London School Board Action

Street Vacation for School Site Requested

NEW LONDON — The board of education decided Tuesday night it will ask for vacation of a proposed city street right-of-way for part of the proposed high school building site.

Land in the site chosen for the proposed high school in Abrahams Heights has been deeded to

Vandalism Cases Solved by Police

CLINTONVILLE—Several cases of vandalism have been cleared in the city with the signing of statements by four juveniles admitting their activities, according to Police Chief James Beggs.

The vandalism included breaking a number of windows in a new house on Rohrer Street and theft and destruction of five large spellights on two occasions from Dr. John Wilson's office on 10th Street.

The youngsters have been turned over to juvenile authorities.

4-H Fun Night Program Set Friday in Waupaca

WAUPACA — A 4-H fun night program for all members, leaders and guests is scheduled for 8 p. m. Friday at Bear Lake Hall, according to E. G. Hoyer, county 4-H agent.

It will include square dancing with Donald Long, Weyauwega, as caller.

A 4-H leaders' executive board meeting is scheduled December 3 at the courthouse here to discuss plans for the 1963 program.

4 Hurt in One-Car Crash Near Iola

Eight Other Accidents Reported in Waupaca County Over Holiday

WAUPACA — Four people were injured about 10:44 p.m. Saturday in a one-car accident on Bestul Road, five miles east of Iola, county police reported.

Injured and taken to the Iola hospital were Larry L. Werth, 20, route 1, Bear Creek, with chest injuries, Elaine Peterson, 17, Manawa, chest injuries, cut lip and two teeth; Janet Schuelke, 17, Bear Creek, broken nose, and John Smith, 23, Bear Creek, a skull fracture and severe lacerations to the head.

Sgt. Loran Frazier said the car was going north and went out of

Convairs Will Begin Flying To Peninsula

Chicago Daily News Service
GREEN BAY — Use of 44-passenger Convairs in place of the smaller and slower DC-3 aircraft between Michigan's upper peninsula and Chicago via Green Bay will begin Saturday, Dec. 1, North Central Airlines announced Tuesday.

The new Convair service will include a round trip daily between Escanaba, Mich., and Chicago with other intermediate stops in Marinette, Menominee and Milwaukee, besides Green Bay. Substitution of the 25-passenger DC-3 aircraft is in line with North Central's replacement of them with the faster and larger Convairs.

The Convair service will include a morning southbound flight, 292, leaving Escanaba early enough to arrive in Green Bay at 8:40 with departure scheduled at 9:10 and arrived in Chicago at 10:32. The northbound flight, 297, will leave Chicago at 6 p. m. and arrive in Green Bay at 7:30 with departure scheduled at 8 o'clock for Marinette-Menominee and Escanaba.

The southbound flight will parallel another Convair flight, 450, leaving Green Bay at 9:05 a. m. with one stop at Oshkosh and arrival in Chicago at 10:19.

Green Bay will have 19 Convair flights when the additions are made Saturday.

Christmas Party Plans

NAVARINO — An adult Christmas party will be held Sunday at St. Lawrence Catholic Church. In charge of arrangements are Mimes, Leo Jaskolski, Delbert Eisch, Phillip Schwab and Ray Olsewski.

Three Members of the Senior Methodist Youth Fellowship of the First Methodist Church, Waupaca, volunteered to clean the homecoming scarred windows of the abandoned Delevan Hotel on Main Street. The windows were soaped during the homecoming celebration Oct. 5. From left, Carla Petersen, Nancy Manny and Deidra Peterson. (Post-Crescent Photo)

10 Give Testimony At Trial of Iranian

County May Buy CD Generator

Outagamie Head Will Ask Aid for Warning Systems

Preparations have been completed and project applications for matching federal funds for the civil defense warning system and communications center will be made Friday, Lee Penney, city-county civil defense director told the Civil Defense Committee Monday at a courthouse meeting.

Penney explained that M. C. Gourbe of the State Bureau of Civil Defense will help prepare the applications Friday.

The committee authorized Penney to complete forms requesting matching federal funds for a 10 kilowatt generator for the county communications center.

Penney explained to the committee that a 10 kilowatt generator has been offered to the county at "less than half of list price" from the Miller Electric Manufacturing Co., Appleton.

Penney also advised the committee, composed of city and county officials, that licenses and letters concerning necessary storage space for public fallout shelters have been mailed to building owners. He said he must now wait for approval from the building owners.

The committee authorized Maurice Meade of Appleton, communications and warning officer, to visit several state communities in order to inspect their communications centers.

New London Firemen Called to Tractor Fire at Curtis Co.

NEW LONDON — Firemen were called to put out a fire in a tractor behind the Curtis Co. plant at about 3:40 p. m. Tuesday.

The fire was quickly brought under control by the volunteer department.

Holy Name Meeting

GREENVILLE — The Holy Name societies of St. Mary parish and St. Patrick parish will have a meeting at 8:15 p.m. Thursday at the St. Mary and St. Patrick school hall.

New Seymour Law Re-Routes Trucks

Law Is Designed to Protect New Residential Street Improvements

SEYMOUR — A new ordinance had been achieved at considerable expense and needed to be protected.

The truck routes affect primarily the commercial section of the city and the main arteries entering and leaving it. The ordinance does not hamper delivery of supplies or produce to business facing the mentioned streets.

No Designation
No truck designation was made for Eagle Street in its short span from Main Street just past the south entrance to the fair grounds.

R. Kuehne & Sons operates its produce business out of a building rented from the fair association necessitating truck traffic over to Eagle Street. Truckers have the option of using one of the Main Street entrances to the grounds planning that is being done by such a stipulation is part of the city of New London. He explained the agreement between the planning commission will study back 20 years and will project their study 20 years from now to show proposed face fines up to \$25 for the first increases in the population and offense and up to \$100 on subsequent offenses for the city. He told the Rotarians that an aerial map of the city will be included in the route will be erected. The ordinance goes into effect 30 days, that this will be a slow careful study made by a firm who specializes in this type of work.

Mayor Truymen suggested the police department make a study of traffic on Wisconsin Street near McGraw-Edison plant, the U. S. Post Office and return was introduced as the newest recommendation in regard to parking.

Merlin Brunner, executive assistant at McGraw-Edison plant, said that McGraw-Edison had been introduced as the newest recommendation in regard to parking.

Mayor Truymen suggested the police department make a study of traffic on Wisconsin Street near McGraw-Edison plant, the U. S. Post Office and return was introduced as the newest recommendation in regard to parking.

Merlin Brunner, executive assistant at McGraw-Edison plant, said that McGraw-Edison had been introduced as the newest recommendation in regard to parking.

New London School Board Settles District's Finances

NEW LONDON — An informal meeting with the Stanley Landing School District for settling finances was held by the board of education Tuesday night.

The district still operates an eight grade school, but about 5 1/2 per cent of the equalized valuation of the district was attached to the New London School District. The attorney had a certified amount shown, but he said that he would check and verify the exact figures. The clerk said it was possible her figures might not be correct. The boards decided that the school building and site would not be included as assets of the district and that just the cash balance as of July 1 would be counted as assets. The Stanley Landing board presented school district board did not have the exact figures, but estimated it to be about \$3,000. New London assessed valuation of the portion of this would be about 5 1/2 per cent.

State Rests Case, Defense To Question Witnesses in Behalf of Stevens Point Student

BY DICK MCDANIEL
Post-Crescent Staff Writer

STEVENS POINT — Ten prosecution witnesses testified Tuesday before the state rested its case in the first degree murder trial against Majid Amini Poudard, 27, Tehran, Iran, in the May 18 death of Albert Dombrowski, 28, Town of Amherst.

"Fried Amini," as the defendant is known and referred to by many of the witnesses, has pleaded innocent by reason of insanity.

The defense witnesses, according to Atty. Byron Crowns, Wisconsin Rapids, will appear today. The summations may be presented by Thursday afternoon. It was predicted Monday the case would go to the jury sometime Friday. Incidents surrounding Dombrowski's fatal injury, a neck wound, and events leading to it were presented from eight different persons, each present in Morey's Bar, a beer bar in the Town of Hall, where the Amherst man was injured.

Three of the state's witnesses, Jerome Morey, 33, owner and operator of the tavern, Richard Ratkowski, 20, Stevens Point, and his girl friend, Mary Jean O'Keefe, 19, Stevens Point, claimed they saw the fatal blow struck. They said they saw Amini strike Dombrowski in the neck with a broken beer glass.

Medical Doctors
The other two state witnesses were medical doctors who in the case of Dr. Frank Iber, Stevens Point, told what was done in an attempt to save Dombrowski's life at St. Michael Hospital, and Dr. Henry T. Grinsvasky, a Stevens Point pathologist, who performed the autopsy.

Almost all of the eight witnesses present at Morey's Bar agreed basically there was some sort of a tussle, blows were struck and the tavern was dimly lit. The operator was turning out the lights because the crowd, estimated between 30 and 40 people, was becoming unruly.

Morey admitted he was turning out the lights because the crowd was becoming unruly "like it did about a year ago," indicating there has been disturbances before at the bar.

Some of his patrons were breaking glasses and his main interest was to disperse the crowd, he said.

Charles Olson, 21, Amherst, the first witness called Tuesday morning, was involved in the original tussle with Amini, which was broken up by Dombrowski.

Olson said he and Miss Betty Olson said he led Dombrowski out the east door of the bar where Dombrowski collapsed.

Joseph W. Brown, 25, Stevens Point, said he went alone to Morey's Bar between 11 and 11:30 p.m. on May 17. He told how two men were shuffling behind where he was seated at the bar "They seemed to be swinging at each other," he said.

Brown said he saw Amini "tear off his shirt," which was later identified as a T-shirt. Testimony of the remaining witnesses was essentially the same as those before them.

Defense attorneys, on several occasions, asked witnesses why they seemed to remember more now than they did June 4 immediately after the incident. Witnesses answered they had time to think and knew more about the case now.

Planner Speaks To New London Rotary Members

NEW LONDON—William Friess, a member of the city planning commission, was introduced as the guest speaker by Otis Ziebar at the Rotary Club meeting Monday.

Freiburger spoke about the city planning that is being done by the city of New London. He explained the agreement between the planning commission will study back 20 years and will project their study 20 years from now to show proposed face fines up to \$25 for the first increases in the population and offense and up to \$100 on subsequent offenses for the city. He told the Rotarians that an aerial map of the city will be included in the route will be erected. The ordinance goes into effect 30 days, that this will be a slow careful study made by a firm who specializes in this type of work.

Mayor Truymen suggested the police department make a study of traffic on Wisconsin Street near McGraw-Edison plant, the U. S. Post Office and return was introduced as the newest recommendation in regard to parking.

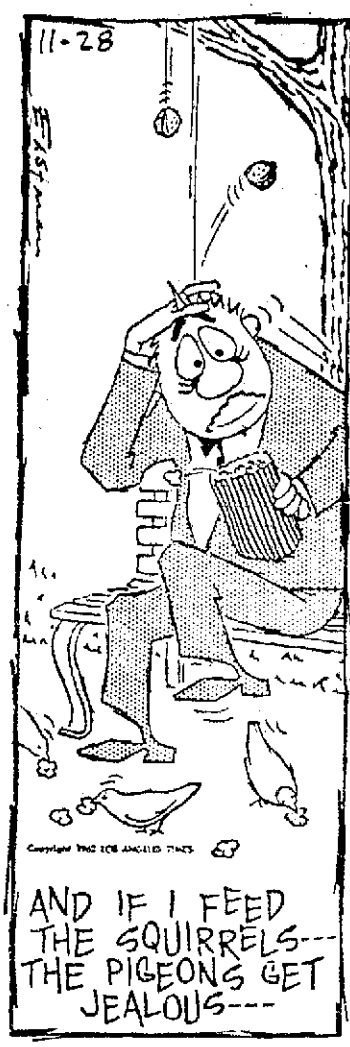

Merlin Brunner, executive assistant at McGraw-Edison plant, said that McGraw-Edison had been introduced as the newest recommendation in regard to parking.

Mayor Truymen suggested the police department make a study of traffic on Wisconsin Street near McGraw-Edison plant, the U. S. Post Office and return was introduced as the newest recommendation in regard to parking.

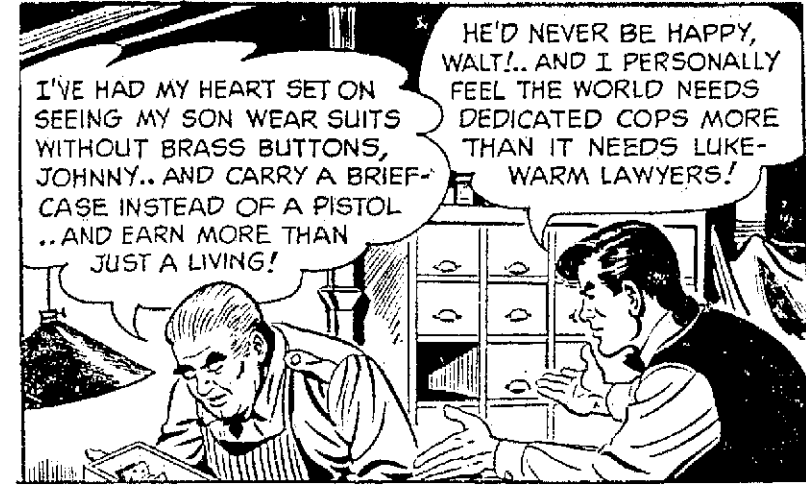

New London School Board Settles District's Finances

NEW LONDON — An informal meeting with the Stanley Landing School District for settling finances was held by the board of education Tuesday night.

The district still operates an eight grade school, but about 5 1/2 per cent of the equalized valuation of the district was attached to the New London School District. The attorney had a certified amount shown, but he said that he would check and verify the exact figures. The clerk said it was possible her figures might not be correct. The boards decided that the school building and site would not be included as assets of the district and that just the cash balance as of July 1 would be counted as assets. The Stanley Landing board presented school district board did not have the exact figures, but estimated it to be about \$3,000. New London assessed valuation of the portion of this would be about 5 1/2 per cent.

Railroad Wins Bid To Reduce Liability

Supreme Court Reverses Calumet Decision in Auto-Train Crash

CHILTON — A railroad company won a bid to have its share of damage payments stemming from a car-train crash reduced by applying a recent state supreme court decision.

The supreme court ruled Tuesday that its Bielski Decision, which revised the system of payments by defendants in damage suits, would apply to cases that preceded the decision if the lower court appeal period had not expired at the time of the Bielski decision.

The high court's reversal of the Calumet County Circuit Court decision represented a victory for

the Chicago, Milwaukee, St. Paul and Pacific Railway Co. It also, in effect, made supreme court decisions "retroactive."

Origin of Appeal

The railroad company's appeal stemmed from a Calumet County Circuit Court jury decision that awarded Mrs. John Augsburger, 45 Baldwin St., Chilton, and Mr. and Mrs. Richard Olson, Reedsburg, a total of \$8,195 for injuries they suffered in a collision with a train. They were passengers in a car driven by John Augsburger when the mishap occurred at the State 55-114 crossing west of Sherwood Sept. 19, 1959.

Handed down Nov. 24, 1961, the Circuit Court verdict also found Augsburger 78 per cent negligent and Mrs. Olson, a passenger, two per cent negligent.

Co-defendants were the railroad company and Augsburger and his insurance company, Farmers Mutual.

The formula governing contributions toward court settlements in effect at the time of the jury verdict provided that all defendants, if found negligent in any degree, contribute equally toward the eventual settlement. In this case, the railroad, found 20 per cent negligent, was ordered by the lower court, in accordance with existing laws, to pay as much (\$3,997) as Augsburger's insurance company even though the jury found Augsburger's negligence far greater.

Formula Changed

This contribution formula was changed by the high court's Bielski Decision. It provided that joint tort-feasors would be required to contribute to the settlement in proportion to the percentage of their negligence. The Bielski Decision was handed down by the Supreme Court shortly after the Calumet Circuit Court findings and within the six-month appeal period.

The railroad company successfully argued that since its lower court appeal period hadn't expired at the time of the high court decision that changed the contribution formula, it was entitled to proportional contributions established by the Bielski Decision. Therefore, instead of paying \$4,097 in the Calumet case, the railroad will pay 20 per cent of the total settlement, \$1,639. The auto insurance company will be required to make up the difference.

Maroons Post 87-27 Win Over Tigerton

WITTENBERG — The Wittenberg High School basketball team walloped Tigerton, 87-27, here Tuesday night.

Five Maroons scored in the double figures as Wittenberg stretched its overall record to 3-0 with its first non-conference win. Sophomore Steve Blocher scored 18 points. Steve Strong 17, Don Liesch 14, Jeff Haanstad 11 and Greg Cowles 10. Eleven players, in all, scored for the Maroons, who sizzled with over 50 per cent shooting from the floor. Ron Preis led Tigerton, with 11 points. The hosts held a halftime lead of 44-13.

New London School Board Action

Street Vacation for School Site Requested

NEW LONDON — The board of education decided Tuesday night it will ask for vacation of a proposed city street right-of-way for part of the proposed high school building site.

Land in the site chosen for the proposed high school in Abraham Heights has been deeded to

Vandalism Cases Solved by Police

CLINTONVILLE—Several cases of vandalism have been cleared in the city with the signing of statements by four juveniles admitting their activities, according to Police Chief James Beggs.

The vandalism included breaking a number of windows in a new house on Rohrer Street and theft and destruction of five large spotlights on two occasions from Dr. John Wilson's office on 10th Street.

The youngsters have been turned over to juvenile authorities.

4-H Fun Night Program Set Friday in Waupaca

WAUPACA — A 4-H fun night program for all members, leaders and guests is scheduled for 8 p. m. Friday at Bear Lake Hall, according to E. G. Hoye, county 4-H agent.

It will include square dancing with Donald Long, Weyauwega, as caller.

A 4-H leaders' executive board meeting is scheduled December 3 at the courthouse here to discuss plans for the 1963 program.

Second Grade Pupils of Dellwood School went on a field trip to Arnold's Bakery, Clintonville, in conjunction with their unit of study, "Workers Who Produce Our Food." Mrs. Prudence Bowers is the teacher. Arnold Kopeschke explains a large mixer to the class. (Laib Photo)

Black Creek Budget Hearing Set Monday

Village Proposes To Spend \$80,156 For 1963 Operations

BLACK CREEK — Village taxpayers have a chance to express their views on the proposed \$80,156 budget for 1963 at a public hearing at 7 p. m. Monday.

Actual village expenditures will amount to \$26,333 for next year compared to \$23,425 last year. Increases are in charity, \$220, highway, \$127, recreation \$280 and debt service, \$3,078.

Revenues other than property taxes will raise \$18,160. The village levy will be \$8.173. The levy last year was \$6.061, based on a rate of \$33 per thousand of assessed valuation. The 1962 rate will be \$33.50.

The levy also will raise \$10,726 for state and county purposes, \$160 for the vocational school, \$25,954 for high school purposes and \$35,140 to support the state graded school.

Fire Protection

A decrease in fire protection costs of \$500 is anticipated to \$4,471 because a reserve fund will not be needed for purchase of a fire truck.

A state sales tax credit to the village amounts to \$7,367 or \$3.29 per thousand on tax bills.

Other expenditures include general government, \$3,391, down \$345; protection of persons and property, \$4,471, down \$500, health and sanitation, \$175, down \$81; charity, \$300, up \$220; highways, \$7,897, up \$229; recreation \$2,100, up \$280, and indebtedness, \$7,799 up \$3,078.

The increase in indebtedness is due to construction of a new village hall and fire station. A \$1,900 payment will be due with interest extra at 3.5 per cent on the \$30,000 loan.

Mother Honored

AMHERST—The Future Homemakers of America, Amherst chapter, have chosen Mrs. Frank Budzbanowski as chapter mother for the year. The group plans to give Christmas boxes to patients in the Nursing Home.

Christmas Party Plans

NAVARINO — An adult Christmas party will be held Sunday at St. Lawrence Catholic Church. In charge of arrangements are Mrs. Leo Jaskolski, Delbert Eisch, Phillip Schwab and Ray Olsewski.

the city for the proposed extension of Dexter Street. Sanitary sewer lines have already been laid by the street department. Storm sewers also are expected to be installed soon.

Besides requesting the vacation of the Dexter Street extension, the school board also will ask that all proposed streets in the site, about 31 acres, be taken off the official city map. The board also requested a topographic map of the site before the purchase is made.

Bond Issue

Delbert Beno, a board member, asked if the plans would interfere with a referendum on the building program bond issue. Sigurd Krostue, school attorney, said he would recommend the vacation and the changes in the map before the board referendum. He said it would take at least 40 days to vacate the street.

The Dexter Street extension runs north and south through the center of the proposed school site.

Robert Woods, president of the school board, was instructed to appoint himself and two other board members to meet with the city planning commission on the street vacation. He did not name the other two members at the meetings.

Krostue reported that an extension on a land option for the north district school has been taken with an additional \$500 payment. Plans for the proposed high school were also shown to the board. An architect will meet with the board at a special meeting Tuesday to give an estimated cost of the high school.

4 Hurt in One-Car Crash Near Iola

Eight Other Accidents Reported in Waupaca County Over Holiday

WAUPACA — Four people were injured about 10:44 p.m. Saturday in a one-car accident on Bestul Road, five miles east of Iola, county police reported.

Injured and taken to the Iola hospital were Larry L. Werth, 20, route 1, Bear Creek with chest injuries, Elaine Peterson, 17, Manawa, chest injuries, cut lip and two teeth; Janet Schuelke, 17, Bear Creek, broken nose, and John Smith, 23, Bear Creek, a skull fracture and severe lacerations to the head.

Sgt. Loran Frazier said the car was going north and went out of

control on the icy road and struck a small culvert and tree on the east side of the road.

Corra Thoe, 44, Green Bay, suffered an ankle injury about 5:45 a.m. Sunday while riding in a car driven by Milo J. Thoe, 45, same address on County C, three miles west of Clintonville. Their car was going west on County C when it slid into the rear of a car driven by Dennis J. Dunlavy, 20, route 1, Clintonville, which had come out of the Clarence Dunlavy driveway and was going west.

\$250 Damages

Damages to a car owned by Ruben Rosenau, route 3, Clintonville, and driven by Rodney C. Rosenau, 16, same address, were estimated at \$250 about 12:30 a.m. Sunday when the car left State 22 one mile north of Embarrass. The car went into the ditch while going south and tipped onto its side. Police said it was foggy.

A car driven by Joseph J. Ligan, 53, Stevens Point, collided with a car driven by Allan F. Klappa, 28, Wisconsin Rapids, about 4:20 p.m. Sunday on U.S. 10 at the junction with State 22 and 54, west of Waupaca. Both cars were going west.

A car driven by Mame E. Bradway, 60, route 3, New London, collided with the rear of a car parked by Dennis J. Griffin, 16, route 1, Manawa, about 9:30 p.m. Sunday on Sutton Road, four miles south of Manawa. Police said it was foggy.

Hits Deer

A car driven by Gene A. Frederickson, 24, Waupaca, hit a deer about 7 p.m. Sunday on U.S. 10 in Sheridan. Frederickson was driving west and the deer came out of the north into the path of the car.

Three cars were damaged about 4:45 p.m. Wednesday on U.S. 45 one mile south of Marion. Sgt. Lyle McCully said a car driven by St. Patricia Swiderski, 43, Milwaukee, was going south and went into the west shoulder and swung across the highway into the lane of a car driven by Mercedes W. Van Der Veen, 39, route 2, Elk Horn. The Van Der Veen car struck the Swiderski car. A car driven by Wesley H. Stahmer, 52, streets. Specifically noted were Menomonee Falls, going north, Factory Street from Mill to Lincoln, collided with the Swiderski car on streets, Lincoln Street from a car driven by Harold J. Factory to Wisconsin streets and Depot Schultz, 21, 1323 Hazel St., Oshkosh, struck a power pole off streets.

County W. 1.5 miles north of Readfield, about 5:30 p.m. Thursday. The car was going north, take heavy truck traffic off the city's newly improved residential street. Tryman noted that the west ditch, the driver told police, city's improved street program

Christmas Party Plans

NAVARINO — An adult Christmas party will be held Sunday at St. Lawrence Catholic Church. In charge of arrangements are Mrs. Leo Jaskolski, Delbert Eisch, Phillip Schwab and Ray Olsewski.

Three Members of the Senior Methodist Youth Fellowship of the First Methodist Church, Waupaca, volunteered to clean the homecoming scarred windows of the abandoned Delevan Hotel on Main Street. The windows were soaped during the homecoming celebration Oct. 5. From left, Carla Petersen, Nancy Manny and Deidra Peterson. (Post-Crescent Photo)

10 Give Testimony At Trial of Iranian

County May Buy CD Generator

Outagamie Head Will Ask Aid for Warning Systems

Preparations have been completed and project applications for matching federal funds for the civil defense warning system and communications center will be made Friday, Lee Penney, county civil defense director told the Civil Defense Committee Monday at a courthouse meeting.

Penney explained that M. C. Gourlie of the State Bureau of Civil Defense will help prepare the applications Friday.

The committee authorized Penney to complete forms requesting matching federal funds for a 10 kilowatt generator for the county communications center.

Penney explained to the committee that a 10 kilowatt generator has been offered to the county at "less than half of list price" from the Miller Electric Manufacturing Co., Appleton.

Penney also advised the committee, composed of city and county officials, that licenses and letters concerning necessary storage space for public fallout shelters have been mailed to building owners. He said he must now wait for approval from the building owners.

The committee authorized Maurice Meade of Appleton, communications and warning officer, to visit several state communities in order to inspect their communications centers.

New London Firemen Called to Tractor Fire at Curtis Co.

NEW LONDON — Firemen were called to put out a fire in a tractor behind the Curtis Co. plant at about 3:40 p. m. Tuesday.

The fire was quickly brought under control by the volunteer department.

Holy Name Meeting

GREENVILLE — The Holy Name societies of St. Mary parish and St. Patrick parish will have a meeting at 8:15 p.m. Thursday at the St. Mary and St. Patrick school hall.

New Seymour Law Re-Routes Trucks

Law Is Designed to Protect New Residential Street Improvements

SEYMOUR — A new ordinance had been achieved at considerable expense and needed to be protected for trucks over 6,000 pounds gross weight was passed by the city council Monday night.

Designated as truck routes were all of Main, Pearl, Elizabeth, Morrow, Depot and Wisconsin streets. Specifically noted were Menomonee Falls, going north, Factory Street from Mill to Lincoln, collided with the Swiderski car on streets, Lincoln Street from a car driven by Harold J. Factory to Wisconsin streets and Depot Schultz, 21, 1323 Hazel St., Oshkosh, struck a power pole off streets.

County W. 1.5 miles north of Readfield, about 5:30 p.m. Thursday. The car was going north, take heavy truck traffic off the city's newly improved residential street. Tryman noted that the west ditch, the driver told police, city's improved street program

State Rests Case, Defense To Question Witnesses in Behalf of Stevens Point Student

BY DICK MC DANIEL
Post-Crescent Staff Writer

STEVENS POINT — Ten prosecution witnesses testified Tuesday before the state rested its case in the first degree murder trial against Majid Amini Poutard, 27, Tehran, Iran, in the May 18 death of Albert Dombrowski, 28, Town of Amherst.

"Fred Amini," as the defendant is known and referred to by many of the witnesses, has pleaded innocent by reason of insanity.

The defense witnesses, according to Atty. Byron Crowns, Wisconsin Rapids, will appear today. The summations may be presented by Thursday afternoon. It was predicted Monday the case would go to the jury sometime Friday.

Incidents surrounding Dombrowski's fatal injury, a neck wound, and events leading to it were presented from eight different perspectives, each present in Morey's Bar, a beer bar in the Town of Hall where the Amherst man was injured.

Three of the state's witnesses, Jerome Morey, 33, owner and operator of the tavern, Richard Kalkowski, 20, Stevens Point, and his girl friend, Mary Jean O'Keefe, 19, Stevens Point, claimed they saw the fatal blow struck. They said they saw Amini strike Dombrowski in the neck with a broken beer glass.

Medical Doctors

The other two state witnesses were medical doctors who in a case of Dr. Frank Iher, Stevens Point, told what was done in an attempt to save Dombrowski's life at St. Michael Hospital, and Dr. Henry T. Grinsvalsky, a Stevens Point pathologist, who performed the autopsy.

Almost all of the eight witnesses present at Morey's Bar Amini "take a swing" at Dombrowski. He said he saw Dombrowski "swing with a left and sort of a tussle, blows were struck" and the tavern was dimly lit. The operator was turning out the lights because the crowd, estimated between 30 and 40 people, was becoming unruly.

Morey admitted he was turning out the lights because the crowd was becoming unruly "like it did about a year ago," indicating there has been disturbances before at the patron.

Some of his patrons were breaking glasses and his main interest was to disperse the crowd, he said.

Charles Olson, 21, Amherst, first witness called Tuesday morning, was involved in the original tussle with Amini, which was broken up by Dombrowski.

Olson said he and Miss Betty

Charles Olson, 21, Amherst, first witness called Tuesday morning, was involved in the original tussle with Amini, which was broken up by Dombrowski.

Olson said he and Miss Betty

Planner Speaks To New London Rotary Members

NEW LONDON—William Frieburger, a member of the city planning commission, was introduced as the guest speaker by Otis Ziebur at the Rotary Club meeting Monday.

Frieburger spoke about the city planning that is being done by the city of New London. He explained the agreement between the planning commission and association of architects in this type of work.

Merlin Bunner, executive assistant at McGraw-Edison plant, the U.S. Post Office and return was introduced as the newest Rotary member in regard to parking.

Signs designating the truck route will be erected. The ordinance goes into effect 30 days after publication.

Mayor Tryman suggested the police department make a study of traffic on Wisconsin Street near the U.S. Post Office and return was introduced as the newest Rotary member in regard to parking.

New London School Board Settles District's Finances

NEW LONDON — An informal meeting with the Stanley Landing School District for settling finances was held by the board of education Tuesday night.

The district still operates an eight grade school, but about 5 1/2 per cent of the equalized valuation of the district was attached to the New London School District and the assets and liabilities must be apportioned. Figures presented by the town clerk and the school attorney differed slightly in the valuation of the portion don't have that was attached to the New London district. The attorney had a certified amount shown, but he said that he would check and verify the exact figures. The clerk said it was possible her figures might not be correct.

The boards decided that the school building and site would not be included as assets of the district and that just the cash balance as of July 1 would be counted as assets. The Stanley Landing school district board did not have the exact figures, but estimated, attorney differed slightly in the valuation of the portion don't have that was attached to the New London district. The attorney had a certified amount shown, but he said that he would check and verify the exact figures. The clerk said it was possible her figures might not be correct.

Fox Cities Leaders Urge Stroebe's Island Purchase

Officials Say Property Will be Subdivided if Park Isn't Built

Mayors of Appleton, Neenah and Menasha and other government and community leaders have asked the Fox Valley Regional Planning Commission to organize a committee to take immediate action toward purchase of Stroebe's Island as a public park.

The request, submitted to C. W. Wood, chairman of the planning group, asked for "immediate initiative to establish a Stroebe's Island Park," and to "use its leadership to cause the creation of a committee of officials and citizens to determine how the park may be established."

The request was signed by Neenah Mayor Carl E. Loehning, Menasha Mayor John L. Klein, Appleton Mayor Clarence A. Mitchell, plus Amos D. Page, chairman of the Town of Menasha; L. O. Cooke, chairman of the Town of Appleton; and George E. Johnson, chairman of the Fox Valley Regional Planning Commission.

Supreme Court Upholds Ruling In Calumet Case

Brown County Kept As Co-Defendant in Auto Damage Suit

CHILTON — The State Supreme Court has upheld a ruling by Circuit Judge H. F. Arps establishing Brown County as a co-defendant with Calumet County in a pending damage suit stemming from an auto accident on a road dividing the two counties.

Brown County unsuccessfully sought to escape liability in the case claiming that it had not been served the 30-day notice of injury by the plaintiff required in suits against municipalities. The original attempt came in a motion for summary judgment of dismissal of Calumet County's cross complaint that interpleaded Brown County as a defendant. This was denied by Judge Arps and the unsuccessful supreme court appeal resulted.

The series of legal maneuvers began Dec. 11, 1959, when Peter Geiger, route 1, Brillion, filed suit against Calumet County for \$5,000. The suit developed out of an accident Aug. 24, 1959, on County Trunk W. 11 divides Calumet and Brown Counties. Geiger claimed his car hit a hole in the road and he lost control of his vehicle and smashed into a bridge abutment. He was injured.

Also interpleaded as a defendant by Calumet County was the William Winkler and Son Co., a gravel crushing and trucking firm that allegedly serviced the road.

The case to determine liability has not yet reached the lower court.

Reedsville '5' Wins, 80-58, Over Mishicot

REEDSVILLE — Reedsville High School opened its basketball season on a successful note Tuesday night by rolling to an 80-58 victory over Mishicot.

Junior center Gene Klahn dropped in 14 field goals and a pair of free throws to lead the Panthers with 30 points. Jim Eis, of Mishicot, dropped in 11 buckets and seven charity tosses for 20 markers.

Reedsville jumped off to a 19-6 first period lead and was never headed.

Incumbents Unseated In Farm Bureau Vote

MADISON (AP) — Voting delegates at the annual meeting of the Wisconsin Farm Bureau unseated all incumbent directors seeking re-election.

Russell O'Harrow, Oconto Falls, was chosen to replace Ralph Crawford, Oconto; John Wuethrich, Greenwood, was elected over Raymond Rehwick, Marquette; and Herbert Turner, Hamden, replaced Clifford Bass, Dallas.

Specifically, the plan recommends Stroebe's Island as one of three proposed district parks. The request to Wood stated, "The Regional Planning Commission has as members the several municipalities which would benefit from the creation of a Stroebe's Island Park. Together these municipalities have the resources and means to acquire the property."

Grants Might — "It has been further indicated that federal or state open space grants might be made available through inter-community cooperative effort, but imminent action will be necessary if the site is to be preserved."

"But," the request stated, "except for the public spiritedness of the owners, who have temporarily delayed subdividing pending public action, it would be already gone."

The officials said in the letter to Wood that they "recognize that the commission's strength is in coordination, but that it cannot acquire property."

"We suggest, however," they concluded, "that the commission use its leadership to cause the creation of an ad hoc committee of officials and citizens to determine how the park may be established through the cooperation of the benefiting municipalities and to effect its acquisition."

Previously Page had requested both the state and Winnebago County to purchase the land for a park site.

Roman Koenigs, supervisor of state parks and forests, inspected the Stroebe's Island site. He informed Page that, although it was an attractive piece of property, it was too close to the High Cliff State Park.

Only One Bobcat Shot This Year by Hunters

WAUPACA — Robert Grenhe, route 1, Scandinavia, was the only area hunter to report shooting a bobcat during the recent deer hunting season.

Although there were reports of bobcats in the Ogdensburg area last year, Grenhe's 30-pound, four-foot long bobcat was the only reported kill this year.

Stockbridge Quint Beats Casco, 59-43

STOCKBRIDGE — Stockbridge High School took an early lead and went on to a 59-43 basketball victory over Casco here Tuesday night.

The Schoen brothers, Tom and Gib, paced the winners' attack both offensively and defensively. Tom, only a sophomore, tallied 18 points and led all rebounders. Gib put in 14 points and also played well under the boards and defensively.

Stockbridge zoomed to an 18-6 advantage in the first eight minutes of play and held a 34-16 lead at halftime. The Indians shot at a 41 per cent clip.

Building Commission Approves College Dormitories for 2,262

New Unit at Oshkosh State College Would House 500, Cost \$1.5 Million

MADISON (AP) — The State Building Commission gave its approval to the construction of dormitories that will house a total of 2,262 additional students on state college campuses at La Crosse, Oshkosh, Platteville, Stevens Point and Whitewater. The total estimated cost of the dormitory program is \$6.8 million. The money will be borrowed by the commission and repaid by student fees.

The largest project in the package calls for construction of a 600-bed dormitory at Stevens Point at a cost of \$1.8 million. Oshkosh and Whitewater will get \$1.5 million units accommodating 500 students each. A 416-bed dormitory will be built at La Crosse for \$1.2 million, and a 246-bed unit at Platteville for \$750,000.

All the new housing is for single students. Eugene R. McPhee, director of state colleges, said the additional facilities will give the nine-school system housing for 11,630 students.

In other action, the commission gave final approval to the planned

construction of \$6.3 million in new dormitories on the southeast campus of the University of Wisconsin. Funds will come from the University Building Corp. and be replaced by student fees.

The commission also told the university to proceed with plans for the construction of a \$1.5 zoology building and a \$1.4 million veterinary science building.

Tourist Attraction Christened Twice

STONE MOUNTAIN, Ga. (AP) — Georgia's newest tourist attraction, the Stone Mountain skylift, has been dedicated with a splash of wine and soft drink.

Designed and built by Swiss engineers, the 2,600-foot skylift to the top of Stone Mountain was dedicated Tuesday by Dr. August R. Lindt, Swiss ambassador to the United States, and Gov. Ernest Vandiver.

Lindt christened the first 50-passenger cable car with a bottle of Georgia-produced soft drink. Vandiver used a bottle of Swiss wine to christen the second cable

KC Net Sales Show Hike

Net Earnings Drop For Quarter Ended Oct. 31

NEENAH — Kimberly - Clark Corp. reported Tuesday that net sales for the quarter ended October 31 were \$145,576,882, as against \$136,081,017 for the same quarter in 1961 while current net earnings were \$8,961,613, or \$12,807 less than earnings of \$9,004,420 for last year.

For the first six months of its fiscal year, sales were \$272,654,114, as compared with \$255,075,471 for 1961. Earnings were \$15,313,755, or \$396,965 more than earnings of \$14,916,790 for the six months ended October 31, 1961.

Per share earnings for the current quarter were 8 cents on the basis of 10,243,490 shares outstanding, as against 91 cents last year. For six months, earnings per share were \$1.50, compared with \$1.51 a year ago.

New London Yule Shopping Hours Set

NEW LONDON — The Christmas shopping hours in the city will begin with Santa and his Reindeer making a trip through the city and to the schools, it was announced by Harry Emans, executive secretary of the Chamber of Commerce.

Santa will arrive in New London on the afternoon of Dec. 5 and tentative plans call for a visit to the lower grades of the school, plus trips through the shopping area of the city.

Santa and his reindeer, which will be about 42 feet in length and will be headed by Rudolph the red-nosed reindeer, is being sponsored by the Chamber of Commerce as a part of the Christmas shopping promotion within the city.

The route and exact time of Santa's arrival will be announced at a later date, Emans said.

The Christmas shopping hours for the city are Dec. 5 and Dec. 7; Dec. 12 and Dec. 16 and every night the week of Dec. 17 through Dec. 22 until 9 p. m.

Scouts Celebrate 2nd Anniversary

BLACK CREEK — Boy Scout Troop 100 celebrated its second anniversary Saturday night at Black Creek Community Hall. The following Tenderfoot members were inducted by Richard Herrema: Bruce Daelke, Michael Braun, Michael Miller, James Stevenson and James Stutzman. Star Scout awards were presented to Richard Jockman and Michael Wilson. First Class Award to Douglas Dudek, and Second Class to Ronald Sperberg.

Homemakers Meet In Sugar Bush Home

SUGAR BUSH — The Sugar Bush Homemakers Club met at the home of Mrs. George Stoehr recently. Mrs. Arnold Krueger was hostess and project leaders were Mrs. Stoehr and Mrs. Vernon Thomas.

The club will meet at the home of Mrs. Arnold Tennie for a potluck Christmas dinner party Dec. 5.

Visit Leeman

LEEMAN — Mr. and Mrs. Gerald Gomm, Chicago, spent the past week at the home of his sister, Mrs. Mearl Allen. They also visited relatives in Leeman, Nichols and Navarino.

The Outagamie County Council of the American Legion Auxiliary had its monthly meeting at Shiocton. Mrs. Joseph Plain, Oconto Falls, left, was the guest. She showed slides on a recent trip to the Holy Land. She is showing one of the native head dresses she acquired on the trip. Officers of the county council, from left, are Mrs. Howard Thompson, secretary-treasurer, Mrs. Earl Burton, unit president, Mrs. Paul Winterfeldt, county president, Mrs. R. J. Tesch, Ninth District president, and Mrs. Allen Gunderson, department president. All of the Women are from Shiocton except Mrs. Tesch, who is from Black Creek. (Post-Crescent Photo)

Clintonville Valpo Guild Honors Mrs. George Rock

CLINTONVILLE—Mrs. George program chairman and was as Rock, president of the Valpo Guild, was honored Monday night and Mrs. Otto Eberhardt, Mrs. at the Guild's meeting at the St. Al Lutz gave a reading before Martin Lutheran Church parlors, presenting a gift from the Guild to Mrs. Rock. The group then sang a number of songs in honor of Mrs. Rock.

Mrs. Bernard Knapp was the

Pat Nennig Bowls 520 Honor Set at Chilton

CHILTON — Pat Nennig swept individual honors Monday night in the Women's Major League at Pla-Mor Lanes.

Bowling for Norsemen, she had games of 205 and 201 enroute to a 522 series.

Hotel Chilton took team game honors with an 804 and State Bank had the top team effort, 231.

Society Meeting

NICHOLS — The Ladies Aid Society of United Church of Christ, will have a meeting at the church parlors Dec. 4. A public supper at 5 p.m. will follow.

Chilton Church Sets Yule Party

CHILTON—The Christian Mothers and Altar Society of St. Augustine congregation has scheduled its Christmas party for 8 p.m., Dec. 5.

Members have been asked to bring a wrapped gift which will be sent to the St. Joseph Orphanage, Green Bay. These gifts, which will not be opened locally, should be labeled on the outside if they are to be given to a boy or girl and the approximate age of the child suited to the gift.

A gift handkerchief exchange has been planned. Each member is to bring a handkerchief enclosed in a card to be given out at the party.

A musical program and games round out the entertainment.

Hostesses will be Mrs. Marshall Hephner, Sr., Mrs. Marshall Hephner Jr., Mrs. Jay Hephner, Mrs. Robert Graney, Mrs. Irene and Winifred Flatley, Mrs. F. J. Flanagan and Mrs. Florian Lewandowski.

100% VIRGIN WOOL

Ford ideas so contagious they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is

Ford's full twice-a-year or 6,000-mile maintenance* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer today!

Here's America's most contagious roofline as seen on the 1963 Ford Galaxie 500/XL

America's liveliest, most care-free cars!

NEW LONDON — A record tax rate of \$51.91 was set for four of the five wards of the city at a special meeting of the council Tuesday night. This is the rate for residents of Waupaca County. The rate in the Outagamie County ward will be \$47 per \$1,000 assessed valuation.

The rate was increased 13 cents by the council from the tentative rate announced at the public hearing Monday night. The slight increase was due to vocational and handicapped education costs in the city budget and for transportation in the school rate.

School Rate

The school rate in both counties is \$25.74 compared with \$21.65 last year. The city budget has increased 71 cents. In Waupaca County there were slight drops in both the county and state taxes. In the Outagamie County portion will receive a refund of the city the county taxes in \$3.44.

Chicago Woman Visits Home in Sugar Bush

SUGAR BUSH — Mrs. Freida Whelstone, Chicago, was a visitor the past week at the Frank Finger home.

Miss Renota Leslie returned Sunday evening from a 10-day vacation at the Gale Leslie home in Washington, D. C.

The Rev. and Mrs. Wilfred Griesser and daughter Judy, left Friday from Chicago for the Philippine Islands. The Rev. Griesser will go to school in Manila for the next six months after which they will have a position as missionaries to the Philippine people for five years.

Mr. and Mrs. Ted Ruckdashel are visiting at the Everett Oakes home in Algonquin, Ill.

increased and the state taxes decreased a fraction of a cent.

The actual taxes paid in Waupaca County will be lower than last year even though the tax rates have been increased, but the residents in the Outagamie county portion of the city will pay a higher rate per thousand valuation. With the refunds from the state department due to the sales tax, the Waupaca County rate will be \$46.21 per thousand assessed valuation and Outagamie residents of the city will pay a rate of \$44.56.

Waupaca County will receive a refund of \$5.70 per thousand assessed valuation and Outagamie County there will receive a refund of the city the county taxes in \$3.44.

Pumpkin and Apple Pies Were Made by the kindergarten pupils of Dellwood School. The children were assisted by several mothers and Mrs. Cliff Rafoth, kindergarten teacher. At work on a pie crust are, from left, Robert Kasson, Beth Ann Rohrer, Michael Mayek, Barbara Buchholtz, Larry Schwartz, Johnnie Nein and Johnnie Kersten. Mrs. John Nein is the mother who assisted this group. (Laib Photo)

Jayvee Cheerleaders Picked at Hilbert

HILBERT — The junior varsity cheerleaders at Hilbert High School have been selected.

Co-captains are Sharon Sutter and Sandra Roehrig. Also selected for the jayvee unit were Georganna Richart and Karen Prouess. Members of the faculty and the student body chose the girls.

Couple Visiting

MEDINA — Mr. and Mrs. Arlyn Baehman are visiting the home of Dr. and Mrs. James Cone, Fairmont, Minn.

Circle Groups Plan Meetings

NAVARINO — Circles of Ascension from St. John Jerusalem Lutheran congregations will meet Wednesday. Hannah, Sarah and Naomi Circles will meet at 2 p.m. with Mmes. Arthur Luiches, Melvin Prestrud and Theodore Christianson, respectively, as hostesses. Lydia and Ruth Circles will meet at 8 p.m. with Mrs. Lawrence Melvin Prestrud is accompanist.

Ladies Aid Society Has Meeting in Sugar Bush

SUGAR BUSH — Mmes. Leon Thoma and Walter Kalbus were hostesses at the Ladies Aid Society of Grace Lutheran Church meeting.

The ladies will have a Christmas party Dec. 20. Mmes. Walter Young, Heriman Wittke, Henry Breiting and George Hill will be hostesses.
